VOL. 117. ESTABLISHED JULY 29, 1786. NO. 46. PITTSBURGH, FRIDAY MORNING, SEPTEMBER 12, 1902.—FOURTEEN PAGES. ONE CENT A COPY.

NEWS SUMMARY

DOMESTIC.

The New Jersey vice chancellor reserved decision in the case of Hodge and others against the United States Steel Corporation.—Page 2.

Secretary Moody sent three more warships to the isthmus of Panama to protect transportation.—Page 7.

Laura Biggar has petitioned at Freehold, N. J., that the will of Henry M. Bennett be set aside, alleging that she is the Pittsburgh millionaire's lawful widow.—Page 5.

It is believed that four wealthy bribe-givers of St. Louis will be in custody within 48 hours.—Page 1.

A Baltimore story alleges that the Goulds and the Pennsylvania have reached an agreement that will prevent the Wabash from building east through Pennsylvania.—Page 1.

J. Pierpont Morgan will not interfere in anthracite miners' strike.—Page 1.

Beet sugar men are victorious in Utah Republican convention.—Page 2.

The Western Maryland railroad proposes an issue of $60,000,000 common stock.—Page 3.

FOREIGN.

Astounding Filipino lies at the bottom of Moro hostility to Americans.—Page 3.

PENNSYLVANIA.

Judge Pennypacker will deliver an address in Pittsburgh Friday, September 19.—Page 1.

LOCAL.

Controller John B. Larkin is making an effort to learn exact amount city will be behind at end of fiscal year, and is now going deep into estimates for supplies, furnished by directors, at his request.—Page 10.

The Westmoreland Republican conferees to the Twenty-second congressional district met in Pittsburgh yesterday and nominated Col. George F. Huff for congress. Congressman J. B. Showalter of Butler was not represented and will probably attack the validity of the Huff certificate of nomination.—Page 1.

North Side Citizens have found wholesale padding of the registry lists; will prosecute a number of assessors.—Page 4.

Twenty-five property owners along Diamond street have filed exceptions to the report of viewers, assessing benefits and damages for widening that thoroughfare, and will fight the matter in the courts.—Page 9.

The works of local composers were played by Sousa's band at the exposition yesterday.—Page 4.

The Hon. George A. Jenks of Brookville, former Democratic nominee for governor and solicitor general under President Cleveland, was taken ill on train and is now lying at Seventh avenue hotel.—Page 2.

LEGAL.

Creditors charge bankrupt with turning over $150,000 in property to be held in trust for his wife.—Page 14.

Italian who wanted citizenship papers told the court he shot a "nigger."—Page 14.

Court refused to charter a school of natural healing.—Page 14.

Garfield McIntyre convicted of murder in the second degree.—Page 14.

Attorney William M. Price alleges his client was approached to withdraw a suit against the police department. Ridicules its alleged effort to clean up the city and demands to be shown a single case on the dockets of criminal court.—Page 14.

Three-cornered legal fight for the possession of two babies in orphans' court involved father, mother and the Western Pennsylvania Humane society. Wealthy East End lady offered to take them and leave them her money when she dies.—Page 14.

Wife employed counsel to defend her husband and refused to prosecute him, although he had almost murdered her with a hatchet.—Page 14.

SPORTING.

The Pirates beat the Quakers twice and are nearing the century mark in victories.—Page 8.

Dan Patch again failed to reach the pacing record in his trial at Syracuse.—Page 8.

The Washington-Jefferson team is unable to secure grounds in this city and will play its games at home.—Page 8.

The winners at Sheepshead Bay: Unmasked, Rockwater, Scioto, Col. Bill, Capt. Gaston, Vincennes.—Page 8.

The Harlem winners: Vestry, Money Muss, Sidney C. Love, Corrigan, Barca and Ultrude.—Page 8.

FINANCIAL.

Wheat ruled high with corn and oats advanced in the Chicago market.—Page 11.

Rumors that Charles M. Schwab had sold his Steel Corporation holdings and would resign the presidency are authoritatively pronounced absurd.—Page 12.

The St. Paul railroad directors caused active trading in Wall street by placing common stock on a 7 per cent basis.—Page 12.

Pittsburgh bank exchanges for yesterday were almost $3,300,000 larger than for the same day last year.—Page 13.

The market on the Pittsburgh stock exchange yesterday was quite active and generally firmer. Banking issues were features.—Page 13.

CITY COUNCIL ENJOINED.

Granting of Franchise Results in Court Proceedings.

ASHTABULA, O., Sept. 11.—Ouster proceedings and a suit of injunction against the Ashtabula city council have been begun in the circuit court. This comes as a result of the recent action of the council in granting a franchise to the Rapid Transit Company of this city. Judge Burrows has granted a restraining order preventing any further proceedings in the matter of the franchise.

The injunction proceedings are begun in the name of the state. The sheriff today served notification of the proceedings upon the members of the council.

BURGLAR SHOT DEAD.

Wheeling Officers Surprise Thieves at Panhandle Railroad.

WHEELING, W. VA., Sept. 11.—Officers surprised two burglars this morning as they had blown the safe in the Panhandle railroad office. A pistol fire was opened by the burglars and was returned by the officers.

One of the burglars was shot five times and died in a few minutes. His pal was captured. The men were both young and well dressed. The dying burglar refused to tell anything and the man who was captured was equally reticent.

TODAY'S AMUSEMENTS.

ALVIN—Primrose & Dockstader's Minstrels, 8:15 p. m.
NEW GRAND—Nat C. Goodwin & Co. in "Barbara Frietchie," 2:15 and 8:15 p. m.
BIJOU—"The White Slave," 8:15 p. m.
EMPIRE—"A Hot Scotch Major," 8:15 p. m.
ACADEMY—"The Tiger Lilies," burlesque and vaudeville, 2:15 and 8:15 p. m.
PITTSBURGH EXPOSITION—Sousa's band in concerts afternoon and evening.

PITTSBURGH WILL GREET PENNYPACKER

The Judge Is Announced to Talk in This City on September 19.

AN ITINERARY OF LONG JUMPS

Friends of the Governor Say He Is Determined to Call an Extra Session.

FIRST UMPIRE NAMED UNDER NEW RULES

By CHESTER D. POTTER,
Staff Correspondent.

Philadelphia, Pa., Sept. 11.—Judge Pennypacker will address the voters of Pittsburgh on Friday, September 19. This announcement was made tonight by Secretary W. R. Andrews of the Republican state committee.

City Chairman J. O. Brown completed the arrangements and asked Chairman Quay to assign the speakers. Ex-Postmaster General Charles Emory Smith and Congressman Littlefield of Maine will accompany the gubernatorial candidate. Senator Penrose was invited, but previous engagements may prevent his appearance.

The preliminary itinerary of next week will be one of "long jumps." Leaving Philadelphia Monday night, Pennypacker, Penrose and Smith will speak at Center Hall, Center county, Tuesday. They will address the convention of the League of State Republican Clubs Thursday at Erie, going thence to Pittsburgh.

Senator Quay this morning had a brief conference with President George F. Baer, who is handling the strike matter for the operators. Col. Quay did not see P. A. B. Widener, and he requested The Gazette to say that he did not have any engagement to meet Widener.

Morgan's Position Unshaken.

Bluntly stated, the strike situation is not so favorable for a settlement as Senators Quay and Penrose would like to have it. The operators are standing firm on the ultimatum of J. Pierpont Morgan, given last night. They insist that the strikers shall return to work and then treat for concessions. So far, this attitude has been unshaken.

Friends of Gov. Stone say he is determined to call a special session of the legislature. As governor he has that power; that is all. He could not control a majority vote on any of the impracticable propositions he is said to have under consideration. Republican leaders have not been advised by Stone as to his intentions. They do not expect to be. If Stone decides that a special session would be helpful to himself and his friends in Allegheny county he will certainly issue the call. This is the opinion of prominent Republicans with whom I talked today.

Chairman Quay today received a letter from Senator Foraker of Ohio, who wrote that he would be happy to make two speeches in Pennsylvania about the middle of October.

Elbridge H. Duff, secretary of the University of Michigan "lecture" course, called upon Chairman Quay this afternoon and invited him to address the students at a date to be determined later. Mr. Quay could not say if he would accept.

First Umpire Under New Rules.

For the first time since the party rules were amended the state chairman today selected an umpire or referee to decide a deadlock. E. E. Jones of Susquehanna was appointed to pass finally upon the senatorial deadlock in the Wayne-Susquehanna district. Pratt and Reiffler are the candidates.

Chairman Quay also appointed additional conferees in the Warren-Venango senatorial district, J. R. Robertson of Venango and C. S. Norris of Warren being named. This is the district deadlocked by Senator Cumings and Gen. Willis J. Hulings. If the additional conferees fail to bring about a settlement within five days an umpire or referee will be named by the state chairman.

J. P. Cunningham, a prominent farmer and member of the grange of Believernon, Westmoreland county, and N. R. Miller, a member of the grange from Jenner, Somerset county, who are in the city today, both reported that the farmers of their localities are enthusiastically in favor of Pennypacker.

The Republican judicial primaries were held tonight, and at the convention tomorrow Norris S. Barratt will be nominated by acclamation to succeed Judge S. W. Pennypacker. Ex-District Attorney P. F. Rothermel, who was defeated on the fusion ticket for re-election last fall, will either preside at the convention or present Mr. Barratt's name.

HOURS OF BLANK.

Baer's Daughter Unable to Recall Her Late Runaway Accident.

LANCASTER, PA., Sept. 11.—(Special.)—Mrs. William N. Appel, daughter of President George F. Baer of the Philadelphia & Reading railroad, who was seriously injured in a runaway accident a week ago, has so far recovered that she was able to be removed from the hospital to her home today.

Mrs. Appel has no recollection of the accident, her mind being entirely blank from the time she ordered the team until she regained consciousness at the hospital. She does not even recall that Mrs. J. Stewart Walker, who was killed in the runaway, was driving with her that morning.

SPEED FOR PRESIDENT.

St. Paul Railroad to Show Roosevelt What It Can Do.

ST. PAUL, Sept. 11.—(Special.)—The St. Paul railroad plans to give President Roosevelt and his party a touch of fast running when the president's train is brought from Chicago to this city, on September 25.

The schedule announced for the occasion has been cut 15 minutes, but this schedule was fast mail time, which provides for a run from Chicago to this city in nine hours.

THE GOULDS AND PENNSY ALLEGED TO HAVE AGREED

One Stipulation Is Said to Be That the Wabash Won't Build East.

ONE B. & O. LINE TO BE UTILIZED

[SPECIAL TELEGRAM TO THE GAZETTE.]

Baltimore, Md., Sept. 11.—It was rumored in local financial circles today that the Goulds and Pennsylvania interests had arrived at an agreement. The arrangement, as reported, is that the proposed Gould trunk line out of Western Maryland is not to be interfered with, but that they must not build their line eastwardly through Pennsylvania, nor enter the community established for the maintenance of stable rates.

The concessions to be given the Goulds include, it is stated, a traffic agreement to use the Baltimore & Ohio between Cumberland and Cherry Run, thus rendering unnecessary the proposed paralleling of that line to connect the West Virginia Central with the Western Maryland. It is even said the traffic arrangement will be ultimately extended so as to give the Western Maryland the use of the Baltimore & Ohio between Pittsburgh and Cherry Run, and that the present line between these places will be shortened and double-tracked to accommodate the increased business.

This would stop another projected paralleling of the Baltimore & Ohio. The Reading is also drawn into this scheme of harmony, and the report says this system will grant the Goulds traffic rights to Philadelphia and New York.

TO RAISE $1,000,000 FOR THE PHILIPPINES

J. Pierpont Morgan and Senator Hanna Interested in Manila Church Building.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Sept. 11.—J. Pierpont Morgan, Senator Hanna, George MacCulloch Miller of this city; James L. Houghteling of Chicago, William H. Crocker of San Francisco and Samuel Mather of Cleveland are the signers of a statement issued today asking for funds for the work of the Episcopal church in the Philippines. "It is important," says the statement, "that American Christianity should be in a position to carry on such work among the natives as will convince them of the benevolent intention of the people of the United States."

The sum named as sufficient to yield an adequate fixed income is $1,000,000, and Mr. Morgan's banking house will receive this sum, the signers agreeing to invest it and pay out the income.

It is announced that Bishop Brent is probably just arriving at Manila; that $100,000 is already in hand with which to build a cathedral in Manila; that a site has been secured and that George C. Thomas of Philadelphia has given $25,000 with which to provide buildings for parish work to be constructed in connection with the cathedral foundation.

Of the $1,000,000 needed about $75,000 is in sight exclusive of $148,000 in hand for buildings. It is said that Mr. Morgan gave the $100,000 to build the Manila cathedral.

GOV. NASH DISREGARDED.

New Royer Bill Passes Ohio Senate Without Chief Executive's Amendment.

COLUMBUS, O., Sept. 11.—The senate this morning passed the Royer bill, introduced at the beginning of the special session to correct the Royer act passed last winter at the regular session, the effect of which was to deprive the supreme court of jurisdiction over $5 per cent of the former business, while it was the author's intention to widen the scope of its jurisdiction by removing the $300 property limitation. The bill passed today removes the property limitation.

An amendment to restore the $300 limitation, or rather restore the law as it existed before the mistake of last winter was made, was offered by Senator Hose, but was voted down.

The action taken by the senate was contrary to the wishes of Gov. Nash, who wanted the $300 property limitation retained. If the house makes this bill a law all cases, without regard to the amount involved, can be taken to the supreme court on error. The code bill was not considered.

COLONEL HUFF IS NOMINATED FOR CONGRESS

Is Named by the Eight Westmoreland Republican Conferees.

SHOWALTER WAS NOT REPRESENTED

Butler Man Holds That Rules Are Invalid and Refuses to Recognize Them.

DAUPHIN COURTS WILL LIKELY BE APPEALED TO

Col. George F. Huff of Greensburg was nominated for congress yesterday at a meeting of the Westmoreland Republican conference of the Twenty-second district, held at the Hotel Duquesne. Congressman J. B. Showalter of Butler was not represented in the conference and it is probable that he will appeal to the Dauphin county court to have the nomination of Col. Huff set aside.

The meeting yesterday was called by State Chairman Quay by authority vested in him by the district rules. Notice was served on the two candidates to be present with their conferees. Congressman Showalter paid no attention to the call, as he holds that the district is without rules. Col. Huff came to town with his eight delegates. He was also accompanied by a number of the leading Republicans of Westmoreland. The hour of the meeting was fixed for 2 o'clock. Reasonable time was given Showalter to appear before the conference was organized.

Huff Is Nominated.

The conference was organized by the election of W. C. Peoples as chairman and Maj. E. B. McCormick and Dr. R. B. Hammer as secretaries. The president read the rules that the Westmoreland men claim govern the district. He also read the call of Chairman Quay for the meeting. The official vote for president in Westmoreland and Butler at the last election was produced, and this showed that under the Pittsburgh rule Westmoreland is entitled to eight conferees and Butler three.

The roll call officially developed the fact that Butler was not represented. These conferees from Westmoreland answered to their names: W. C. Peoples, Maj. E. B. McCormick, Dr. R. B. Hammer, H. F. Borard, B. C. Ogden, John M. Jamison, J. N. Boucher and R. A. Rankin.

There was no word from Showalter, either written or verbal. Nominations were called for, and the name of Col. Huff was presented. He received the eight votes of his county. Chairman Peoples declared him the nominee of the district, as he had received a majority of the authorized membership. A certificate of nomination was prepared and signed by the proper officials. It will be forwarded to Harrisburg today.

Col. Huff Makes a Statement.

Col. Huff was invited in to make an address. He simply thanked the conference for his nomination. In reply to a request for his opinion of the situation in the district, he said:

"I am very sorry that Dr. Showalter takes a revolutionary view of this matter. Westmoreland county is much in earnest and directed her representatives to insist upon a nomination in accordance with the very fair and honorable adjustment made by the committees from both counties in session recently in Pittsburgh. This rule gives equal representation and puts the control of congressional nominations in the hands of the people as nearly as can be expected by a direct vote. It also removes the possibility of the unseemly and sometimes disgraceful scramble which often attends a nomination under the old system of an equal number of delegates from each county.

"I have met incidentally many representative citizens from Butler county at various times since the adoption of the Pittsburgh rule. All agree to its fairness and some of them referred with gratification to the work of the joint committee

Col. George F. Huff.

A Rousing Blowout on the Bills.

INSOLENCE OF GRAFTER ANGERS SUPT. M'ALEESE

Prominent Politician Almost Thrown Out of Safety Palace.

SPEAKEASY MUST GO, IS THE ULTIMATUM

"These speakeasies and disorderly houses must close and remain closed. The members of the graft syndicate and councilmen have interfered too far in this matter. I am tired of it and will not brook interference any longer."

Thus Police Supt. McAleese pronounced the doom of the graft syndicate yesterday afternoon. The superintendent has been cajoled, threatened and bulldozed by machine politicians until, when one visitor yesterday threatened to resort to extreme means to force the discontinuance of the crusade against these resorts, the police official said, "Get out, before I throw you out."

It is only a few weeks since The Gazette announced that Recorder Brown had given Superintendent McAleese a free hand in the conduct of his bureau and guaranteed that his administration would not be interfered with. Assured of this the superintendent set himself to the task of cleaning out the speakeasies and disorderly resorts that exist in every part of the city.

McAleese Is Aroused.

Despite the recorder's word, Superintendent McAleese has been obliged to stand up against all sorts of pressure. The graft syndicate, which has established and conducts these establishments, seems to have the greater part of the machine administration under its thumb and the police bureau has been besieged by councilmen, denouncing the "crusade" and threatening dire things unless McAleese ceased to "persecute" their "tenants."

"Affairs culminated today," said the angry superintendent yesterday afternoon. "A prominent machine politician came into my office and demanded that I stop my effort to wipe out speakeasies and disorderly houses. He told me he had appealed to Recorder Brown and that the latter was not disposed to sustain me. He said these people were his tenants, and he did not want them interfered with.

"All this I stood, but when he threatened to have revenge on me for doing my duty to the people of this city, I ordered him out of my office, and he went, because I told him that in a few seconds he might go out of the window instead of the door."

Recorder Upholds Him.

Enraged at the arbitrary demands of this man and other politicians who are members of the graft syndicate, Superintendent McAleese marched over to city hall and had a conference with Recorder Brown. The recorder was almost as angry as the superintendent when he heard of the assertion that he would not support his police manager.

"John," said the recorder, "you are your own boss, and you take orders from nobody."

Fortified by this assurance, the superintendent returned to his own bailiwick, and the next man who comes to plead for some favored resort of the graft syndicate is likely to meet with the warmest kind of a reception.

Superintendent McAleese was angry yesterday. Many times, he has allowed offenders of this class to be discharged without fines, because of the plea of some councilman, interested in the places, and upon the direct assurance that they would not reopen. In most instances it was but a short time until they were opened and investigation showed that they were running at the instance of the councilman who had got them off.

Prison Is Before Them.

They were promptly closed again, and the proprietors, or rather managers, appointed by the graft syndicate, will not get off again, even with heavy fines. They will go to court and face the term of imprisonment specified by law. It is this that aroused the rage of the graft syndicate to such an extent that its members have been calling on the police superintendent and threatening him with removal and countless other penalties if he does not stop prosecuting their "tenants."

On Sunday morning, when many of the

AN EAST END HOME RANSACKED WHILE FAMILY IS ABSENT

The Robbery Was Discovered by a Mail Carrier Yesterday.

EXTENT OF LOSS UNKNOWN

The East End home of J. O. Freeman, manager of the American Sewer Pipe Company, was entered by burglars, supposedly on Wednesday night or early Thursday morning, and thoroughly ransacked in the two upper stories. Mr. Freeman and his wife are out of the city and therefore nobody can tell whether the burglars made a good haul or not. Miss Grace Freeman, Mr. Freeman's sister, yesterday found some money of her own that the burglars did not succeed in getting away with. Some silverware, she told the police, is missing, but it is possible that her sister-in-law put it in a safe place.

The Freeman house is No. 6812 McPherson street, Mr. Freeman having moved into the house only last May. Yesterday a letter carrier had some mail for the house, and as he turned to go up the outside steps he found the front doors open. The family had been away for several days, he knew, but when he had rung the doorbell and received no answer he looked closer. Something about the inner door of the vestibule attracted his attention, and he then saw that several leaded glass panes had been take out. The letter carrier concluded that burglars had been in the house, and he notified the policeman on the beat. The policeman made an investigation and instantly informed his superiors that burglars had been at work. Police Captain Grant Smith and Detective Edward Barry went to the house.

The thieves had gained entrance by forcing the lock of the front door, had twisted out several small leaded panes in the inner door, reached in a hand and opened the door. Nothing had been disturbed in the parlor, but in the dining room the sideboard had been opened and the contents of the drawers dumped out on the table. On the second floor and in the finished attic all the bureaus were opened, the contents were lying about the floors, and mattresses had been pulled off the beds in the search for money and valuables.

OIL FIELD BURNING.

Famous Spindle Top District in Texas Is Threatened With Total Destruction.

BEAUMONT, TEX., Sept. 12.—The oil field is on fire, and, judging by the great volume of smoke which is flowing in from Spindle Top, there is grave danger that great loss will be sustained, if the field shall not be entirely destroyed.

The fire started early in the evening in some waste oil along the Texas & Sabine tracks and burned about 60 feet of trestle. This was got under control, and it was believed that all danger had passed, but in the meanwhile the fire in some way had been communicated to the field. Several huge settling tanks, containing thousands of barrels of petroleum, have already exploded and others are reported as being in the direct line of the fire, which has spread over a wide area already.

The ground is saturated with oil and there is no chance for stopping the progress of the flames tonight. The fire is spreading rapidly, and it is believed the whole field will be ignited before daylight.

A telephone message from Gladys, which is the station at the oil field, says the whole of the Keith-Ward tract, embracing several acres and containing a large number of wells, has been burned over, and it is believed that some of the wells have caught, though this is not as yet positively determined, as no one can approach to find out.

At 1 o'clock the big tanks belonging to the Higgins Company are burning. Runners have been sent out in every direction for the men who own them or represent the companies.

The telephone service is entirely inadequate to care for the scores of calls, and the streets are filled with people, thousands of them now on the way to the field.

There are 410 producing wells in the field, some of which are buried under earth to safeguard against fire.

BRIBE GIVERS TO SMART WITH BRIBE TAKERS

Four Are Likely to Be Taken in St. Louis Within 48 Hours.

RUSH TO TURN STATE'S EVIDENCE

[SPECIAL TELEGRAM TO THE GAZETTE.]

St. Louis, Sept. 11.—Within 48 hours at least two, and probably four, wealthy bribe givers will be under indictment charged with bribery in connection with the city lighting scandal, and probably will be under arrest. This statement is made by a court official who is close to Circuit Attorney Folk.

It is known tonight that ex-Speaker Kelly is still in St. Louis and will surrender or be arrested within a few hours. It is also known that Kratz is coming back from Mexico to tell all he knows of the boodle operations, just as Murrell did, and thus get even with the gang for their faithlessness toward those who were forced to flee. Said Mr. Folk tonight:

"Judgment day has arrived for all the boodlers in St. Louis. Within 48 hours we will have samples of every kind of boodler to show."

Ex-Delegate William Tamblyn returned today from Cleveland in the custody of an officer. Before being placed in a cell Tamblyn asked to see Mr. Folk. His intention was to tell all he knew about the doings of the combine in the house of delegates; but he finally decided not to say anything at this time, for the circuit attorney told Tamblyn that if he desired to make any statement he must do so voluntarily, without hope of clemency. Mr. Folk said he had all the evidence needed to convict the members of the house combine.

Circuit Attorney Folk said today almost every one of the indicted members of the house of delegates combine had offered to turn state's evidence, but he declined to accept more than two or three with a promise of clemency. Before J. K. Murrell's return and confession the members of the combine, Mr. Folk said, were so sure of their position that offers of the authorities to take care of the informers were spurned. Now the situation is different.

The grand jury held two sessions today. At each session several members of the council that passed the city lighting bill in 1899 were called on to tell what they knew of the transactions connected with the defeat and passage of such measures.

Mr. Folk said the grand jury will continue the investigation into the lighting scandal for several days.

Alfred Keyes was arrested tonight on complaint of Dr. Schuachardt, who charged Keyes with threatening to kill Circuit Attorney Folk. Keyes, when taken before Chief Desmond, admitted saying to Dr. Schuchardt that Charles Kratz, one of the missing combine men, was his friend, but denied that he made any allusion to Circuit Attorney Folk. Chief Desmond was convinced that Keyes meant no harm and permitted him to go.

FELL DEAD ON PIER.

W. F. Crouse of Pittsburgh Expires While Talking With a Friend.

ATLANTIC CITY, N. J., Sept. 11.—(Special.)—William Frank Crouse of No. 509 Sheridan avenue, Pittsburgh, fell dead tonight on the steel pier at 8 o'clock. Crouse came to the city a week ago with a party of the officers of the Westinghouse company, with which he was connected. His body was taken to the home of his niece, Mrs. Hipple, and will be shipped to Pittsburgh.

Mr. Crouse had an engagement on the pier to meet Samuel R. Fullerton of Pittsburgh. He waited in the entrance of the pier for some time before Mr. Fullerton met him, and the two walked inside of the pier. Crouse suddenly reeled and fell. He died before the ambulance got there.

Pittsburgh Woman Elected.

DETROIT, MICH., Sept. 11.—The American Society of Superintendents of Training Schools for Nurses closed its convention here today, after electing Miss Ida F. Giles of Pittsburgh, president. One of the new council members is Miss Martha Russell of Pittsburgh. Next year's convention will be held at Pittsburgh.

WILL BE NO INTERFERENCE BY MORGAN

Financier to Hold Aloof from the Anthracite Strike.

WILL NOT TREAT WITH MITCHELL

Ex-Mayor Hewitt Says Miners' President Is Not to Be Consulted.

GOV. STONE HEARS PEOPLE'S ALLIANCE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Sept. 11.—Abram S. Hewitt, former mayor of New York, gave out a statement today in which he said he knew positively that J. P. Morgan would not interfere in the coal strike. Mr. Hewitt also said that the operators would not agree to arbitrate with Mitchell, but that he believed they would consider grievances presented by their employes. Continuing, Mr. Hewitt said:

"I don't altogether blame Mr. Mitchell for bringing on this strike. Mr. Mitchell advised against the strike. When he called the convention at Shamokin he thought he would be able to control it and show what a big fellow he was. But those young fellows came in and wanted the strike and the convention got beyond Mitchell's control.

"Then he called the Indianapolis convention. He told the anthracite miners that he would ask the bituminous miners to go on a sympathetic strike. He did so, and they refused.

"Mr. Mitchell in public clamors for arbitration. But does he want arbitration? What Mr. Mitchell wants is recognition for himself. Mr. Mitchell is fighting for his very life, but there will be no recognition of Mr. Mitchell on the part of the operators and no arbitration between the operators and Mr. Mitchell.

Will Not Deal With Mitchell.

"It was Mr. Mitchell who destroyed the principle of arbitration in the coal fields. The operators are willing and ready to adjust any grievances by concessions or otherwise with their own employes; but they will have nothing to do with Mr. Mitchell. This is positive.

"When this strike was called the employes of the companies almost to a man owned their own homesteads. They were thrifty and respectable—as respectable people as you will meet anywhere. They had $800,000 in the savings banks. They never wanted to strike, but now they have to live on their savings and walk around with their hands in their pockets, against their will, simply because they do not dare to go back to work."

WILKESBARRE, PA., Sept. 11.—(Special.)—Mitchell continues to state that he does not know what proposition Gov. Stone intends to place before him at the conference in Harrisburg on Saturday. The belief here among operators and politicians is that the governor has no offer to make as coming from any of the operators. From information received today it is practically certain he has not, and that all he can do is to suggest that the strike be ended and promise his good offices toward effecting compulsory arbitration in the future.

Want Extra Session.

HARRISBURG, PA., Sept. 11.—The conference committee of the People's Alliance, appointed at their convention at Hazleton last Thursday, appeared before Gov. Stone this afternoon and submitted a plan for a settlement of the coal strike. Their plan consists of calling an extra session of the legislature to enact laws for compulsory arbitration, better control of foreign corporations doing business in Pennsylvania and enforcing the sixteenth and seventeenth articles of the constitution, which relate to private corporations.

Dan J. McCarthy of Hazleton said the alliance represented the business people of the hard coal districts, and that its purpose was to secure a settlement of the strike. The only hope of bringing about an end to the strike is an extra session of the legislature for the enactment of legislation that will end the present strike and prevent strikes in the future.

McCarthy argued that the present difficulty in the coal region comes through the gross mismanagement of the great coal corporations. None of these corporations, he said, pays a dividend, while the individual operators are all getting rich.

T. C. Parker of Wilkesbarre, said the conditions in the anthracite regions are horrible, in a commercial way, and that hundreds of people are being forced to leave that locality. The best residents are going away, leaving the region with a remnant of undesirable people.

Business Being Ruined.

William Welhelm of Potteville argued that if the legislation recommended by the alliance was enacted by a special session of the general assembly it would force the coal operators to settle the strike and improve the conditions in the anthracite regions. He submitted a copy of a bill which he had drafted, prohibiting persons under 21 years old from working in and about the mines for more than eight hours a day. The enactment of this bill into a law, he said, would prevent the crowding of the mines with undesirable workingmen. The governor said he was glad to hear from the alliance, and expressed his great gratification on hearing the various views of the speakers. He made no comment on their remarks.

PHILADELPHIA, Sept. 11.—Senator Quay called on President Baer of the Reading company today and remained in the latter's office about five minutes. Mr. Baer said the senator's visit had no significance, as he came to see him about a purely private matter. The anthracite mine workers' strike, he said, was not discussed. Senator Quay declined to talk.

A Receiver Appointed.

NEW YORK, Sept. 11.—(Special.)—Judge Bischoff of the supreme court has appointed Sol. Levi receiver of the assets of the Patterson Dry Goods Company, whose store is at Pittsburgh, Pa., on the application of Charles Simonson, who obtained a judgment against it for $118 on June 24.

BEET SUGAR MEN WON A VICTORY IN CONVENTION

Republican Platform of Utah Is Silent on Cuban Reciprocity.

ROOSEVELT NAMED FOR 1904.

Resolutions Approve His Policies With One Exception—Senator Beveridge Obliged to Postpone His Speech.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Ogden, Utah, Sept. 11.—United States Senator Beveridge of Indiana opened the Republican campaign in Utah tonight, speaking at the opera house before the delegates to the Republican state convention. The senator received close attention and was frequently applauded.

The convention nominated Joseph Howell for congress and Judge William McCartey for supreme court justice, and adopted a platform in which mention of Cuban reciprocity was omitted. On this point the beet sugar interests of the state won after a somewhat bitter and protracted debate in the committee on resolutions.

Friends of Congressman Sutherland, who was one of the Republican "insurgents" on the reciprocity question in the last session of congress, were determined that specific indorsement of the president's Cuban policy should have no place in the platform, and they prevailed. In this they were aided by the church people, who insisted that a compromise platform cordially indorsing President Roosevelt's administration be adopted by leaving out the direct reference to the proposed 20 per cent reduction. So strong was the feeling over this feature that had the original program as regards the order of business been carried out it is probable that an unpleasant incident would have ensued.

The program was changed last night to have Senator Beveridge speak at the close of the morning session today. When the beet sugar sympathizers heard of this they openly threatened to give him a hostile reception, believing it a plan to influence the convention in favor of a Cuban reciprocity plank, the result being that the program was again changed, Senator Beveridge speaking this evening. Then, with the platform adopted, the delegates more than made up for their refusal to hear him in the morning by greeting him with wild cheering.

An amendment to the platform offered by Congressman Sutherland declaring it to be the sense of the convention that "President Roosevelt be nominated for president in 1904 as his own successor," was carried with a cheer, the delegates standing in their seats and cheering for some time.

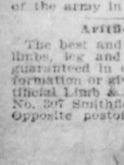
TROOPS AND DEPUTIES CLASH.

Soldiers Chased Mine Guards Into an Anthracite Colliery.

SHENANDOAH, PA., Sept. 11.—Several members of Company K of the Eighth regiment got into a row with the deputies at Indian Ridge colliery, this evening, and as a result of orders from Capt. Duffy several of the soldiers were placed in the guard house.

While the soldiers were passing the stockade this evening it is said they called the deputies "hobos" and other vile names and several of the latter followed them to camp and attempted to arrest them. Almost the entire company got after the deputies and chased them back to the colliery. Nearly all the members of Company K, which is from St. Clair, are strikers.

THE WEATHER.



Cloudy.

According to the forecast of the Washington weather bureau the fine weather of the past few days is at an end in this section for a time. The prediction is for cloudy condition and probably rain today and cooler atmosphere tomorrow. The temperature yesterday reached a maximum of 76 degrees by 4 o'clock in the afternoon. The minimum was 54 and occurred at 5 o'clock in the morning.

The Gazette weather service thermometers at Kaufmann's corner, at the following hours yesterday, registered:

12 noon..... 72 deg., 8 p. m..... 70 deg.
4 p. m..... 76 deg. 12 midnight.. 61 deg.

Time of sunrise today ..... 5:36 a. m.
Time of sunset today ..... 6:18 p. m.

Daily report for yesterday furnished by the United States weather bureau:

Time.	Bare.	Tem.	Hum.	Wind.	Weath.
7 a. m....	30.14	58	60	S. W.	Clear.

Gen. Miles Starts West.

WASHINGTON, D. C., Sept. 11.—Lieut.-Gen. Miles left here today for the west and will sail from San Francisco on the transport Thomas to the Philippines, where he will make a tour of inspection of the army in the islands.

Artificial Limbs etc.

The best and latest improved artificial limbs, leg and spine braces, etc., fully guaranteed in every way. Write for information or give us a call. National Artificial Limb & Brace Manufacturing Co., No. 207 Smithfield street, Pittsburgh, Pa. Opposite postoffice. CUT THIS OUT.

The Rev. S. B. Groves.

ASHTABULA, O., Sept. 11.—(Special.)—The Rev. S. B. Groves on Sunday tendered his resignation as pastor of the West Prospect street Presbyterian church of this city. Rev. Mr. Groves has done a great work here, and it is with regret that his congregation parts with him. In the erection of the church he assisted in the carpenter work and in laying the foundation. He blasted out of the fields near by nearly all of the stone which was put into the foundation. He is a graduate of Wooster university and has been a missionary to China.

GEORGE A. JENKS IS SERIOUSLY ILL

STRICKEN ON TRAIN ON HIS WAY TO THE WEST.

In Company With Daughter and Grandchild—Insisted They Continue Journey.

The Hon. George A. Jenks of Brookville, Pa., former Democratic nominee for governor of this state, solicitor general of the United States, and member of congress, is seriously ill at the Seventh Avenue hotel. Mr. Jenks left his Brookville home yesterday morning with his daughter and her child for a trip to the west.

Long before the train reached the Union station last night Mr. Jenks became very ill. He told his daughter he would get off and stay here over night. Mr. Jenks fainted twice in the lobby of the station. Dr. H. A. Miller, house physician of the Seventh Avenue hotel, hurried to the station and accompanied Mr. Jenks to the hotel. Dr. E. S. Montgomery was summoned and the physicians held a consultation. At 10 o'clock they stated that their patient was not dangerously ill. Dr. Miller says that the fainting spells were probably brought on by general debility incident to old age.

Mr. Jenks is nearly 70 years old. He insisted on his daughter and her child continuing the journey last night, which was done reluctantly. She will be notified in case of a serious change. Mr. Jenks, if well enough, will be taken home today or tomorrow.

George A. Jenks was a member of the forty-fourth congress, solicitor general under President Cleveland, Democratic candidate for governor against William A. Stone in 1898, and received the solid vote of Democrats in the legislature for United States senator during the long deadlock of 1899.

MUST HAVE COCK FIGHTS.

Cuban Congress to Be Asked to Annul Military Prohibition.

HAVANA, Sept. 11.—The provincial of Havana has approved a motion to ask congress to revoke the military order prohibiting cock-fighting, and to give the provincial councils throughout the island power to grant permits to allow cock fights on holidays and Sundays. A resolution was passed declaring that as the people do not have places of amusement it is an injustice that billiards, baseball and betting at games should be allowed in the cities while the country people are deprived of their favorite amusement.

A motion was introduced in the house of representatives today that the military order against cock-fighting be annulled.

WAR ON MAD DOGS.

Jeannette Curs Have Bitten Quite a Number of Citizens.

GREENSBURG, PA., Sept. 11.—(Special.)—The people of Jeannette are alarmed over the presence of several mad dogs, which have bitten several people.

Attorney James S. Kimmel was attacked by one of them and his right leg was terribly lacerated. John Franey also was bitten, as were several children. Chief of Police Frank Fitch and several citizens, armed with Winchesters, started out this morning and the slaughter of the dogs was kept up all day.

THE KING IN A KILT.

Pleases the Scotch by Attending Highland Games in Costume.

BRAEMAR (Aberdeenshire, Scotland), Sept. 11.—King Edward, wearing a kilt and with a thistle stuck in his Glengarry bonnet, attended the picturesque Braemar gathering today and watched the highland games, for which the place long has been famous.

With the king were many members of the royal family, including Queen Alexandra, the prince and princess of Wales, their children and the duke and duchess of Fife.

Stauffer Is in Disgrace.

J. N. Stauffer of No. 128 Washington street was arrested last night and taken to Central police station on a charge of disorderly conduct. Stauffer was expelled yesterday from the Tile Setters' union for having given the books of the organization into the custody of a colored woman who refused to return them. The member of the union were compelled to go to Supt. McAleese and secure his aid to get possession of them. Stauffer was secretary of the union.

Addressed by Pittsburgher.

CINCINNATI, O., Sept. 11.—The National Association of Master Bakers adjourned this afternoon to meet next year in Philadelphia. An address was made by Charles A. Ward of Pittsburgh. Robert B. Ward of Pittsburgh was elected a member of the executive committee.

Nominated for Congress.

NEW PHILADELPHIA, O., Sept. 11.—(Special.)—The Republicans of the Seventeenth congressional district today nominated W. P. Stevens of Uhrichsville for congress.

Big Donation for Miners.

WILKESBARRE, PA., Sept. 11.—President Mitchell tonight received a draft for $5,000 from the Welsh miners.

COLONEL HUFF IS NOMINATED FOR CONGRESS

Continued from First Page.

in its equitable treatment of the case. I hope that Dr. Showalter after mature reflection will acquiesce in what not only the good people of Westmoreland and Butler counties, but of Pennsylvania, believe to be in accordance with the highest aim of a democratic form of government —to give to the direct control of the electors as nearly as possible, the selection of their representatives in every branch of the public service."

Showalter Not Represented.

Showalter was not represented at the conference even by friends who were there to look on. Warren W. McCreary and Porter W. Lowry of Butler were here, but not in the interest of Showalter. They are favorable to the nomination of Col. Huff. Lowry was one of the Butler committeemen who made the district rule. He insists that it is valid and satisfactory to the Republicans of his county. Mr. Lowry claims that the only objection comes from Showalter and a few of his personal friends.

Mr. McCreary is authority for the statement that previous to the Pittsburgh meeting, Showalter visited each of the members of the Butler committee and urged them to come here and meet with Westmoreland representatives and endeavor to make a rule for this district. This, together with the fact that Showalter also came to the place of meeting that day, in the opinion of McCreary binds Showalter to recognize the rule adopted here.

Have Nothing to Say.

The Westmoreland men had nothing to say about this significant sentence which closed the call for the meeting by Chairman Quay: "I must add, however, that I doubt the legality of the agreement above referred to."

The agreement Quay writes of is the rule adopted in Pittsburgh. The Westmoreland men do not know just what to think of the utterance, but take comfort out of the fact that the state chairman recognized the rules in so much as the calling of yesterday's conference is concerned.

Showalter is expected to fight the certificate of nomination filed by Huff. It may be that he will call together the three conferees the Butler county committee authorized him to appoint and have them name him for congress. It is also probable that he will file nomination papers. This latter course will be followed by the friends of Col. Huff as a precautionary measure. This would place him on the ballot in the event that the Dauphin courts should declare his certificate to be invalid.

So far the Democrats of the district have not nominated. It is possible that a Westmoreland man will be named. The combined Democratic vote in the district is 15,475 as against a total Republican vote of 22,817. With Showalter as an independent, he would not enter into the Republican strength, but he would have to poll over 7,000 votes to defeat Huff or make the election of a Democrat possible.

Showalter Says He Will Win.

A dispatch from Butler last night said: "Congressman Joseph B. Showalter left Butler on an afternoon train. Where he is now cannot be definitely learned, but he has gone either to Pittsburgh or Harrisburg. When seen this afternoon he said he never had any intention of attending the congressional conference, held in Pittsburgh today, and no one was there representing him.

"He says he will not be bound by the action. He said it looked as though the congressional conferees were trying to beat him out of the nomination, but they would not be able to do so. He believed the decision of the state committee would be in his favor, and he would be declared the Butler-Westmoreland nominee.

"He says that he never consented to the Butler committee representing or acting for him, but on the day of the meeting at which the Pittsburgh rule was adopted he was at the meeting place and protested against the committee binding him by its action, or doing anything that would deprive him of his rights."

AMERICA THE PATTERN.

Teaching English Scientists the Value of Educational Scrap Heap.

BELFAST, Sept. 11.—In one of the sectional meetings of the British Association for the Advancement of Science Prof. H. E. Armstrong of the educational section made a strong plea for the infection of some American life and energy into the British educational system, and paid a high tribute to the imaginative insight and foresight of "our American cousin, Capt. Mahan," who has taught the nation the true meaning and value of sea power. Prof. Armstrong contended that what British education today needs is to appreciate the value of a scrap heap.

"Why can't we," continued the speaker, "follow the example of the industrious American manufacturer and agree to 'scrap' our scholastic and academic ideals, if not our schools and schoolmasters as well, and refit along scientific lines?"

WITCHCRAFT IN CARLISLE.

Woman Found Guilty of Practicing So-Called Black Arts.

CARLISLE, PA., Sept. 11.—(Special.)—The jury in the case of Mrs. Sarah McBride, aged 60, of Carlisle, who was charged with pretended witchcraft, fortune telling and necromancy, brought in a verdict of guilty today after being out six hours. She was recommended to the mercy of the court.

Edward Zug and his wife were the complainants, and charged that the defendant had secured from them more than $500 under the promise that she would exorcise witches which they said were haunting them. Zug also charged that the woman made him believe there was $30,000 buried on his property. He dug for it for weeks, but failed to find it.

TURKEY COMPROMISES.

New Russian Consul but No Passage of Dardanelles.

LONDON, Sept. 12.—In a dispatch from Constantinople the correspondent of the Times says Russia has withdrawn her demand that four unarmed Russian torpedo boats be allowed to pass through the Dardanelles. The porte has granted Russia leave to establish a consulate at Mitrovitsa, European Turkey, where no other foreign consulate exists.

The porte has promised to protect the consul against the Albanians, who fiercely resent the appointment.

Leslie Will Take Them Back.

In a few days Director Leslie will reinstate several firemen whom he recently dismissed. Some of the men were fired on the recommendation of James M. Clark, formerly select councilman for the Twenty-first ward, but other politicians have demanded their reinstatement.

Berber Tribesmen Whipped.

LONDON, Sept. 12.—A dispatch from Fez, Morocco, says the Berber tribe of Gerum, near Mekines, was attacked September 4 by troops and utterly routed with great loss of life. Much loot was taken. All the Berber tribes have submitted to the authority of the sultan.

GRAFTERS ANGER SUPT. M'ALEESE

Continued from First Page.

resorts were raided and their proprietors held for court they became so abusive to the police officials that Superintendent McAleese had a number of the graft agents put out of the building.

McAleese's Ultimatum.

"Now these speakeasies and disorderly houses will have to remain closed," said Superintendent McAleese. "Nothing can save them. The peace business of the department is running along smoothly, but these speakeasies and disorderly houses are disposed to pay no attention to us.

"This is due to the backing of certain politicians. They tell them to open again and the tenants do so. Now these establishments must go, and that is all there is to it. I will not only prosecute the tenants, but the property owners will have to stand the consequences, if these places are not kept closed.

"I do not care for the feeling of the syndicate or the politicians in the matter. These places must be closed, and somebody will suffer if they are not kept closed."

WENT TO JOIN DEAD WIFE.

William R. Hughes, Despondent Over Her Death Nine Years Ago, Took His Own Life Yesterday.

Because he wanted to be with his wife, who died nine years ago, William R. Hughes, 36 years old, committed suicide by shooting himself in the right temple, in the home of his father-in-law, Hampton McKenry, at No. 619 Mifflin way, Wilkinsburg, shortly after 1 o'clock yesterday afternoon. He was found two hours later by McKenry, with a revolver in his hand. The man was somewhat demented by the loss of his wife and recent ill health. He was a moulder and leaves two children. He was employed by the Mesta Machine Company. Hughes left a letter, giving the motive of his rash act.

Hughes had been despondent for some time. Two weeks ago he started to drink heavily. He was then boarding with his father-in-law and he became so disorderly that the family were compelled to keep him out of the house. He returned yesterday morning about 11:30, while his father-in-law was away. He told his daughter, who is 19 years old, that he wanted to get his grip, which was in his room. He went to the room and locked the door.

At 1 o'clock his son, Earl, learned that he was upstairs and went to the room, but was unable to get in. His grandfather came in and Earl told him that his father was upstairs and he was unable to get an answer from him.

McKenry then went upstairs and breaking into the room found Hughes laying on the bed dead with a revolver grasped in his hand. In his trunk a letter was found explaining the motive of his act. It is as follows:

"Goodby, mother and papa. I am tired of living. Notify John Barnett of Iron Moulders' union, No. 1632 Penn avenue. Ask my uncle William to take care of my children, No. 1201 Tilden street, Nashville, Tenn. Ask the moulders' union to hold a raffle for me. You can take one of my watches, the ladies' watch you find in the pocketbook. Give it to Mr. Bychholtz for his kindness to me. Goodby all and I forgive all; I hope they will do the same with me. The disease I am troubled with is killing me. I cannot stand the pain in my head and stomach. God forgive me. I can't help it. I will return. Goodby all. This is my pay check. Give Mrs. Penrose my board. I go to be with her I love. Amen. Josephine is with me. This is my end. John Barnett will bury me. Ask the molders to raise a subscription for me. I die true to you. Goodby, Kid, I am no more. Lizzie will——"

LOVE'S DREAM BROKEN.

Mother Who Refused Consent to Marriage of Daughter Causes Her Arrest.

Love's young dream was rudely interrupted last night when Richard Hinzeck, aged 20 years, of Wylie avenue, and Mary McClaine, aged 17, of No. 40 Virgin alley, Allegheny, were locked up in Central police station.

Their arrest was caused by the girl's mother, who brought a charge of incorrigibility against the girl, while Hinzeck was charged with being a suspicious person.

The mother alleges she found the couple living together in a room at Wylie avenue and Tunnell street and because the girl would not leave she had Officer W. J. Pidgeon bring them to the station.

The young people say they wanted to marry, but that the mother objected. The girl says that she has not lived with her mother for about a year, as the Humane society took her away from her mother because she drank and abused her. Work was found for her at a boarding house, where she met and learned to love Hinzeck.

They wanted to get married and being under age the girl tried to get her mother's consent but was refused. They then took the matter in their own hands, but the mother located them and caused their arrest.

BIG DAY AT INDIANA.

More Than Twenty Thousand Persons Attended the Fair.

INDIANA, PA., Sept. 11.—(Special.)—Officials of the Indiana fair tonight put the estimate of the crowd in attendance today at 22,000, the largest in the 46 years' history of the fair society. The rains of the early part of the week laid the dust on the roads and made the fields too wet for the farmers to drill in their grain, consequently they came to the big fair in unprecedented numbers. Two passenger trains, each of 12 cars, came in early this morning. Another at noon swelled the crowd until this old town was overtaxed in its hospitality and hundreds of persons could find no place to rest, either for themselves or their horses.

The exhibition furnished today was the best in years. In addition to the regular speed events, there were Roman hippodrome races, not of the circus variety, but in real earnest, where the half mile was made in less than a minute.

DIED.

CROUCH—Suddenly, on Thursday evening, September 11, 1902, at Atlantic City, N. J., WILLIAM FRANK CROUCH. Notice of funeral later.

A LETTER TO OUR READERS.

New Haven, Addison County, Vt.
Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen: About a year ago I was suffering from what I supposed was rheumatism. I became so bad that I could hardly get on my feet from a sitting position. I run down in weight from 195 to 145 pounds. I tried different kinds of medicine, but received little or no help. I saw Dr. Kilmer's Swamp-Root highly recommended for kidney trouble, but I never had any idea that my kidneys were affected. I thought I would try a fifty-cent bottle of Swamp-Root and see what the effect would be. I commenced taking it according to directions and in a few days I saw that it was helping me. I used the fifty-cent bottle and then bought two more dollar bottles, and they completely cured me. I have got back to my original weight, 195 pounds, and I am a thorough advocate of Dr. Kilmer's Swamp-Root. Very truly,

Feb. 17, 1902. WM. M. PARTCH.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Scottish Tweeds Have Arrived.

Great good news for women. Ready for a first showing to-day, direct from the Scotch towns of Paisley and Dunfermline, renowned the world over for the high grades of dress woolens they weave, come the famous *Grampian Tweeds.*

Our buyer inspected the different lines of the leading manufacturers of the above two cities in the Summer, then took a look at the Yorkshire Tweeds, north of England, and the Tweeds of Wiltshire, in the west of England, and from the collection made up a mammoth importation of the handsomest and most beautiful Scotch and English Tweeds that can well be imagined.

The pretty black and blue grounds, plentifully besprinkled with little hard-twisted and tufted colors in the brightest hues, are so very popular that it was exercising some foresight that we are enabled to show the largest of assortments.

But those may not be your colors. We looked after that, also. Besides the above the general color line of these Tweeds takes in pretty castors, browns, blues, dark reds, and a few greens, the whole forming an enjoyable and comprehensive collection.

And in reading of these Scotch Tweeds you will please bear in mind that none of these designs will be shown anywhere in Greater Pittsburg—carrying out the generally accepted idea that the name of this store is a synonym for exclusive dress stuffs.

The new Tweeds have an easy price range: $1.50, $1.75, $2 and up to $3.50 a yard.

They are the widest materials woven, beginning at 50 inches and running, in some cases, to nearly 60 inches.

The French manufacturers, who dearly love the title of artist (and it is theirs of right), were also visited, and we are prepared to exhibit in filmy weaves the richest effects for dress accorded social functions. They are handsome as silk. They are double width. Having enough of fine Australian wool mixed with silk, they can be depended for great service as to wear. These filmy goods are known as Crepe Du Barry, Crepe Panne, Crepe Sazerac and Crepe Eolienne. In these four numbers there are 40 different colors, including black.

As an example of our efforts to please the public in the matter of dress goods, the above is offered as an example. We would be pleased to have you inspect the new arrivals today.

A Special List of Underpriced Silks and Velvets

Following is about the most concise way of stating underprices on Silks that we have thought of. It is short and to the point.

$ .75 worth $1.00—Evening Brocades.
$ .85 worth $1.00—Plaid Silks.
$ .85 worth $1.00—Moire Velours, dark and light colors.
$ .65 worth $ .85—Polka Dot Foulards.
$ .85 worth $1.25—Warp Printed Silk with satin stripes.
$ .85 worth $1.25—Evening Silks with Pompadour effects.
$ .85 worth $1.10—27-inch Check Silks, black and white.
$ .85 worth $1.25—Warp Print Louisines.
$1.00 worth $1.25—Peau de Soie in evening shades.
$ .85 worth $1.25—Liberty Satin Rays.
$ .85 worth $1.25—Fancy Brocaded Louisines.
$ .65 worth $1.00—Taffetas in open work with lace effects.

$ .65 worth $1.00—White stripes on colored grounds.
$ .75 worth $1.00—Evening Silks in Pompadour and Cannele effects.
$ .75 worth $1.00—Colored and Black Crepe de Chines.
$ .75 worth $1.25—Grenadines with colored stripes.
$ .75 worth $1.50—Black and white striped Crepe de Chines.
$1.00 worth $1.50—Twelve styles of Black Grenadines.
$ .88 worth $1.00—36-inch Black Taffeta.
$ .75 worth $1.00—Corduroy—black, brown, blue.
$ .85 worth $1.00—Velutinas in Persian effects.
$1.00 worth $1.75—Fancy Panne Velvets.

Women who have in mind the buying of silks are invited to study the above. It is worth a double reading. It is a fine example in under-selling and the prices are amply backed by variety and quality. The variety will be apparent on your first visit, and the quality can be tested by sampling.

For Fascinating Golf.

The season is on to the full for this splendid sport—for this splendidly healthy sport.

We carry everything used for the game, and it is sold just as the goods in the other departments, on a small profit basis.

As an example we have the best kind of remade Golf Balls for which we charge only $1.75 for a dozen.

And we sell the new Kempshall Balls, those with rubber centers, for $6 a dozen.

You already know that the celebrated Cann & Taylor Golf Clubs, acknowledged by experts to be the best, can be had only in our Golf Department of the sixth floor.

The Great Game of Ping Pong.

Beginning at 50c, and between that an including $10, is our price range for this game.

That range accommodates itself to any purse. And there is just as much fun in the 50c game as the one at $10.

If you intend buying a table that will bear a little discussion. There are all kinds on the market, but we could not find any that came up to our idea. So we fell to and began manufacturing Ping Pong Tables ourselves.

We sell them for $12.50. But we do not stop there. We give an absolute guarantee that the table will not get out of order by warping.

STOCK ISSUES ARE TO BE MADE BY RAILROADS

Western Maryland Proposes an Increase of About $60,000,000.

NEW BALTIMORE & OHIO OUTPUT

Additional Common Stock of $25,000,000, Part of Which Is to Be Devoted to Contemplated Construction and Equipment.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Baltimore, Sept. 11.—The directors of the Western Maryland railroad have called a special meeting of the stockholders of the company for the purpose of authorizing the issue of $60,000,000 of common stock. In the call for the meeting it is set forth that it is the desire of the officers of the road to increase the common capital stock of the company, now issued in the amount of $685,400, to the authorized amount of $60,000,000, the issued and authorized common capital stock when so increased to consist of 1,200,000 shares of the par value of $50 each."

The stockholders will also be asked to ratify the decision of the directors to place a blanket mortgage on the Western Maryland, the West Virginia Central & Pittsburgh and other property owned or controlled by the Gould interests to cover a bond issue of $25,000,000.

The meeting is called for October 14, in this city. On the following day the regular annual meeting of the stockholders will be held here.

NEW YORK, Sept. 11.—Directors of the Baltimore & Ohio road met today and authorized an issue of $25,000,000 additional common stock, which, with the $17,500,000 authorized last November, makes a total of $42,500,000 and is equivalent to a 30 per cent allotment of stock at par to existing issues, including debentures and outstanding voting trust certificates.

The new stock will be devoted to these purposes: $12,500,000 to construction, present and in contemplation; $20,000,000 to present and future equipment, and $10,000,000 in payment of stock, debts, etc., under the Pittsburgh, Lake Erie & West Virginia plan, and placed under that mortgage.

PRESIDENT TO FEEL THE NATION'S PULSE

Leading United States Senators Will Inform Him How the Country Takes His Views On Trusts.

[SPECIAL TELEGRAM TO THE GAZETTE.]

OYSTER BAY, L. I., Sept. 11.—During the president's limited stay at Sagamore Hill previous to his departure on his northwestern trip, the chief event will be a political conference he will have here next Tuesday with the members of a senatorial delegation. The president's visitors on that day will be Senator Hanna, Senator Spooner of Wisconsin, Senator Aldrich of Rhode Island, Senator Allison of Iowa and Senator Lodge of Massachusetts.

"President Roosevelt will then be informed of the sentiments of Republican leaders throughout the country on his recent utterances regarding the enactment of laws designed to curb the trusts. The anthracite coal strike and its probable political after-effects, also will be a matter to be discussed, and the congressional situation will receive its due share of attention.

PRINCE IN POLICE COURT.

Exact Nature of Charge Not Revealed, but Prosecutor Says Offense Is Too Common.

LONDON, Sept. 11.—The grand jury in the Old Bailey today returned a true bill against Prince Francis Joseph of Braganza, a lieutenant in the Seventh Austrian Hussars, who was a member of the Austro-Hungarian mission to the coronation of King Edward, charged with "misconduct under the criminal law amendment."

The hearing of the charges took place early in July. Defendant's counsel intimated that the defense would be conspiracy to rob and blackmail. Strict secrecy was observed by the court officials regarding the exact nature of the charges.

Later in the day the prince and the others concerned pleaded "not guilty." In opening the case counsel for the prosecution said the offense with which the prince was charged was far too common in London.

THE DEATH ROLL.

John R. Large.

Attorney John R. Large, one of the oldest and best-known members of the Pittsburgh bar, died suddenly Wednesday night at his home near the Sixth bridge in California avenue, Bellevue, of old age. Attorney Large, who was in his 86th year, retired from active practice about two years ago. While at the dinner table he seemed to take more than his usual interest in the conversation and seemed in good health. Shortly after dinner he complained of feeling wearied and retired to his room, where some time later he was found by his wife, dead in bed. Attorney Large, after graduating from the Western University of Pennsylvania in 1850, opened a large practice. For a time two of his sons, Albert L. and Charles Large, were associated with their father, but later established an independent office in the Yeder building. Mr. Large was a member of the Eleventh United Presbyterian church, and is survived by his widow and five children: John F., Laura, Susie, Albert L. and Charles. The funeral services will be held this afternoon at 2:30 o'clock, the interment being at Uniondale cemetery.

Mrs. J. M. Marshall.

William R. Marshall, the well-known pitcher of the H. L. A. C. baseball team of Homestead, received word yesterday morning that his mother, Mrs. R. A. Marshall, had died at her home in Porterville, Butler county, Wednesday evening. She was the wife of J. M. Marshall and was 62 years old. She is survived by her husband, J. M. Marshall, seven sons and two daughters. The Marshall family is one of the oldest in Butler county.

Wilson Huy.

Wilson Huy, who supervised the construction of the Confederate ram Merrimac, is dead at his late home in Hampton, Va., aged 74. For the past 19 years he had been an invalid.

Obituary Notes.

The Rev. Thomas Scully, well known throughout the country as a temperance advocate, died at Cambridge, Mass., yesterday.

Miss Mary Foley, 45 years old, is dead at her late home, No. 154 Grant avenue, Millvale, of typhoid pneumonia. She was a member of St. Ann's Roman Catholic church, Millvale, and is survived by a brother and sister.

Mrs. Angeline Miller, 63 years old, wife of David J. Miller, is dead at the family home, No. 614 North St. Clair street, East End. Besides her husband, seven children, W. F. and Edward of Pittsburgh, John, Eugene and Mrs. F. Nau of Homestead, E. E., of Jeannette and Mrs. C. P. Ray of Philadelphia survive.

Cora A. Keim Gets Verdict in Breach of Promise Suit; Coke Yards Are Gorged Because of Car Famine

CORA A. KEIM AWARDED $9,250

Jury Finds for Plaintiff in Huntingdon Breach of Promise Case.

SUED COLLEGE PRESIDENT

[SPECIAL TELEGRAM TO THE GAZETTE.]

HUNTINGDON, PA., Sept. 11.—The jury today awarded a verdict for the plaintiff in the sum of $9,250 in the breach of promise suit instituted by Cora A. Keim, the belle of Elk Lick, Somerset county, against Prof. I. Harvey Brumbaugh, acting president of Juniata college here.

The trial lasted four days and created quite a sensation. This was due to the prominence of the principals in church and educational circles and for the further reason that both are Dunkards, and one of the doctrines of that faith is opposition to any sort of litigation.

This suit is said to be the first that has been brought by members in the history of the church.

WILL SPEND MILLIONS FOR BIG LOCOMOTIVES

Pennsylvania Orders 250 Freight Haulers and Will Require 100 More.

[SPECIAL TELEGRAM TO THE GAZETTE.]

PHILADELPHIA, PA., Sept. 11.—The Pennsylvania railroad has placed with the Baldwin locomotive works the largest order ever given by any railroad company to a single locomotive plant. It calls for 250 high-class freight locomotives, aggregating in cost $3,250,000, all to be delivered within the first six months of 1903. This is the first order of the 1903 equipment which has been definitely placed.

The quota of freight and passenger cars to be ordered has not been decided, but it is said the company will order at least 15,000 steel freight cars. The freight congestion which has existed for more than a year has been caused more by a shortage of motive power than by a lack of cars.

The passenger locomotives of the company are all built at the company's shops at Altoona, Juniata, Pittsburgh and Fort Wayne. The Altoona and Juniata shops are now being enlarged so as to turn out yearly a large number of freight engines, but the improvements will not be completed for many months. It has been decided therefore to order at least 250 freight engines from private concerns, and the order for 250 of these has been placed with the Baldwin works. The entire number of locomotives to be ordered from private concerns probably will be increased to 400, and it said an order for 150 needed outside of the Baldwin order will be placed with the American Locomotive Company.

Fifty of the 250 Baldwin locomotives will be high-class heavy freighters to cost about $14,500 each. The classes of the other 200 engines have not been decided upon.

SULTAN HARD UP.

Hard Threats Fail to Extort Taxes, and the Cramps May Have to Whistle for Money.

CONSTANTINOPLE, Sept. 11.—Only one-half of the amount of money required for the payment of salaries and other expenses on the occasion of the sultan's anniversary, September 8, was obtained from the provinces, and these collections were made only by threats that the provincial tax collectors would lose their positions unless the money was forthcoming. The balance of the sum required was made up by contributions from the fund for military purposes, and from customs receipts.

The money thus taken from the last-named sources will interfere with the porters' payments to the Cramps of Philadelphia and to Herr Krupp of Germany for war material.

BEEF MERGER A GO.

All Obstacles to the Proposed Consolidation Believed to Be Removed.

CHICAGO, Sept. 11.—(Special.)—At a meeting in the First National bank building, attended by representatives of all the big beef interests, this afternoon, it was decided that the merger of the packing interests will go into effect September 27. Calls for a final meeting for the merging of the packers will be issued Monday.

Present indications point to the removal of obstacles in the consolidation of the beef packing companies. Perhaps as good a sign as any of the favorable turn in the conditions was the sharp advance in Swift & Co. stock today on the local exchange. It opened at 156, was bought up to 165 and closed one point under the top.

SAGE AT WORK AGAIN.

Earns $10 in the Morning by Attending Directors' Meeting.

NEW YORK, Sept. 11.—(Special.)—Russell Sage attended to business as usual today in his Wall street counting-room, seemingly little the worse for his indisposition of yesterday.

He arrived later than usual, but that was because he started the day by attending a meeting of the Fifth Avenue bank directors uptown, thereby earning $10 before he reached his office.

Mr. Sage left home at Cedarhurst at 8 o'clock this morning. Mrs. Sage had carefully tucked him into his overcoat and followed him to his carriage, giving him kindly warning to take care of himself.

Huy Will Address Veterans.

WASHINGTON, D. C., Sept. 11.—John Huy, secretary of state, has accepted an invitation to be present at the dedication of Camp Roosevelt, on the White House grounds, which is to be a feature of the coming Grand Army encampment, and to deliver the oration.

FARMERS VISITED BY A MYSTERIOUS WOMAN.

OIL CITY, PA., Sept. 11.—(Special.)—Residents of Oakland township have reported to the authorities here the peculiar actions of a woman who has been in that vicinity. She rides about the country on a mustang pony, sleeping in barns, and the residents have become suspicious and are anxious to learn something of her identity.

They say she rides up to a farmer's barn, places her horse in a stall, asks at the house for a meal, and then announces her intention of sleeping in the barn, absolutely refusing proffers of a bed in the house. She is poorly dressed and carries a revolver.

PUDDLING RATE MAY BE INCREASED

Bar Mill Scale Postponed Until Sheets Are Ready.

[SPECIAL TELEGRAM TO THE GAZETTE.]

YOUNGSTOWN, O., Sept. 11.—Thursday was the day set for the bi-monthly adjustment of the bar mill scale, but the Republic Iron & Steel Company's sheets were not ready. The conference has been postponed until next week. An increase of 12½ cents on the puddling rate, which is now $6, is expected. Some iron has sold as high as $8, but that has been in small lots and for immediate shipment. There will be no decrease.

The furnace operators are making the charge that coke is being held up by the railroads in order to give coal the right of way to the lakes before navigation closes. They say that they have no trouble in getting their orders filled for coke, but that it is impossible to get the coke shipped.

Glass Plant to Resume.

NEW CASTLE, PA., Sept. 11.—(Special.)—Local glass workers are jubilant over the prospects that the fires will be lighted Saturday at the Shenango and Lawrence glass factories of this place, controlled by the American Window Glass Company. Fully 800 men are affected.

Referred to Presiding Elder.

OIL CITY, PA., Sept. 11.—(Special.)—At today's session of the Methodist Episcopal conference the case of the Rev. A. G. Mills, charged with immoral conduct, was referred to the Rev. Dr. Randolph, presiding elder, of New Castle, for investigation.

MARCONI'S TRIUMPH.

At Gibraltar He Received Perfect Messages from Across Spain, France and the Alps.

NEW YORK, Sept. 11.—The following cablegram was received today by the Marconi Wireless Telegraph Company of America from London, signed by Marconi's Wireless Telegraph Company, limited:

"Have received following from Marconi: 'Perfect messages received inside Gibraltar harbor and throughout entire course of Mediterranean tour direct from Poldhu across France, Spain and Alps. All telegrams for King and minister received correctly on tape off Spezia.'"

Cholera on a Transport.

MANILA, Sept. 11.—There were four cases of cholera and three deaths from the disease on the United States transport Sherman between Manila, which she left September 1 bound for San Francisco, and Nagasaki, Japan, where she arrived yesterday. She has been quarantined at Nagasaki.

COKE YARDS ARE GORGED

Connellsville Product Tied Up Because of Car Shortage.

THE OUTPUT IS INCREASING

[SPECIAL TELEGRAM TO THE GAZETTE.]

CONNELLSVILLE, PA., Sept. 11.—The Courier will say tomorrow:

Coke production in the Connellsville region last week was slightly better than it was the previous week, but there was no improvement in the manner in which the railroads moved coke out of the district. This week's shipments must either be very much in excess of what they have been for the past three weeks or else there will be a material stump in tonnage. Nearly every coke yard in the region has as much coke in stock as can be taken care of.

The detailed report of the operation and output of the region for the week ending on Saturday, September 6, shows a total of 21,315 ovens. There were no changes reported in the active and idle lists. The total estimated production was 254,501 tons, compared with 254,835 tons the previous week.

The shipments from the region last week aggregated 11,676 cars, distributed as follows: To Pittsburgh and river tipples, 4,099 cars; to points west of Connellsville, 5,452 cars; to points east of Connellsville, 2,125 cars. Compared with the shipments of the previous week this was an increase of six cars.

In the Lower Connellsville region 20 new ovens have been added to the Lincoln plant and 10 at the Griffin works. Many other ovens are being built.

Slept in Chair 15 Years.

SCOTTDALE, PA., Sept. 11.—(Special.)—Henry S. Fretts, aged 77, who had not slept in his bed for 15 years, died at the home of his brother, D. S. Fretts. He suffered from asthma to such a degree that he was compelled to sleep upright in a chair. He is survived by his brother and a sister, Mrs. Frances Stauffer of Ohio street, Allegheny; a son, A. E. Fretts, of Greensburg, and a daughter, Mrs. Martin Hough of Scottdale.

Railroad Fireman Killed.

OIL CITY, PA., Sept. 11.—(Special.)—Edgar Waters, aged 27, a Pennsylvania railroad fireman, was killed near Quaker bridge. His body was found floating in a run. It is supposed that while leaning out of the window his head struck the bridge, knocking him from the cab. The train ran several miles before the engineer missed him. Waters was married a few months ago.

Ex-Judge Killed Himself.

PIEDMONT, W. VA., Sept. 11.—(Special.)—Perry S. Minshall, ex-president of the Mineral county court and a member of the hardware firm of Puter & Minshall, who had been suffering from nervous prostration for several months, shot and killed himself with a rifle at his residence this afternoon.

Brakeman Killed at Derry.

LATROBE, PA., Sept. 11.—(Special.)—Francis Bruman, a brakeman on the Pennsylvania railroad, was killed between Derry and Loyalhanna this morning in the freight yards at Derry today. He was 21 years old and resided with his parents at Williamstown.

A Tireless Worker—

Money at interest with the Standard Security Trust Company, 209-215 Fourth avenue. Pays 4 per cent interest on savings accounts—2 per cent on checking accounts.

West Park Residences A Wonderful Investment.

For beautiful homes in this marvelously productive section you pay only

$1,800 to $4,000

On the Remarkably Easy Terms of

$150 Down and $20 a Month.

You can move into the house when you have paid down the $150 and pay the $20 monthly while you're living in it.

West Park is no farther away from Pittsburgh's business center than the East End. The new West Park Traction cars run within three minutes of any lot on this plan and carry you to the corner of Fifth avenue and Market street in 25 minutes' time. You have every city convenience; water; fire and police protection; schools and churches of every denomination.

The gigantic industrial growth will affect prices wonderfully—this great section in and about McKees Rocks is solidly tenanted now—vacant houses are at a premium. The mammoth new industries continually springing up and adding immense new armies of workmen to this rapidly multiplying population will cause a demand for houses positively unprecedented.

Whether you buy a West Park residence to live in yourself or for investment you're bound to reap big profit.

SOUSA PLAYED COMPOSITIONS OF PITTSBURGHERS

Local Composers' Night at the Exposition a Success.

BEAUTIFUL NUMBERS ON THE PROGRAM

Of the Forty Compositions Offered Mr. Sousa, but Six Were Rejected—A Wide Range of Music Was Represented.

The generous courtesy shown Pittsburgh composers by Mr. John Philip Sousa last evening was most heartily appreciated by the Pittsburgh public. It turned out en masse, the crush which resulted at the music hall and throughout the exposition buildings being unprecedented. Only the works of Pittsburgh composers were programed for the evening and the second concert in the afternoon.

Forty compositions written by Pittsburgh men and women were presented to Mr. Sousa and only six of the number rejected. They ranged over a variety of musical forms, including the comic and light operas of Victor Herbert and Simeon Bissell, the ballads and exquisite melodies of Ethelbert Nevin, the noteworthy "Nocturne" and "Dedication March" of Ad M. Foerster, and intermezzo by Leo Ochmler, Stephen Foster's immortal songs and also the characteristic American two-step.

Ethelbert Nevin's Work.

Ethelbert Nevin, whose very promising musical career as a composer was cut short by his death a year and a half ago, and whose name will always be connected with Pittsburgh, was represented by his best-known work, "Narcissus" and also by his "Country Dance" and the exquisitely dainty song, "Mighty Lak a Rose," one of his very latest compositions. "Mighty Lak a Rose" and the familiar song, "The Old Folks at Home," by Stephen Foster, were sung with rare feeling last evening by Miss Estelle Liebling, the charming young soprano. Stephen Foster's works were given a prominent place in the programs and included during the afternoon "My Old Kentucky Home," sung by Miss Liebling, and selections from his other compositions played by Sousa's band.

Victor Herbert, the popular conductor of the Pittsburgh orchestra, was represented by "Excerpts" from his "Fortune Teller," one of the best of his comic operas. The "Dedication March," by Ad. M. Foerster, also known as the "A. C. March," built upon a theme combining those notes in the musical scale, in recognition of the beneficence of Andrew Carnegie and played for the first time by the orchestra under Walter Damrosch at the dedication of Carnegie music hall, was heard last night, and also another of Mr. Foerster's compositions, a nocturne, "At Twilight." Both are noteworthy compositions.

March from "Luciella."

Simeon Bissell has written a good deal of music during the last few years, one of his most ambitious and most successful efforts being his opera, "Luciella." The program last evening included the "Wedding March" from "Luciella."

Leo Oehmler wrote the intermezzo, Oriental, "Fatima," played last night, a pleasing and graceful composition. Mr. Oehmler has written many songs and piano compositions and is a successful teacher.

Albert D. Liefeld has devoted his time principally to developing music for the mandolin and has written many charming works for the mandolin and for the piano. For several years he has conducted the Liefeld mandolin orchestra and organized a mandolin orchestra composed entirely of women, who were his pupils.

A couple of Pittsburgh's best church organists were represented in the list of Pittsburgh composers. John S. Vogel has written "Easter Morning," adapted to the religious service on Easter Day, and played last night. J. V. O'Brien, whose waltz, "Caprice," was played last night, is also a brilliant organist in Pittsburgh.

Emil O. Wolf, the well-known conductor of the orchestra at the Bijou theater, is a versatile musician and a good conductor. He was represented last night by his idyl, "Love's Sunshine," and the march, "The Penny Millionaires," dedicated to the newsboys.

The Coon Hollow Parade.

John Gernet, whose march, "The Grand," was one of the pleasing numbers of the afternoon concerts, is the director of Gernert's orchestra. George B. Demins, a promising young composer, has written a captivating composition, "Coon Hollow Parade," possessing a good deal of merit, which was played during the afternoon. "On the Cotton Boat," a two-step by L. Z. Phillips, a teacher of music in Pittsburgh, was a characteristic southern darkey dance.

Miss Lulu M. Genet of Marchand street, East End, is a young woman who is devoting her time and talent to musical composition. Her darkey sketch, "Way Down South," is very promising and possesses originality.

Florence M. O'Neill has written several very melodious things. Two of his compositions were chosen for last night's program, a Valse Lente, "Muggins," and a caprice, "Ingenue," both unique and having some merit. M. S. Rocereto, the conductor of Rocereto's band, finds time to write and two of his compositions, a caprice, "Dainty Maids," and a march, "The American Invasion," closed last night's program. M. J. Roberts, a singer and a teacher on the South Side, wrote the waltz, "The Block House." P. Flaitz is also a teacher of music. His compositions played yesterday were "The American Boys in Blue" and the "Gladiator March."

A descriptive fantasia, "Hero and the Fatrice," represented J. A. Wallace, the president of the Walrus Publishing Company, publishers of music in Pittsburgh. A. Panella of Panella's Italian band, George B. Blood, a young music teacher; T. J. St. Clair, also a teacher of music, and Arthur Love, a local music dealer, are among the younger composers included in the lists represented throughout yesterday.

The afternoon programs for today follow:

2 P. M.

Overture—"Ten Maidens and No Man".....Suppe
Descriptive piece—"The Phantom Bride" (new).....Myddleton
Bluegelhorn solo—"Sing, Smile, Slumber".....Gounod
Mr. Franz Helle.
Bridal music—"Lohengrin".....Wagner
(a)—Rondo de Nuit.....Gillet
(b)—March—"The Charlatan".....Sousa
Suite—"Hermione".....La Roudelia

4 P. M.

Suite—"Peer Gynt".....Grieg
Some variations on the Welsh song "Jenny Jones".....Godfrey

Magyar dance from "Coppelia".....Delibes

Sousa will play "The Pittsburgh Gazette March" at the 9:30 concert Saturday evening at the Exposition. Get a copy of this march FREE with next Sunday's Gazette.

THE CONVENTIONS HAVE ADJOURNED

MEETING PLACE CHOSEN AND OFFICERS NAMED

Baltimore Obliged to Withdraw Her Invitation and Atlantic City Was Selected.

With the election of officers and the choice of Atlantic City as the next meeting place, the three national conventions of printing trades came to the end of their work and today will be devoted to an all-day ride on the steamer Francis J. Torrance.

Until yesterday morning the choice of Baltimore by the United Typothetae of America as the next convention city and by consequence of the Electrotypers and Photo-Engravers also, seemed a foregone conclusion. A conference was held in the morning, however, by the Baltimore delegation and a number of the principal men at the Typothetae meeting, which resulted in a letter from the Baltimore representatives withdrawing that city as a contestant. The cause is the recent strike of the Baltimore pressmen. This strike was won by the Typothetae, but it was thought that to take the convention to that city at present would be injudicious.

The choice of Atlantic City was made by the same committee which reported the nominations. The report was adopted with enthusiasm so far as related to the nominees.

Officers of Typothetae.

The officers chosen for the coming year follow: President, Edward Stern, Philadelphia; first vice president, William Green, New York; additional vice presidents, George E. Matthews, Buffalo; E. H. Ferguson, Richmond, Va.; Samuel Rees, Omaha, Neb.; Edwin A. Johnson, Providence, R. I.; W. D. Pratt, Indianapolis; R. G. Mencham, Toronto, Canada; secretary, Edwin Freegard, St. Louis, and treasurer, Thomas E. Donnelley, Chicago. The new executive committee will consist of the president, first vice president, secretary, treasurer and the following additional members: C. O. Bassett, Cleveland; Isaac H. Blanchard, New York; Wilson H. Lee, New Haven, Conn.; Andrew J. McDonald, Cincinnati; Harry P. Pears, Pittsburgh; Amos Pettibone, Chicago, and John B. Kurtz, Baltimore.

An ovation was tendered Mr. Pears, the retiring president, and a rising vote of thanks given to the Pittsburgh Typothetae for the hospitality shown the visiting delegates. Mr. Pears answered on behalf of the Pittsburgh Typothetae with an expression of the pleasure it has been to the printers of Pittsburgh to have the convention meet here.

Result of Elections.

The election of officers was the principal work of the day for the Electrotypers and the Photo-Engravers at the Hotel Henry. The Electrotypers held their meeting in the forenoon and elected the following: George H. Benedict, Chicago, president; J. B. Scott, Boston, vice president; J. H. Ferguson, New York, secretary, and John Bermel, Buffalo, treasurer. These four constitute the executive committee and name all the other committees.

The new officers of the Photo-Engravers, elected in the afternoon, follow: President, Benjamin W. Wilson, Jr., New York; first vice president, C. J. Wolfram, Cleveland; second, R. W. Rawsthorne, Pittsburgh; third, J. C. Clogg, Baltimore; secretary, Sherman Smith, Pittsburgh; treasurer, G. J. Moeng, Cleveland; executive committee, J. C. Brayden, Pittsburgh, the retiring president; H. B. Luffeldt, Chicago; H. C. C. Stiles, Washington, D. C.; Lon Sanders, St. Louis; S. E. Eaton, Detroit; Frank Moeng, Philadelphia.

In the evening the Photo-Engravers and the Electrotypers formed a theater party at the Alvin.

The banquet of the Typothetae last evening at the Schenley was a handsome affair. Covers were laid for about 400, both ladies and gentlemen being present. William B. McFall of Pittsburgh acted as toastmaster and responses were made as follows: "The Code of Ethics," Thomas Todd; "The Ladies," Percy F. Smith; "The Utility of Ideals," Franklin Hudson; "Our Associates," Herbert L. Baker; "Some Troubles That Have Passed," Charles A. Wenborne; "A Vanishing Type," Samuel Rees; "What Shall We Do With U. T. A. ex-Presidents?" George E. Matthews; "Use and Abuse of the Grindstone," Alfred F. Edgell.

Newfoundland Wants a Treaty.

WASHINGTON, D. C., Sept. 11.—Sir Robert Bond, premier and colonial secretary of Newfoundland, is in this city to renew negotiations for a commercial treaty between Newfoundland and the United States.

Tuesdays Sept. 16th, 23rd and 30th.

The Pennsylvania railroad will sell, each Tuesday during September, 15-day excursion tickets, Pittsburgh to Niagara Falls and return, at rate of $7.45; and to Toronto and return, at rate of $8.45.

Trains leave Union station at 9 a. m. and 10:45 p. m., eastern standard time. Pullman service on both trains.

The Best Office Desks

If you are about to purchase a new Desk for your office this advertisement has special significance for you. The Desk pictured above is the epitome of convenience, comprehending various devices that are new and effective.

Made of quartered oak, 60 inches wide and 38 inches deep. There are 8 document boxes and a 3-drawer letter file. The Desk is heavy and substantially constructed in all parts—finely finished—very exceptional value.

See the rare collection of
Filing Cabinets,
Card Indexes, Bookcases,
Chairs, Tables, Etc.

Sectional Bookcases in particular are much in favor, because of their ability to accommodate any number of books and the fact that one section can be bought at a time and others added whenever required.

There is no other place like headquarters for furniture for all purposes—therefore it always pays to come to

PADDED LISTS WERE FOUND IN ALLEGHENY

Citizens Say Many Bogus Voters Are on Registry Books.

GUILTY PERSONS TO BE PROSECUTED

Republicans Will Open Their Campaign Here With Speeches by Pennypacker, Penrose Littlefield and Others.

The Citizens party organization in Allegheny reports that padded registry lists in the interest of the machine have been found in every district of the North Side. A new registry is to be made and the bogus lists will be shown up in the courts.

Some time ago a committee was appointed to investigate the padding of the registry. It reported last night. In the first district of the Fourth ward 70 voters are registered from two houses. From a gambling house in the same district the machine assessor registered 28 men. A house of four rooms in Fountain street is supposed to shelter 23 electors.

It was decided to employ two men in each precinct to make a house-to-house canvass and correct the registry. All of the assessors who have padded their rolls will be taken into the courts.

Pennypacker Is Coming.

The Republican state campaign in Allegheny county will be formally opened at Old City hall next Friday night. Judge Pennypacker, the gubernatorial nominee, will be the principal speaker. It is possible that Attorney General Elkin will appear on the same platform with him.

At a meeting of the Republican candidates yesterday the plan of holding a big mass meeting in the city was agreed upon. Through correspondence with Chairman Quay it was found that Judge Pennypacker could be had here on the night of September 18. In addition to the gubernatorial nominee, speeches will be made by Senator Penrose, former Postmaster General Charles Emory Smith, Congressman Charles E. Littlefield of Maine and James F. Burke.

It was the original intention to have the meeting held September 18. This conflicted with a date Judge Pennypacker has in Erie, when he will address the Republican League club convention. At the request of Chairman Quay the date was changed to the night of the 19th. Elkin also speaks in Erie, and it is thought that he will consent to come here. With the array of orators booked for the evening it is expected that the meeting will be a monster.

Democrats Indorse Citizens.

The Democratic committee empowered to fill the congressional ticket completed its work yesterday. Candidates Shiras, Porter and Brown of the Citizens party were indorsed. Congressman John Dalzell was not indorsed. Neither was a Democratic candidate put in the field against him. This means that the Democrats will not have a candidate for congressman in the Thirtieth district. Certificates of nomination for the three candidates were prepared and will be filed at Harrisburg today.

There will be a Citizens party meeting in Oakdale this evening. James W. Brown, the candidate for congressman in the Thirty-second district, will be one of the speakers.

The Allegheny Citizens will open their campaign on the night of September 23 with a big meeting in Carnegie Music hall. The Citizens of the Second ward of Allegheny will hold a meeting in the Sherman avenue schoolhouse Monday night.

MAHON PREDICTS PEACE.

The Congressman Thinks the Strike Will Be Settled and Will Not Be a Political Issue.

WASHINGTON, D. C., Sept. 11.—(Special.)—Representative T. M. Mahon of the Eighteenth Pennsylvania district was in Washington today. He predicts that the strike will be settled shortly; that a plentiful winter's supply of coal will be mined, and that the Republican party in the state will suffer no loss through the long contest.

"It will not take long to get plenty of coal when the mines begin operation again," he said today. "The price of coal may be a little higher this winter on account of the strike, but there is no likelihood of a coal famine. While I do not know anything definite about the settlement negotiations, the reported conference to take place between Governor Stone and President Mitchell looks like the beginning of the end of the coal strike.

"I can safely predict the success of the Republican state ticket, and there is no cause to fear the loss of a single Republican seat in congress. Of course, there are some factional differences in the party, but they are all of a minor character and are nothing but what is to be expected in a commonwealth of the size of Pennsylvania."

Close Shave for the Maine.

WASHINGTON, D. C., Sept. 11.—The report of the naval board of inspection and survey will show that the battleship Maine just made her contract speed of 18 knots. This information was today unofficially conveyed to the navy department.

The Sweetest Cantaloupes.

Are you entirely satisfied with the cantaloupes you have been receiving? If not, then try the "Stag Brand" Rocky Ford nutmeg melons and insist that your dealer furnishes you with the genuine. You will be surprised and delighted with the excellent quality and uniform sweetness. We are naturally prejudiced, so don't take our word for it—try them—they talk for themselves. Albert M. Travis, Distributer, 615 Liberty avenue. Both 'phones.

Opening Week

A Quarter Million Dollars' Worth of

SHOES

Now Ready for Your Inspection

and approval—embracing the greatest assortment of fine Footwear for Men, Women, Boys, Youths, Misses and Children, ever offered by any establishment.

Remember—our business is SHOES—shoes exclusively—

Our entire energies, thoughts and time are devoted to supplying you with the "best" that the shoe world produces—

If you would like to see the correct foot fashions for fall, come and see our grand display.

Special Attention

must be given our $3.00 and $3.50 lines—
These are in both Men's and Women's Wear—and we cannot say too much in their praise—
The styles are the latest and the materials have been selected with the end in view that we have accomplished—to wit—to give our trade something at $3.00 and $3.50 that—like every other line we show—(and we show them all)—is away ahead of anything you can buy at the price elsewhere—
At $2.50, $2.00 and $1.50 we have some great surprises—while in the finer grades—say—$4.00, $5.00 and $6.00—our lines of exclusive styles beat all records—
Aside from the attractions of OPENING Week we have a big lot of—

Clearance Bargains

that the space demanded by the opening of our extensive Wholesale Department compels a speedy disposal of—
You never bought such good shoes for so little money before.

A big lot of Men's $2.00 and $2.50 Oxfords for $1.00 a Pair.
1,200 Pairs Men's $3.00 and $3.50 Oxfords for $1.95 a Pair.
600 Pairs Men's $2.50 Dress Shoes for $1.50 a Pair.
300 Pairs Men's House Slippers 75c and $1.00 goods for 50c Pair.
Boys' $2.00 and $2.50 Lace Shoes for $1.50 a Pair.
Boys' $1.50 Shoes, different lots for $1.00 a Pair.
Girls' $1.50 Lace and Button Shoes, including Samples for $1.00 a Pair.
250 Pairs Children's, regular lines and Samples—worth a half more—for 50c and 75c a Pair.
600 Pairs Women's Vici Kid—Lace and Button—Welt and Turn Sole Shoes—worth $3.00 for $1.95 a Pair.
500 Pairs Women's Kid—Lace and Button Shoes—for $1.50 a Pair.
750 Pairs Women's finest Sample Shoes—$3.50 to $5.00 sorts to sell this week for $2.18 and $2.95 a Pair.
1,500 Pairs Regular Stock Oxfords, $2, $2.50 and $3.00 goods to go at $1.69 a Pair—

This will be a wonderful week at these busy Shoe Stores, and a week of wonders. You never saw such styles, such values, such bargains—such quantities of handsome footwear—and you never will, any place else.

Opening Week— Both Stores

Dear Sir:
The march dedicated to your paper was again played by the Duss Band last night and made an instantaneous hit and had stamped by that Capable of judging as the best piece of its kind yet strung upon the public. Mr Duss has decided to play it Every Night
Yours truly
R. E. Johnston.

LOCAL NEWS OF ALL PITTSBURGH

Sworn Into Public Service—Nine new police officers and five firemen who received appointments several days ago were sworn into service yesterday. Their assignments to duty will be made in a few days.

Surprised His Friends—Howard L. Speer, a well-known undertaker of McKees Rocks, has surprised his friends by announcing his marriage to Miss Mollie Thomas a week ago, at the home of the bride's mother, Mrs. Mary Thomas, in Mannington, W. Va.

Music and Corn Roast—Last evening the members of the Young People's society, Christian Endeavor of the Homestead Presbyterian church, held a corn roast on the church lawn. A musical program was rendered while the corn was roasting.

Fell Into Boiling Water—John Cracko, a Slav, of Baltimore street, Rankin, employed at the Carrie furnace of the Carnegie Steel Company at Rankin, was scalded about the legs and body by falling into a pit of scalding water while at work at the plant yesterday. He was taken to the Mercy hospital.

Fell From Running Board—R. Fridman of Wylie avenue, employed at the Homestead steel works, fell from the running board of a car of the Pittsburgh Railways Company near Craig street late yesterday afternoon and was seriously injured about the head and body. He was taken to the Mercy hospital.

Hunting Her Granddaughter—Mrs. J. W. Sager of No. 3286 Webster avenue has requested the police to locate her granddaughter, Nellie Crossman, who disappeared from the home of a family in Center avenue, where she was employed, on August 10. The girl is 12 years old, short and rather stout.

Thugs Broke Victim's Jaw—Michael Kleinschmidt, 68 years old, of No. 306 Oakland avenue, Oakland, proprietor of the Hotel Victoria, at Homestead, was assaulted and robbed of a diamond stud and a diamond ring by footpads near his home, Wednesday night. Kleinschmidt's jaw was broken by a blow.

Lineman Badly Hurt—Charles Grimes, a lineman for the Western Union Telegraph Company, fell from the top of a 24-foot pole in Cass avenue, Allegheny, yesterday afternoon, breaking his collar bone, right arm and two ribs on his right side. He is at St. John's General hospital. His home is in Lincoln avenue, Bellevue.

Date Set for Outing—Homestead Lodge, No. 355, Order United Americans of Homestead, will hold its annual outing at Kennywood park on September 20. It promises to be a very large affair and is in charge of a committee composed of John Rankin, Alexander Lewis and Thomas J. Duke. All the lodges of Allegheny county have been invited to attend.

Run Down and Killed—L. R. Thornburg, aged 59 years, married and living at the corner of Lacock and George streets, Allegheny, was struck by the Leetsdale accommodation on the Ft. Wayne railroad, about 4 o'clock yesterday afternoon and instantly killed. The accident happened at the Pennsylvania avenue railroad crossing. The body was taken to the morgue.

Executive Committee Met—The meeting of the Sixth ward executive committee was held last night in the rooms of the Union League Republican club at Fifth avenue and Marion street. Of the 29 committeemen, 26 answered the roll-call. Chairman David Owens presided and H. C. Bohne acted as secretary. The plans for the coming campaign were discussed at some length. Director A. B. Leslie of the department of public safety was present.

Cut by a Whisky Bottle—M. H. Price of No. 4710 Second avenue was picked up on Second avenue and Grant street yesterday afternoon by Lieut. Garrett Crossan and sent to Central station. He was intoxicated and had fallen on a whisky bottle he had in his hand. The glass cut clear to the bone across his hand and severed an artery in the wrist. He was hurried from Central station to the Homeopathic hospital.

Horse Fell Upon Driver—John Madden, a negro driver employed by a contractor on an excavation near the West Braddock bridge, was seriously injured by his horse falling on him yesterday. Madden in attempting to unload a cart of dirt over a steep embankment accidentally backed the horse too far, and the heavy cart went down over the hill pulling the horse and Madden with it. Madden was sent to his home near Duquesne.

Think There Is Bad Faith—South Side councilmen have discovered that the estimate placed on the cost of meters in the filtration figures, sent to councils, does not include the cost of metering the South Side, and they look upon that as additional reason for believing that the machine does not intend to have the South Side share in the benefits of sand filtration. Director J. Guy McCandless asserts in defense that the cost of metering the South Side can be figured out later.

Victimized Police Chief—Minnie Harkins, a cripple, yesterday victimized Superintendent of Police McAleese and his clerk, Roy Fraker, into giving her money with which to get something to eat for herself and her brother. The girl, through the superintendent, also secured a cut-rate ticket to Indianapolis and tried to get one for her brother. The ticket was held until the little brother was produced at Central station, when it was discovered he was six feet tall and built in proportion. The girl was sent on alone, sadly upon it.

Sewickley Barn Destroyed—A large barn on the Franklin farm, in Sewickley, owned by B. F. Jones, was destroyed by fire at midnight on Wednesday, causing a loss of about $10,000. The fire was caused by fire from a farm garbage furnace near the barn and lighted up the valley and hills for miles. The chicken house adjoining the barn, containing about 500 fancy fowls, was also destroyed. The members of the Sewickley volunteer fire department and neighbors rescued the horses and saved the buildings located near the barn.

Poker Game Goes to Court—A scandal, which resulted from a poker game on the evening of August 25, is to be aired in court. Yesterday Justice G. H. Jaquay of Rankin held Alexander and Calvin Speedy for court trial on a charge of conducting a gambling house in Braddock avenue, Rankin. The suit was brought by Thomas Ault, a nephew of Thomas Carnahan, a barber at the Carnegie club, Braddock, who, it is alleged, upon returning home late on the night the game is said to have been played, confessed to his wife that he had lost $18.

Falls Were Frequent in Homestead—Three persons were injured by falling in Homestead yesterday and in each case they sustained broken bones. Frank Duffy, 17 years old, while amusing a number of children fell from the porch at his home and broke his left leg. Harry Davies, a small son of W. A. Davies of Washington avenue, Braddock, fell from a tree and broke his arm, while visiting friends in Homestead, and Mrs. Sadie Marshall of Dickson street, was painfully injured by falling from a hammock, in which she was swinging yesterday afternoon.

Colored Voters Meet—The colored voters of the Thirteenth ward held a meeting in the Citizens' headquarters in Wylie avenue last night. The attendance was larger than the room would accommodate and the Citizens ticket was indorsed with enthusiasm. Addresses were made by John J. McTighe, B. F. Anderson and Samuel L. Mawhinney, the Citizens' candidate for the legislature in the Third district, Daniel M. Washington and J. M. F. Foster. The Citizens' Eureka quartette sang several parodies of popular songs and their hits at the opposition greatly pleased their audience.

Could Not Get Quorum—After another unsuccessful attempt to hold a meeting yesterday afternoon, select council adjourned until the next regular meeting on the last Monday afternoon of the month. President John S. Lambie spoke of the illness of Charles Stewart, which prevented his attendance, and said he hoped the other gentlemen who were absent had as good reasons for their non-attendance. He allowed the branch to adjourn without comment. Two of the Citizens members of the branch were present yesterday: W. E. Lang of the Thirty-first ward and R. H. Douglas of the Twenty-first ward.

Lukens Has Resigned—George N. Lukens, for four years city ticket agent of the Pennsylvania system at the Pittsburgh office, and one of the best-known railroad men in this city, announced yesterday his resignation. He will leave on October 1 to take charge of the New York office of the Macbeth-Evans Glass Company of Pittsburgh. Mr. Lukens has been with the Pennsylvania Company for 16 years. He started as telegraph operator at Mt. Holly, N. J., and then worked as ticket agent at several points on the New York division of the Pennsylvania railroad. Later he performed special duties for the general accounting department. His successor has not yet been named.

Took Care of Firemen—The Firemen's Disability Board met yesterday in the office of Recorder Brown and allowed the following claims: Andrew M. Dalzell, Engine Co. No. 2, $6.43; Joseph Grimm, Engine Co. No. 1, $6.43; Haldine Plante, water tower, $4.29; William T. Reese, Engine Co. No. 2, $12.86; Douglass Leach, Engine Co. No. 30, $72.80; Daniel Gallagher, Engine Co. No. 30, $21.43; Cornelius Buckley, Engine Co. No. 30, $17.14; Edward Marshalwitz, Engine Co. No. 6, $27.86; Edward Grimes, Truck E, $30; James Markham, Engine Co. No. 6, $15; J. T. Writt, Chemical, No. 1, $32.14; George Berger, Engine Co. No. 25, $30; Barney McCoy, Engine Co. No. 2, was allowed $15 a week from August 23 till able to again report for duty. The sum of $4,000 was also transferred from the checking account to the interest bearing account.

Prayer Day for Schools—Prof. G. H. Lamb, superintendent of the Braddock schools, has started a movement in Braddock to make the second Sunday in September a day of prayer for the public schools. A number of local educators and ministers have been interested in the movement by Prof. Lamb. The plan is to have a day set aside for prayer for public schools, similar to the day in February, set aside for colleges, except that the latter day falls upon a week day. The Rev. Edwin M. Bowman, pastor of Calvary Presbyterian church; the Rev. A. E. Kline, pastor of St. Luke's Reformed church, and the Rev. George F. Hawes of the Parker Avenue United Presbyterian church, will give their services to the cause next Sunday morning, and the Rev. William G. Reagle of the First Presbyterian church will observe the day in the evening. Other ministers will take up the question in their services the following Sunday.

AMERICAN GENERALS IN CAVALRY CHARGE

They Help the Kaiser Put to Rout a Large Part of His Own Army. Wilhelm a Joker.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

FRANKFORT-ON-THE-ODER, Sept. 11. — Maj.-Gen. Young and Brig.-Gen. Wood and their aids de camp, Lieuts. McKinley and McCoy, charged with the cavalry led by Emperor William today. The Americans did not draw their swords, but they rode with the Garde du Corps, one of the household regiments and the emperor's body guard.

This charge was the climax of the maneuvers. About 9,000 horsemen, lancers, cuirassiers and dragoons fell upon the flank of the retreating Blues (defending army), capturing 30 of the latter's guns and 2,000 of its infantry.

The cavalry started at daylight, made a 12-mile curve, and at about 8:30 swept over rolling meadows and upon the enemy's forces, which had been theoretically disorganized by a heavy infantry attack. The 9,000 cavalrymen made a frontage of a mile and a half, and in the sunlight, over the open country, they rushed at a hard gallop upon the artillery and infantry, which did not cease firing until the horsemen were near at hand.

When the cavalry were within 100 yards the infantry quickly formed into close, platoon groups which the horsemen broke up, galloping between the groups and the guns. Several horses fell dead. The emperor, mounted on a white Arab horse, directed the movements, and at the finish galloped ahead as recklessly as any trooper. The empress was present on horseback.

Maj.-Gen. Corbin and Lieut.-Col. John A. Johnston, Earl Roberts and other foreign guests were on a hill around which the charge was made. Gen. Corbin said it was the finest military spectacle he ever saw.

Emperor William's customary morning salutation to the Americans has been, "Well, how's the khaki brigade?" His majesty has also been disposed to chaff the Americans a little. Today they wore blue fatigue uniforms. His sharp eye noted the change and he remarked pleas-

The Zeitung, commenting on the simplicity of the American uniforms, said: "The American visitors have no need of uniforms to make them look like soldiers."

STORY PARTLY CONFIRMED.

Second Bullet from Revolver of Mrs. Wilkins Found.

The story told the police by Mrs. Wilkins, who killed her husband accidentally, it is believed, in their apartments at No. 513 Federal street Tuesday morning, was partly corroborated yesterday by the finding of the first bullet from the revolver she used.

Her attorney, F. G. Patterson, and Assistant Police Superintendent Glenn conducted a search of the apartment when they found the missile in an upper drawer of a dresser, flattened and mashed from its passage through several hard substances, including a memorandum book. Mrs. Wilkins, at a late hour yesterday afternoon, had sufficiently recovered from her excitement to allow herself to be interviewed by her relatives and others.

KELLY NO BETTER.

The Danger Lies in His Malady Sapping His Strength.

STOCKBRIDGE, MASS., Sept. 11.—(Special.)—As Dr. T. S. Southworth continues to inform the family of George A. Kelly, who is ill here, that Mr. Kelly is still in a dangerous condition, hopes of his recovery are not so strong as they were on Monday.

Mr. Kelly is not losing any ground, except that the illness naturally draws on his reserve strength, and thus if there is no marked change for the better soon he will not be so able to withstand any recurrence of an attack of heart failure.

Late tonight the physician said Mr. Kelly rested well during the day and that there is no change now.

FILIPINO LIES STIR UP TROUBLE FOR THE MOROS

They Represent That Spain and Russia Are at War With America.

SULTAN OF TURKEY, TOO, AN ENEMY

The Potentate of Bacolod Playing for Time—Ugly Letter from the Chief Turns Out to Be a Forgery—War Party Strong.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., Sept. 11.—Manila papers received at the war department today contain reports from Mindanao regarding the Moro problem, showing what the various sultans and dattos are doing.

The Moro chiefs were informed by Filipinos from Luzon that Russia and Spain were at war with the United States. One of the sultans, when asked why he would not be on friendly terms with the United States authorities, said the Moros were all under the direction of the sultan of Stamboul (Turkey), and they had been informed that there was enmity between the sultan of Stamboul and the United States government.

Capt. Pershing, in command of the cavalry, told him this was entirely a mistake.

Another datto made the claim that the Moros always had been in undisturbed possession of the Lake Lanao country, and that even the Spaniards never had attempted to interfere with them, and they did not want the Americans to do so.

There had been considerable friendly correspondence with the sultan of Bacolod, but finally a very warlike letter was received from him which greatly surprised the American officers. From another Moro chief the Americans were informed that the ugly letter was a forgery perpetrated by two of the dattos under the sultan of Bacolod. These dattos were very eager for war, one of them claiming that he could hold his fort against any force that might be sent against it. The war party was stronger than the peace party and was taunting with cowardice the Moros who wished to be on peaceful terms with the Americans. The Filipino insurgent, Ruffino, was found to be in that region, making trouble for the Americans.

In another communication from the Moro country it is said that Col. Baldwin tried to get all the sultans and dattos to meet him in a friendly conference. The sultan of Bacolod professed friendship but asked for three months in which to communicate with the various tribes over which he was chief. Moros in the camp of Col. Baldwin said this was simply a ruse to gain further time and prepare for war.

JOSEF ZSENI DINED.

Custodian of the Hungarian Flag Entertained at McKeesport.

Magyar enthusiasm in McKeesport ran high yesterday afternoon at a dinner given in honor of Josef Zseni, custodian of the flag sent by Hungarians to their compatriots in the United States. The dinner was given at the parochial residence by the Rev. Kalman Kovacs, rector of St. Stephen's King Magyar church.

Zseni was the guest of honor. Jacob Wein, the Austrian consul at Pittsburgh; the Rev. Father Holomyay, pastor of the Greek Catholic church of Homestead; Emil Hermann, a well-known Hungarian artist of Pittsburgh, and several others were present.

In introducing Consul Wein, the Rev. Father Kavocs said that the turmoil incident to bringing the Hungarian flag to this country was due altogether to mistaken ideas. The flag, he said, had no political significance, but was presented to the Magyars of this country by the national confederation of Hungary. He said that the object was not to have the naturalized Hungarians alienate themselves from their adopted country, but rather to promote their moral welfare.

APOLLO NEGRO CAUGHT.

Woman Unconsciously Betrayed Him to Washington Detectives.

WASHINGTON, D. C., Sept. 11.—Capt. Boardman yesterday received a dispatch from F. E. Tillery, chief of police of Apollo, Pa., asking him to apprehend William Dade, colored, who is wanted in that place for assault. The dispatch said a woman would arrive at the Pennsylvania station on the 8:30 train from Apollo and that she would be met here by Dade.

The woman walked to the Washington and Alexandria electric railroad station, where she bought a ticket for Alexandria. The detectives shadowed her to Alexandria, where she was met by a man answering the description of Dade. They arrested the man and he will be held to await word from the Pennsylvania authorities. The woman is also held in Alexandria.

TEDDY, JR., RETURNING.

Had Good Success Hunting and Fishing but Looks Thinner.

CHICAGO, Sept. 11.—(Special.)—Theodore Roosevelt, Jr., who has been in the Dakotas and Northern Wisconsin for 10 days, hunting and fishing with H. R. McCullough and Marvin Hughitt, Jr., of the Chicago & Northwestern railroad, came back to Chicago today and left immediately for the east.

He caught a 22-pound muskallonge and killed many prairie chickens. The boy came back looking a little thinner than when he left. He will only stop one day at the Roosevelt summer home at Oyster Bay before proceeding to his school.

Tired, Tired

Tired. That one word tells the whole story. No rest. No comfort. No particular disease. Just all tired out. Fortunately, physicians know about Ayer's Sarsaparilla. They prescribe it for exhaustion, anemia, depression, general debility. $1.00. All druggists.

No matter what ails you nor what medicine you take, you cannot get well if your bowels are constipated. Correct this at once by taking Ayer's Pills, just one pill each night. These are a great aid to the Sarsaparilla.

25 cents. J. C. AYER CO., Lowell, Mass.

MISS BIGGAR ASKS THE WHOLE ESTATE

ATTEMPTS OVERTHROW BENNETT'S WILL.

Claims She Is His Widow and That Child Was Born After Testament's Date.

[SPECIAL TELEGRAM TO THE GAZETTE.]

FREEHOLD, N. J., Sept. 11.—Lawyer C. J. Black of Jersey City, representing Laura Biggar, the actress, to whom Millionaire Henry M. Bennett, formerly of Pittsburgh, left the bulk of his wealth, appeared before Judge Heisley today and asked to have the probate of his will set aside, asserting that Miss Biggar was Mr. Bennett's widow.

Miss Biggar was in court dressed in deep mourning and looking plump and healthy. She was accompanied by Dr. Hendricks of the Bergen Point sanitarium, where, it is alleged, Miss Biggar became the mother of a child, of which she said Bennett was the father.

Mr. Hendricks had nothing to say in court today. Mr. Black did all the talking and read affidavits which set forth that Bennett and Laura Biggar were married about January 2, 1898, and that she was the lawful widow of Bennett, who died in April, 1902, at Farmingdale, near here; that on July 30 the child, of which Bennett was the father, was born, and that on August 13 the child died; that the will was made on September 27, 1901, before the child was born, and that no provision or mention of the child was made in the will.

Miss Biggar swore to the affidavit in open court. A rule to show cause why the will should not be set aside was issued by the court and will be argued at Long Branch on September 19.

Edmund Wilson, representing other legatees under the will, stated that "in view of the somewhat tardy and remarkable claim," he thought it should be settled as soon as possible, and all the opposing counsel acknowledged service of the rule in court to facilitate the hearing. An application for $25,000 counsel fees for the lawyers interested in the case also was laid over until September 19.

Miss Biggar plans to get the whole Bennett estate through the child which has been brought into the case.

CLEVER TENNIS WORK BY LOCAL PLAYERS

Close Contests Were Played in the Championship Games in the Field Club Tourney.

Some good tennis was offered yesterday in the second day's play for the Western Pennsylvania championship on the Field club courts. Dr. Stephens showed the strongest form and is a favorite for the cup match against Childs on Saturday. Hinderer offered a good game in defeating Christy and later in his match with Stephens. Moorhead is strong.

In first round match completed, S. W. B. Moorhead defeated J. K. Scott, score, 3-6, 6-4, 6-2.

Second round.—A. P. Simmons defeated J. Dean, 2-6, 6-2, 6-3; Moorhead beat Englert, 6-1, 7-5; Dr. T. W. Stephens beat W. B. Canfield, 6-3, 6-0; C. H. Hinderer beat M. A. Christy, 6-2, 6-4.

Semi-final round—Stephens defeated Hinderer, 7-5, 6-2; Simmons and Moorhead, unplayed, will finish today at 1 o'clock. Final match between winner and Dr. Stephens at 3:15.

In doubles, Canfield and Hockley beat Wyckoff and Young, 7-5, 6-2.

Double play and consolation matches will be played today: Coster and Thorp, Garland vs. Dean, Ronan vs. Crookston, Little vs. Wright.

CHARTER IS REFUSED.

Court Declines to Incorporate School of Natural Healing.

The application for a charter for the Sheppard Sanitarium and School of Natural Healing was refused in common pleas court No. 2 yesterday.

The applicants were William V. Sheppard, A. Virginia Sheppard, Sarah E. Renner, John H. Lyan, George T. Sheppard and Charles E. Sheppard. It has a capital stock of $25,000, and was formed "to conduct a place for the care of sick and disabled persons and for the inculcation of the principle of natural healing."

sale of useful and desirable goods under price.

For Suits, Skirts and particularly for School Suits the following justify attention:—

5,000 yards All-Wool Navy Blue Cheviottes,

50c

—right shade of Navy. Quality that will show we did good buying—quality that will show anyone that they can save money by coming.

5,000 yards All-Wool Mistrals

50c

—Navy, Cadet, Cardinal, Tans, Old Rose and Black.

Quality of these Mistrals—semisheer dressy fabrics—at Fifty cents so far surpasses anything at or near the price that those who get of them will appreciate this store's buying, and its small profit selling.

August business exceeded any August the store ever had. We mean to make September do likewise.

It's assortments and prices it's to be done with.

The goods now on sale and daily arriving will demonstrate it.

Largest importations Paris Dress Fabrics—solid colors—

75c to $2.25

ever submitted—sheer and light weight fabrics.

London Tailorings for suits and Novelties in woolens for skirts—a collection, $1.00 to $3.50 a yard, many of them exclusive, priced, style and quality considered, that will be productive of increased business for us, and of advantage to all who investigate.

lot of men's pajamas

—odd lines of Dollar, $1.25 and $1.50 White and Colored Madras Pajamas we want sold at once before all the new goods arrive—today 75c—all sizes.

sale china plates

at an exceptional price—35c, 40c and 50c German and French Dinner, Tea, Salad and Bread and Butter Plates

25c each

—finely decorated and gold trim'd.

It's an item of special pleasure to announce arrival of new lot of Haviland China setts and single pieces—priced below the general level for such fine ware.

Florodora groups—a pretty statuesque piece, $1.00.

children's school hats

Little money to pay for neat good new styles. Red, Brown or Tan Felt Hats, 50c.

Camel's Hair Hats, 75c.

Navy, Red or Tan all-wool Cloth Tam O'Shanters, 50c.

Boys' all wool cloth silk lined Golf Caps, 25c.

Never before had near such a pleasing variety of new Bonnets and Caps for little folks—dainty and pretty—$1.00 to high class things, $15.00.

2 cut glass items.

Rich genuine Cut Glass Oil or Vinegar Cruets, $1.50—have known them sold often for $2.25.

8-inch fine Cut Glass Bowls—chrysanthemum and prism cuttings $3.50—rich as Five Dollar ones.

wrist bags, 85c

Fine lot of them—new—kind it's the regular thing to get $1.25 for.

Elephant hide—Black, Brown, Tan or Grey—gun metal, nickel or gilt frames.

Half a dozen different styles Black and Colored Leather Wrist Bags, 50c.

At and between $1.00 and $16.50 a truly remarkable variety fine Leather Wrist Bags—some nnely fitted—all the newest shapes, leathers and trimmings.

book specials

Some new Books just published—particularly interesting.

The Virginian, by Owen Wister, $1.08.

Temporal Power, by Marie Corelli, $1.08.

The Climax, by Chas. Felton Pidgin, $1.08.

Castle Craney Crow, by George Barr McCutcheon, $1.08.

Mrs. Tree, a new bit of humor, by Laura E. Richards, 65c.

Lot of copyright cloth bound books—publisher's price, $1.00 to $1.50—good reading—45c.

New special titles of G. A. Henty's Books for boys—cloth bound—45c.

misses' jackets

Don't recall any time there's been as much elegance to offer you at

$10.00

as now. Loose and fitted Box Jackets, Monte Carlo Jackets and Norfolks—Cheviot and Kersey—all tailored right up to the minute, and lined with rich satin.

Nothing more astonishing, perhaps, than this Ten Dollar line—unless it be the extreme variety at other important prices.

Misses' new cloth button front Jackets, $5.00 to $20.00.

Norfolk Jackets, $5.00 to $18.50.

Monte Carlo Jackets, $10.00 to $30.00.

27-inch Box Coats, $8.50 to $25.00.

these portieres

—fine Ottoman Tapestry with lattice fringe—$4.00 pair—same kind that's always been selling for $5.00.

New colorings, green with red, red with green—splendid heavy quality of tapestry.

Tip top variety of new Portieres for choice, $2.00 to $35.00 pair.

FOURTEEN PAGES.

The Status of Arbitration.

In other columns of The Gazette this morning will be found a resume of arbitration laws and agreements in this and other countries. The subject is of intense interest in connection with the anthracite miners' strike and the talk about an extra session of the legislature.

It is quite generally acknowledged that arbitration is an excellent method of settling disputes between workingmen and their employers, but the opinion in favor of compulsory arbitration is not so unanimous. The word "compulsion" is distasteful. The British Trades Union congress, in session last week in London, decided against compulsory arbitration by a vote of 3 to 1. Yet compulsory arbitration has worked well in Australasia. It is true the industrial situation reached a deplorable state in New Zealand before the workingmen in desperation insisted upon trying what compulsion would do to relieve the unbearable conditions. The labor situation is not as bad in this country, nor in England, as to lead to such a demand from the workingmen. Whether the demand for compulsory arbitration of disputes which cause monetary loss and distress to outsiders will yet come from these innocent victims of the strife of others is yet to be seen.

An examination of the law of Pennsylvania shows that either side to the present anthracite controversy might have appealed to the courts. The operators have said with tiresome reiteration there is nothing to arbitrate, when the miners were willing to submit the case to arbitration. The miners need not have ceased their efforts merely because of the operators' refusal. They had the right—and they have it still—to make application to court for the appointment of a board of arbitration. This board would be clothed with sufficient power to go fully into the merits of the controversy and make final and conclusive decision of all matters brought before it. Had the miners taken their case to court it is extremely probable the operators would have been able to find something to arbitrate.

Something May Come of It.

There is an amount of talk and efforts at settlement of the anthracite strike that should produce some results. It is generally conceded the chief cause of trouble is a lack of confidence on each side in the integrity of the other and a stiff-necked pride that forbids either making the first concession. The strike was unwise, but the refusal of the operators to arbitrate was equally so. The consciousness on each side that a mistake was made adds, apparently, to the reluctance to make any movement to remedy the situation. But the pressure of public opinion grows stronger as the stress of necessity increases and the time must come soon when a settlement will have to be made. It is doubtful if an extra session of the legislature would do much to hurry that settlement, though a decision upon measures to be pressed may accomplish something.

Ashamed of Their Policies.

It becomes more apparent every day that Pennsylvania Democrats are ashamed of their party policies and records. The organ of the party in this city, the Post, cannot be induced to discuss, or even mention the free trade, free silver doctrines which its party has endeavored to force upon the country. It booms its candidate for governor upon exclusive "state issues," though it knows very well, in fact once inadvertently admitted, that if Pattison could be elected this fall he would at once be urged as a candidate for President.

Pattison dodged the silver issue at home during the first Bryan campaign, but made a pilgrimage to Colorado, where he unbosomed himself to the entire satisfaction of that hotbed of silverism. He has never announced a change of heart. During the free trade ascendency of Cleveland, Hurd, Wilson and Carlisle, Pattison was less discreet, for he supported free trade at home in common with the Post.

Twice Pattison was elected governor, each time upon profuse promises of reform of state methods. Each time his election was followed by the election of a Democratic President, but even the Post insists that state affairs are in worse condition than before Pattison was elected the first time. With Pattison after a third term as governor the same old promises are repeated, the same old cry of "state issues" is raised. But this year the people are not going to be fooled again. They will take no chances on having a Democratic state administration to assist in procuring another Democratic national administration. The "ills of Pennsylvania" are so insignificant now as compared with those when Pattison was governor in 1893, and Cleveland was president, that Pennsylvania Republicans can better afford to bear them than to take chances. They can provide simpler and safer remedies than electing Democratic administrators who are afraid to mention the policies of their party.

McAleese's Opportunity.

If there was some doubt about Recorder Brown's sincerity when he first gave Supt. McAleese a "free hand" to suppress vice, there can hardly be any now. The recorder could not go farther than in his interview with the superintendent yesterday. As for Mr. McAleese, he came to his present position with an excellent record. His work as inspector of the first district after the enactment of the charter of 1887 and the Brooks high license law is well remembered. It marked the transition from open evil to good order throughout the downtown district, and good order was maintained as long as McAleese remained inspector. His record as warden at the jail was equally good.

Many were surprised and disappointed because reform did not immediately follow McAleese's accession to the superintendency. They could not understand the handicap. But now the superintendent has the opportunity to redeem his reputation. He is authorized to close the speakeasies, gambling houses and disorderly resorts. Everyone knows he has the ability to do it. None know it better than the keepers of illegal places, or those wearing the cloak of respectability who rent the places and represent the political influence that has procured police protection for them in the past. Yesterday's developments indicate how much they fear the ability and integrity of the former inspector.

Now the public eye is on Supt. McAleese. By his works will he be judged. He has the assurance of the recorder that no one in authority shall interfere with him and he may understand that he has public sentiment on his side. Public opinion is a powerful ally which neither the recorder—if he should change his mind—nor the members of the vice syndicate can afford to ignore. The situation is in the hands of Supt. McAleese and his past record gives ground for the belief that he will rise equal to the occasion.

Facts Easy to Ascertain.

Congressman Burton, chairman of the rivers and harbors committee, is here ready to make an inspection of the rivers. He will be accompanied by other members of the committee and gentlemen who can give him all the information he needs about the immense traffic to be accommodated. The result should be to the advantage of the interests involved.

Mr. Burton resides in Cleveland. He is quite familiar with the needs of the lake shore cities, and as much of the traffic passing through Cleveland is from or for Pittsburgh it may be assumed he knows something also of our necessities. He can hardly have failed to note the congestion of the railroads with Pittsburgh freight, for the blockade has extended to his own city. He must surely be aware as well of the intimate relations between Cleveland and Pittsburgh. Once he has studied the river situation here and down the Ohio he will understand it is not Pittsburgh merely that is to be benefited by a permanently navigable waterway, but that the whole state of Ohio will be affected, even to his home city of Cleveland.

As chairman of the committee Mr. Burton cannot make the necessary appropriations, or order the work done upon his own authority, but he can help. He can assist in getting measures before the committee, in having them indorsed and in having the truth spread abroad among all the members of congress that the Ohio river needs only to be slack-watered to make it one of the greatest highways of commerce in the world and an important adjunct to the isthmian canal.

Meat Prices Coming Down.

At last there is relief in sight for the heads of families who have long been paying exorbitant prices for meat. The arrival in Chicago of shipments of grass-fed cattle from the western grazing country has been followed by a reduction of six to seven cents a pound for beef, and although the meat is not of the highest grade it is nutritious, and the cut will be welcomed by wage earners generally. There has been a reduction in the price of pork and mutton, so there is no longer any good reason for the dinner pail going meatless.

When legal proceedings were instituted against the so-called "beef trust" it was widely believed the result would be a speedy and satisfactory decrease in the price of meat, but there was little, if any, reduction, and consumers had either to pay the high charges or curtail their purchases. Now, by a natural process, the relief so long desired has been brought about, and there is occasion for rejoicing over the prospect of a material lessening of household expenses, crops being so bountiful as to dispel all fears regarding other essentials of the family table.

Ought to Get Together.

Congressman Showalter's refusal to participate in the conference of the Twenty-second congressional district yesterday creates an unfortunate situation. The Westmoreland conferees nominated Col. George F. Huff, but the non-participation of Butler county casts a cloud upon the legality of their action. They met at the call of the state chairman under a rule adopted by a joint committee representing both counties, but the legality of the rule is questioned and Chairman Quay expressed a doubt about it in the official notice.

It is to be hoped, however, that the muddle will be promptly straightened out. No good can come from continuing the quarrel. Should Dr. Showalter and Col. Huff both run the chances would be strong for the Democrats to carry the district, though it has normally a large Republican majority. It will be better for some one to give way and earn the gratitude of his party. Either gentleman can easily carry the district, regularly nominated, and it is the duty of both to enter into negotiations to that end.

If it shall appear upon investigation that the district committee was legally constituted we have no doubt Dr. Showalter will surrender gracefully. On the other hand, if it can be clearly shown the committee had no legal authority to make rules we are sure Col. Huff, who is acting in good faith, will agree to a new conference. But the time is getting short and the matter should be promptly settled beyond cavil.

Cab Fares and Service.

A commercial traveler, temporarily in the city, has written to The Gazette concerning the city's bad cab service, enclosing a folder of the Rock Island railroad which gives a schedule of rates for such service in Chicago. The Rock Island regards cab service a part of its duty to the traveling public and every one of its trains is met by an attendant wearing a conspicuous red cap who provides carriage and baggage delivery for all who desire them.

Rates quoted by the Rock Island are for one-horse vehicles: One mile, or fraction thereof, for one or two passengers, 50 cents; one mile or fraction after first mile, 25 cents; one hour, 75 cents; each additional quarter hour, 20 cents. For two-horse vehicles, one or two passengers from one depot to another, $1; one or two passengers not exceeding one mile, $1; each additional passenger of same party, 50 cents; over one mile, but less than two, $1 50; exceeding two miles, $2. "The ordinary baggage of passengers, consisting of one trunk weighing 100 pounds and hand satchel or valise, to be conveyed with the passenger without extra charge." Baggage not accompanied by passengers is delivered within certain limits at 25 cents for each piece, and beyond at 50 cents each. This service, our correspondent, John R. Davis, says, is first class.

Mr. Davis, among other things, says this is one idea "the Pennsylvania railroad should adopt to be up to date; people don't want to meet robbers when they come to the city." Again he says: "There is not a city of from 30,000 to 40,000 north, south or west of Chicago that has not better cab service than Pittsburgh, and they make dollars where the Pittsburgh cabmen don't make a cent. Any of those cities of 40,000 have more cabs than Pittsburgh. Your Pittsburgh cabs and carriages run empty to and from depots on account of their unreasonable charges." He also pays his respects to the cabby who asks a villainous price and then cuts it in two when the stranger starts to go on foot, and says in the smaller towns of the west rates are lower than in Chicago, but the cabmen get rich.

Such is the case. Each traveling man that comes to Pittsburgh has the same complaint—high prices and bad service. The time is ripe for a reform in this particular and one of the first steps should be an ordinance fixing maximum charges for passengers and baggage in the city. In agitating this subject The Gazette has the welfare of the city in view and believes a system of reasonable charges and good service would be of advantage to the cabmen as well.

Pittsburgh will get ready to give Candidate Pennypacker a royal welcome. Allegheny Republicans may be famous for domestic difficulties, but when it comes to standing by the G. O. P. they usually show up in the front row.

Grand Duke Boris is said to have danced a Russian jig at one of the swell entertainments given in his honor at Newport. Table or floor?

Mr. Bryan has consented to give the Johnson circus a boost, with the understanding that part of the gate receipts go his way.

The naval maneuvers are now several days old and the hope is expressed that all danger of loop the loop complications is over.

With the organization of two new Kentucky feuds there ought to be something doing in Col. Wallerson's home department.

The Panama canal route should not mind that anticipated attack by the revolutionists. It has been under fire before.

The Philadelphia newspaper that is engaged in settling the coal strike wobbles fearfully in its verification department.

The St. Louis boodle gang seems to have gathered in about everything of value that was not nailed fast.

It was rather confusing for the bluffers to find that Superintendent McAleese really held a pat hand.

That reported fall in the price of meat has not so far arranged for a local appearance.

Another strike in Chicago will give Mark Hanna more work to do.

NEW YORK NEEDS MORE HOSPITALS

Mayor Low Shows That London Is Ahead in Treatment of Infectious Cases.

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, Sept. 11.

Figures quoted by Mayor Low today show that New York does not take as good care of its people afflicted with infectious diseases as does London. So near to England does New York feel itself, in these days of six-day ocean trips, that London is looked on almost as a sister city. What London does is reported quickly in New York, and there is a perpetual friendly rivalry between the two great centers in the matter of conducting public affairs. Mayor Low admits that the health department here does great work, for he points out that smallpox might have been epidemic last spring if the department had not been so active in the way of vaccinating and keeping cases of the disease isolated. What the mayor criticises is the fact that New York has not enough hospital accommodation. In London there are 6,500 beds for patients suffering from infectious diseases, or one bed to each 1,000 of the population, while the city of New York has only 750 such beds, or one for each 5,000 of population. London is adding 1,500 hospital beds to its present number, and New York, through an issue of bonds issued this year, is adding 225 beds. Another numerical fact set forth by Mayor Low in his weekly "talk," is that out of nearly 20,000 cases of infectious disease in London this year, about 88 per cent were treated in hospitals; in New York, only 9½ per cent were treated under those conditions. The mayor deducts from all this that New York is less than one-fifth as thoughtful of its sick poor and of its own health as the city of London. He concedes that hospitals needed here cannot be erected through the tax levy, but says it should avail itself of its credit to get such institutions as soon as possible. While the recommendation of the mayor is not as clear as might be desired, he makes it plain that New York needs more hospitals for the treatment of infectious diseases, and needs them badly.

A Pittsburgher Surprises Wall Street.

Mr. and Mrs. H. J. Smith are Pittsburghers who have been seen in Broadway and on the streets this week. Mr. Smith is a well-known young broker, and his friends at home, in Fourth avenue, usually address him as "Roder" and speak of him as a good fellow. That he is a shrewd man of business he has proved in the week or so that he has been in New York. Naturally enough he gravitated to Wall street to see how things are done down there, and invested in 2,000 shares of Missouri Pacific. In one day he cleaned up a cool $10,000. Mrs. Smith the next day went to the shopping district and delighted her soul with some new gowns and other feminine vanities, while "Roder" took another flyer with the bulls and bears and smiled contentedly as he "cashed in" at the end of the business day. Having done his part to make Mrs. Smith's shopping tour a little more interesting, Mr. Smith was calmly enjoying a Perfecto in the lobby of his hotel tonight, as he remarked that they expected to go home on Saturday. His keen manipulation of stocks in the past year is said to have been a revelation to old brokers.

Croker Really Coming Back.

Confirmation of the report printed in this letter yesterday that Richard Croker will soon return to this country, but not as boss of Tammany, is furnished by a lawyer who arrived on the Teutonic from England this morning. The lawyer says that Croker wants a quiet home in this country where he will be free of the stress and turmoil of politics, particularly Tammany politics. He likes England pretty well, but would rather be in his own country, he says. He does not intend to come this year, however.

Uncle Russell at Work Again.

Russell Sage turned up at his office as usual this morning. He was taken sick yesterday, and grave fears for him ran through the city; but he appeared at his place of business at 10:45 today and observed that he had already attended a meeting of the directors of the Fifth Avenue bank, besides calling at his own house to see that everything was all right there. Speaking of his sickness yesterday he said: "I was overcome by weakness. I never had such an attack before, in all my four-score years." Your Uncle Russell is not to be crushed by a little sinking spell.

An Ex-President in a Fist Fight.

A row that began in San Domingo brought the two participants into a New York police court today. Juan y Jiminez, who was president of the San Domingo republic not long ago, is in New York, as is Gen. Abelardo A. Monse. The two men got into a dispute in the course of a disturbance in the West Indies and fought it out in a Broadway hotel. Jimenez charged the other with assault and the magistrate held the defendant for court.

Decision Affecting Roadway Right.

A decision rendered by Justice Steckler in the supreme court today as to the rights of hackmen may be an important precedent. A concern owning public cabs applied for an injunction restraining a similar company from keeping and maintaining cabs and carriages in front of a Broadway restaurant. The complaining company insist that they own the exclusive privilege of maintaining public passenger vehicles in front of this particular restaurant. The court decided that the plaintiffs are not entitled to an injunction, because the proprietor of a hotel has no more right to use the frontage of his house for a carriage stand than has any hackman. At this time, when theater managers are fighting for the right of controlling the sidewalk and roadway in front of their houses, this decision has caused a great deal of discussion among several classes of business men here.

Easier For the Tourists.

A new custom house rule that will affect many Pittsburghers, is in operation at this port. The collector of the port has decided that presents brought from foreign countries are not dutiable provided the presents are for some one directly related to the incoming passenger. Under the old rule, such articles were obliged to pay duty. An example of the way in which the new regulation works was afforded today on the arrival of the Teutonic. A passenger had in his trunk two child's dresses which he had purchased in Paris. They were passed free because he testified that the garments were for his own children. The duty on them would have been $7 had they not been presents for members of the passenger's immediate family. Inasmuch as most Americans who make a trip across the Atlantic are in the habit of bringing back souvenirs more or less valuable for relatives, this new arrangement will save a lot of money for summer tourists.

Cornelius Vanderbilt's New Toy.

Cornelius Vanderbilt, tiring of automobiles, has gone in for yachting of late. It was said around the Waldorf-Astoria tonight that he has just purchased the ocean cruiser steamer Cherokee, formerly the Sybarite. After her builders' trial it was said that she could carry coal enough to steam 5,000 miles at 12 to 12½ knots an hour. It was understood that the new owner will make his first trip in the Cherokee this winter, running over to the West Indies.

Tree Bears Two Crops a Year.

New York has a linden tree that blooms twice a year. It stands in East Fifty-first street, at the edge of the sidewalk, and is one of the landmarks of that part of town. It is an American linden, commonly known as a basswood, 40 feet high, and was planted 30 years ago. It sheds its leaves at the beginning of August, weeks before the usual time for lindens, and a month later, when other trees are beginning to strip for the winter, it blossoms forth in a second garment of verdure. The second growth of leaves does not last long, however, for the leaves have hardly reached their full development when they begin to die and fall away.

Young Mackay Buckles Down to Work.

Clarence H. Mackay, who arrived from England on the Teutonic, was down at the Commercial Cable building early this morning taking up the duties dropped by his dead father. The young man seems to be determined to cast aside the social pleasures and sports in which he has been so active and to take up the serious business of life with all the energy of his vigorous young manhood. One of the most important undertakings ready to the hand of Mr. Mackay, is the laying of the Pacific cable, anxiety over which is generally believed to have brought on his father's fatal illness.

Roosevelt's Monday Reception.

Many New Yorkers will go to Oyster Bay to take part in the big reception by President Roosevelt at Sagamore Hill next Monday. It is expected that not less than 1,500 persons will go up the bill to the homestead of the Roosevelts on that day, many of whom will be New York friends of the president. A body of detectives from this city will be present to reinforce the local police of Oyster Bay and the secret service men. The occasion will be a democratic one, with the president meeting all comers, and the authorities feel that too much care cannot be taken to protect the chief executive from cranks and assassins.

Heals Brute as Well as Man.

A horse of national fame, named Lord Vincent, was treated by Christian Science at Youngstown, O., last spring. Franklin Blake, Christian Scientist, practitioner and reader at the Second Church of Christ, this city, said today that he had not heard of this incident, but he knew no reason to doubt the Youngstown woman's success. It was a common experience, he said. "All animals are subject to the influence of man's mind, just the same as man controls man. You just throw the right mental atmosphere over the animal and it responds. It's all a mental process, very simple and natural, and you can find plenty of instances of the successful application of our principles to animals. I myself have grown accustomed to relieving suffering in poor dumb beasts as well as in men and women, and I think it is a worthy and pleasant service, as all our people do."

Five Bosses Instead of Three.

The latest Tammany report is that the triumvirate will be displaced by the committee of five after the primary elections. This committee will manage Tammany hall, it is said, just as the three have been trying to since Richard Croker let go. The original three will remain, with John C. Sheehan and John F. Carroll added. If the new element does not stir up things so that the noise can be heard throughout the city it will surprise most people. The triumvirate may not have accomplished much, but at least they did not quarrel. It will be harder for five men to work smoothly than three, according to the general Tammany sentiment expressed tonight.

Bookbinder's Tribute to McKinley.

President McKinley, when last in New York, bowed as he passed up Fifth avenue to a bookbinder of the East Side named Jacob Mueller. Jacob remembers the salutation with so much pleasure that he has just sent to Mrs. McKinley a miniature monument, made of strawboard and black velvet, which symbolizes the public services and sad death of the late president. The work is all done in the neat style of a skilled bookbinder and the materials all are those used in the trade.

Old Institution Still Growing.

The College of the City of New York, colloquially known as "New York college," today began its 53d session, with a registration of more than 2,000 students, with four well equipped buildings instead of two, as last year. This is the second year of the newly inaugurated elective system, which proved popular and successful last year, and will be continued without change for the present. Since the College of the City of New York was founded, more than half a century ago, there have been many more pretentious institutions of learning coming into existence in and near the metropolis, but the old college has always held its own, and many a father who was educated there would not allow his sons to go anywhere else.

PERSONALS.

Frank A. Brobst, proprietor of the Hotel Lincoln, left last night for New York city, where he will conclude arrangements today with New York financiers for the erection of a 20-story hotel in the uptown district of that city. Some of the wealthiest men of Gotham offered to build Mr. Brobst one of the finest hotels in the city on condition that he would give it his personal management. The site is purchased. The hotel, bare of furnishments, is to cost $200,000. Mr. Brobst's son will become resident manager of the Lincoln, if the eastern scheme is successful.

Congressman R. P. Bishop, a member of the rivers and harbors committee, is a guest of the Monongahela house. He will be of the number who will make an inspection of the channel of the Monongahela river today.

Mr. and Mrs. A. J. Ehrenfeldt of Altoona, accompanied by their family and several friends, came on yesterday to attend the exposition. They are stopping at the Lincoln.

Neighbors Visiting Pittsburgh.

The following persons from nearby towns are registered at the downtown hotels:

Lincoln—I. S. Morgan, Ebensburg; J. Pierce, Jr., Youngstown, O.; H. E. Wood, Altoona.

Seventh Avenue—R. W. Nicholls and J. P. Thompson, New Castle; R. R. Leonard, Oil City.

Monongahela—A. F. Findley, Franklin; A. S. Carrell, Parkersburg, W. Va.; C. M. Noble, New Castle.

Duquesne—Mrs. W. C. Beaty and the Misses E. L. and F. E. Jones, Franklin; John A. Boucher, S. E. Heines, Titusville.

Victoria—J. C. Fork, Natrona; H. A. Hitchburn, Cleveland, O.; M. E. Raffin, Washington.

Anderson—Mrs. H. E. Hoover and party, Greenville; E. R. Jenkins, Irwin; R. E. McCoy, Derry Station.

Newell's—T. E. Trumbull, Natrona; Frank Morgan, Oil City; James F. Ferguson and Robert A. Martin, Latrobe.

Henry—R. R. Jack, Apollo; H. T. Luken, California.

ARBITRATION AS APPLIED IN THE UNITED STATES AND ELSEWHERE

Legislative Efforts to Avoid Strikes and Lockouts in This and Other States and in Australasia.

The long strike of the anthracite coal miners, with the resultant heavy increase in the price of hard coal, has directed general attention to the question of arbitration—compulsory and otherwise—as a method of settling labor disputes in which the public suffers. A brief recapitulation of the several arbitration laws in effect in this country and in Australasia is therefore timely. It will be found of interest to the working classes, employers of labor and the general public.

The Pennsylvania Law.

In this state the law provides that whenever differences arise between employers and employes in the mining, manufacturing or transportation industries of the commonwealth which can not be mutually settled to the satisfaction of a majority of all parties concerned, it shall be lawful for either party or for both parties jointly to make application to the court of common pleas wherein the service is to be performed about which the dispute has arisen to appoint and constitute a board of arbitration to consider, arrange and settle all matters at variance between them, which must be fully set forth in the application; such application to be in writing and signed and duly acknowledged before a proper officer by the representatives of the persons employed as workmen or by the representatives of a firm, individual or corporation, or by both, if the application is made jointly by the parties; such applicants to be citizens of the United States; and the said application shall be filed, with the record of all proceedings had in consequence thereof, among the records of said court.

Court May Appoint Board.

When the application, duly authenticated, has been presented to the court of common pleas, it shall be lawful for said court, if in its judgment the said application allege matters of sufficient importance to warrant the intervention of a board of arbitrators, in order to preserve the public peace or promote the interests and harmony of labor and capital, to grant a rule on each of the parties to the alleged controversy, where the application is made jointly, to select three citizens of the county, of good character and familiar with all matters in dispute, to serve as members of the said board of arbitration, which shall consist of nine members, all citizens of this commonwealth; as soon as the said members are appointed by the respective parties to the issue the court shall proceed at once to fill the board by the selection of three well-known character for probity and general intelligence, and not directly connected with the interests of either party to the dispute, one of whom shall be designated by the said judge as president of the board of arbitration.

Notice in Both Parties.

Where but one party makes application for the appointment of such board of arbitration the court shall give notice, by order of the court, to both parties in interest, requiring them each to appoint three persons as members of said board within 10 days thereafter, and in case either party refuses or neglects to make such appointment, the court shall thereupon fill the board by the selection of six persons who, with the three named by the other party in the controversy, shall constitute said board of arbitration.

Full authority to compel attendance of witnesses is conferred upon the board. Each party in turn shall be allowed a full and impartial hearing and may examine experts and present models, drawings, statements and any proper matter bearing on the case, all of which shall be carefully considered by the said board in arriving at their conclusions, and the decision of the said board of arbitration shall be final and conclusive of all matters brought before them for adjustment.

The Federal Machinery.

The federal government has established machinery for arbitration and mediation as regards strikes and lockouts upon interstate transportation lines. An act of 1888 permitted the parties to any such dispute voluntarily to create a board of arbitration for the settlement of that particular difference.

There was, however, no provision for the enforcement of awards. In 1898 a new act was passed, largely in view of the recommendations of the United States strike commission, appointed by the president to investigate the great railway strikes in 1894. By this act, either or both parties to a dispute upon an interstate transportation line may request the intervention of the chairman of the interstate commerce commission and the United States commissioner of labor. These officers shall try by mediation to bring about a peaceful settlement, or, if this attempt fails, they shall urge the parties to submit to arbitration.

Commissioner Wright's Authority.

It is contended this law applies only to railroad strikes. The law under which Commissioner Wright investigated the miners' strike was the general law under which the labor bureau is organized, which provides that "the commissioner of labor is also specially charged to investigate the causes of and facts leading up to all controversies and disputes between the employer and the employes as they may occur and which may tend to interfere with the welfare of the people of the different states."

A bill was agreed upon by the house committee on labor last June, giving the president authority on the application of parties involved in a labor dispute when interstate commerce is affected to appoint arbitrators. This may be heard of at the next session of congress.

Civic Federation's Plan.

The industrial department of the National Civic Federation is the outgrowth of a meeting of the federation in Chicago last fall. It was formed last spring with the following declared objects: "The scope and province of this department shall be to do what may seem best to promote industrial peace; to be helpful in establishing rightful relations between employers and workers; by its good offices to endeavor to obviate and prevent strikes and lockouts; to aid in renewing industrial relations where a rupture has occurred.

"That at all times representatives of employers and workers, organized or unorganized, should confer for the adjustment of differences or disputes before an acute stage is reached, and thus avoid or minimize the number of strikes or lockouts.

"The mutual agreements as to conditions under which labor shall be performed should be encouraged, and that when agreements are made the terms thereof should be faithfully adhered to, both in letter and spirit, by both parties."

The Method in Boston.

The method of preventing strikes and lockouts which has been tried for 10 years in Boston between the Master Builders' association and the workmen has been absolutely successful in every respect.

"All questions of mutual concern" must be brought before the joint committee, which is to be appointed annually by each side. The principle is to make trouble impossible by providing beforehand for all points upon which dispute is probable or possible. This joint committee consists of an equal number of representatives of each association. One part of the agreement says: "The parties hereto agree to abide by the findings of this committee on all matters of mutual concern referred to it by either party. It is understood and agreed by both parties that in no event shall strikes and lockouts be permitted, but all differences shall be submitted to the joint committee and work shall proceed without stoppage or embarrassement."

The joint committee must consist of not less than six members, equally divided between the associations represented and an umpire, who must be chosen the first thing after the committee completes its annual organization. He must not be a journeyman craftsman or an employer of journeymen.

Works Well in Columbus.

The skilled mechanics and the manufacturers of Columbus are banded together under the solemn promise that there shall be no lockouts and no strikes at the plants which they control or at which they work. They are pledged to submit every difference which cannot be settled by informal, friendly discussion to arbitrators, representatives of the two classes, and to abide by the decision. A number of differences have arisen since the association was organized in September, 1900, and each time they have been settled promptly and without friction.

The leading authority in this country on the New Zealand system—a man who has investigated it carefully at first hand—is Henry Demarest Lloyd, author of "Wealth Against Commonwealth." He says that the war between capital and labor had become so bitter that the New Zealanders determined to have compulsory arbitration. Their labor commissioner, W. P. Reeves, whom Mr. Lloyd calls a genius, framed a measure and, after three or four years of agitation in and out of parliament, succeeded in having it made a law.

The Essential Points of Law.

The five essential points of the law are as follows:

First—It applies only to those industries in which there are organized trades unions.

Second—It does not prevent private conciliation or arbitration.

Third—Conciliation is exhausted by the state before it resorts to arbitration.

Fourth—If conciliation is unsuccessful the disputants must arbitrate.

Fifth—Disobedience of the award may be punished or not at the discretion of the court.

Mr. Lloyd adds: "The compulsion of the law is threefold: Compulsory publicity, compulsory reference to a disinterested arbiter—provided the disputants will not arbitrate voluntarily, compulsory obedience to the award. It does not forbid nor prevent disputes, but makes the antagonists fight their battles in court, according to the legal code instead of the ordinary rules of war. There is no 'making men work by law,' and no 'fixing wages by law.' The law says only that if they work it must be without strikes or lockouts, and that, if they cannot agree as to price, the decision shall be left to some impartial person, and not fought out."

But the state cannot initiate arbitration, and no dispute, except in trades where trades unions are registered, can be considered.

Composition of the Court.

The court of arbitration is composed of three judges, appointed by the governor-general. One must be representative of the trades unions and nominated by them, one must be representative of the employers' association and nominated by them, and the presiding judge must be a member of the supreme court. This court of arbitration, if necessary, is assisted by chosen experts from the outside, representing both sides in the dispute.

The moment either side, with a grievance or dispute, or with any apprehension of a strike or lockout, summons the other to court it is a punishable offense for the workmen to stop work or the employer to close down. If any employer locks his men out without warning, he can be arrested, and so can workmen who go out without warning. Consequently all strikes and lockouts are prevented. Employers can summon their men to court only as members of a trades union, but the men can compel any individual employer to appear in court. The court can compel the attendance of witnesses and the production of any papers or books in a dispute; they can also visit any shop or premises when work is being done. Lawyers are not allowed to appear in a case unless both sides are willing.

The decisions of a board of conciliation are not binding. The decisions of the court of arbitration are binding or not in the discretion of the court, and any violation of a decision that is made binding may be punished by fine and imprisonment.

Arbitration in New South Wales.

The New South Wales law is a later enactment than the New Zealand statute. In New Zealand any seven persons can form an industrial union, but in New South Wales only a registered trades union can do so. The reason for the change is that the privilege given in New Zealand was abused and has been sometimes used by manufacturers to arouse disputes in the factories of trade rivals. Moreover, it is enacted that no industrial dispute can be referred to the court of arbitration save by a registered trades union or by the official registrar, and it is also imperative that the opinion of a majority of the members of the trade shall be taken in a manner prescribed.

Again, there are no boards of conciliation, as in New Zealand. This means that there will be no preliminary investigations, the dispute being taken straight into court, thereby preventing delay and decreasing expense. Another and most important innovation consists in making it a misdemeanor by employees to strike or by employers to lock out, either before a reference or during its progress. There is to be no cessation of industrial operations pending the settlement of the dispute.

How Awards Are Enforced.

The court is to be composed of a judge of the state supreme court, as president, and two members, one elected from among the employers and one by the employes.

The orders of the court may be enforced, as in New Zealand, by injunction or by fines and penalties, levied both on the corporate funds of the union and on individual members; but they are also enforcable by another method, upon the efficiency of which will probably depend the success or failure of the act—the declaration of a common rule. Briefly put, the common rule enactment gives the court power to declare that any practice, usage, etc., shall, with such limitations and exceptions as the court shall specify, become a common rule for all persons employed in the particular industry under review. When once it is declared it must be obeyed, just as a regulation under the factories acts, the inspectors under which will be intrusted with its enforcement. It will be open to any person aggrieved to apply to the court to be excluded from the common rule, and the court has full power at any time to vary its own orders.

Misunderstood Instructions.

From Current Literature.

A Georgia hostess, entertaining a large party of guests in her plantation home, expected an English lord on a night train. While her jet black "George Washington" served her American guests admirably, he had had no experience with English titles.

Therefore, considering a little instruction necessary, Mrs. G.——— proceeded to give it, as follows:

"George, Lord C——— will be here for breakfast in the morning, and you must pass your tray to him first, and say, 'My lord, will you have so and so?'"

After going through the formula several times George was dismissed, looking more than usually self-important.

When breakfast was announced George was in his place, his face shining like polished ebony and his eyes like full moons. When the guests were seated George hesitated a moment, then made a dash at the guest of honor with his tray, and burst out:

"Good God A'mighty, will you hab some o' dis?"

GEORGIA COLONEL AND HIS TITLE

Northern Man's Inquisitiveness Was Rebuked With Politeness.

"YOUNG Mr. Crisp of Americus, Ga., a son of former Speaker Charles F. Crisp of the house of representatives, who passed through Pittsburgh the other day, brought to my mind an interesting and amusing experience I had in the 'goober' section of Georgia not many years ago," said a visiting newspaper man at one of the large hotels last night. "The incident occurred while I was doing some special write-up work in the interest of the Central Railway of Georgia. It was my custom in the writing up of the larger towns to call upon one or more leading citizens, gather data and present same as a biographical feature of a magazine. In one bustling town I was hard put. But there was a Col. Harrison. He was a young man and an attorney of mediocre ability. His claim to peculiar distinction lay in the fact that he was one of the three men who carried William Jennings Bryan from the platform of the convention hall, Chicago, in 1896, at the close of that peroration of which the 'crown of thorns and cross of gold' formed so noteworthy a feature.

"I presented my card and told him I should like to procure some data concerning his life. His eyes glistened, his bosom swelled, and he for the time seemed covered with confusion. After assuring me of the pleasure it would afford him, I entered upon my work.

"'You may say,' said he, 'that my full name is Col. Thomas Jefferson Harrison, that I was raised right here—sah, in this vicintage; that in

THREE AMERICAN WARSHIPS SENT TO THE ISTHMUS

Marines Are to Be Landed if Necessary to Protect Railroads.

PANAMA CITY ALSO MAY BE GUARDED

Emergency So Sudden That Haiti Must Be Left Unwatched Until the Cruiser Montgomery Can Get There—Affairs Serious.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Washington, D. C., Sept. 11.—So serious is the war situation on the isthmus, where both Colon and Panama are in danger of attack by the revolutionists, that Secretary Moody has ordered the battleship Wisconsin and the cruiser Cincinnati to proceed thither. The Wisconsin is at Bremerton and the Cincinnati at Cape Haitien.

The gunboat Montgomry will be sent to replace the Cincinnati at Port-au-Prince.

Later in the day the officials of the navy department decided to take no chances of an insufficient landing force in case of an emergency on the isthmus, and orders were sent forward to the United States steamer Panther, which is now en route to League Island, to take aboard a battalion of marines upon her arrival and proceed to Colon. Orders were issued for the organization of the marines, which will number 380 men.

Will Protect the Railroad.

The commanders of the Cincinnati and Wisconsin will be instructed to enforce our treaty stipulations with Colombia strictly by preventing new interference with traffic across the isthmus, and also to prevent a bombardment of Panama from the sea, on the ground that this in itself would constitute a menace to traffic. Neither the Wisconsin nor the Cincinnati carries very large marine contingents, but any lack in this respect it is said, can be made up by equipping jackies for shore duty should it become necessary to land a force.

The sudden turn of events near Panama came as a surprise to officials of the state and navy departments. Affairs in that quarter had quieted to such a degree that only the little gunboat Ranger kept watch. The Marietta was keeping a close eye on the trend of affairs in Venezuela and the Cincinnati was performing similar duty in Haiti. The emergency arose so suddenly, therefore, that Haiti must be left unwatched by an American war vessel during the interval between the departure of the Cincinnati for Colon and the arrival of the Montgomery in Haitien waters.

It is thought that the center of trouble is likely to be at or near Panama City, and it is for that reason and because of the small size and complement of the Ranger that the big Wisconsin has been dispatched to the scene.

Serious Alarm at Panama.

PANAMA, Sept. 11.—The situation of the Colombian government on the isthmus is today thought to be more serious than it has been for some time past. It is reported here that Gen. Herrera' revolutionary army consists of nearly 5,000 men, who are encouraged by their recent successful engagements with the government troops. The principal strength of the revolutionists lies in the fact that with their fleet of gunboats composed of the Padilla, Boyaca, Chiltan and Darien, supplemented by numerous sailing vessels, they can maneuver and operate at sea without molestation.

PORT-AU-PRINCE, HAITI, Sept. 11.—The revolutionary general, Chicoye, has been tried by a military tribunal and sentenced to be executed at Jacmel October 9. Preparations for an attack by government forces upon Gonaives, the headquarters of the Firminist revolutionists, are continued.

Gen. Chicoye, the Firminist commander, was defeated at Petit Goave August 8 and it is claimed he set fire to that town before evacuating it. He was arrested at Balnet, near Jacmel, about 10 days ago.

HAD THREE-CORNERED FIGHT FOR CHILDREN

Father, Mother and Humane Society Are Trying to Secure Them.

Two pretty little girls played in orphans court all day yesterday while the Western Pennsylvania Humane society and their mother and father fought a three-cornered legal battle for the right to take charge of them. The case involved the curious feature of a philanthropic East End lady offering to care for the babies, raise them as her own and leave them her money when she died.

The little girls were the children of Constable Benjamin Duncan of the Eighth ward, who has now pending a suit for divorce against his wife, charging her with cruel and barbarous treatment. Mrs. Duncan had left her husband and went to live in the home of Mrs. Hirschman as an employe. She interested Mrs. Hirschman in her story with the result that a petition was filed to revoke the guardianship of the Humane society, and turn the children over to the mother.

Shortly after the trouble in the Duncan family began the mother was charged before Alderman Conners with ill-treating her children and neglecting them. The Humane society took charge of the babies and applied to orphans court to be appointed their guardian. The society placed the girls in the home established by the Children's Aid society, where they are now living.

Mrs. Duncan filed a petition in orphans court to have the guardianship revoked.

When she was examined Attorney F. W. Smith, representing the Humane society, asked her how she would care for them if they should be given into her custody. She said that Mrs. Hirschman, with whom she was living, had consented to take care of them. Mrs. Hirschman stated that she would not only take them as her own, but would leave them her money when she died.

The Humane society then withdrew its objections and Attorney Smith said that if Mrs. Hirschman would become their guardian, he would gladly consent to the change.

But Constable Duncan refused to give up possession of his babies, declaring that he was paying to have them raised by the Children's Aid society, and had a right as their father to object to the appointment of another guardian.

The court declined to make an order at this time, stating that he would leave the girls with the Humane society until after the divorce case was finished. He said that the matter would then be taken up and settled. The children were sent back to the home.

CAMPBELL'S.

Great Bargains in Girls' School Dresses.

An extraordinary money-saving opportunity—a lot of girls' one-piece cloth dresses to be closed out in plain and fancy fabrics and plaids—good colorings and practical styles—your choice today of dresses that sold up to $5.00 for $1.98. THE PEOPLE'S STORE, 537-539 Fifth Avenue.

Tomorrow Will Be the Day of Repetition of the Thrilling Money-Making Scenes of June 7th! If You Haven't Secured Your Tickets Don't Fail to Get Them To-Day for the

GRAND FREE EXCURSION TOMORROW SEPTEMBER 13TH

TO THE OPENING SALE OF LOTS IN FIRST ADDITION TO

TRAFFORD CITY!

Any one of the thousands who participated in the grand rush for the Great New Westinghouse Industrial City's lots on June 7th will tell you that the above illustration is true of actual occurrences on that famous day—but one of many like scenes in which level-headed investors made huge profits in the twinkling of an eye.

To Make a Fast Sale of the Lots in Addition to Trafford City

and get building operations in motion all over the great new Westinghouse town, we have set a popular price on every site that will be offered. Choice lots will be sold at

$150, $200, $250, $300, $350 and $400.

Some extra choice sites have been priced a little higher. Yet in every instance the price is at least 25 per cent less than the lots can be sold for the day following the sale. You can measure this statement by incidents that happened on June 7 and learn that it is surely a conservative one—that the opportunity to make big money has been trebled owing to the building operations, completion of street improvements, and the extensive but partial construction of the immense works.

The terms on which lots will be sold are:

10 PER CENT DOWN.
BALANCE 3 PER CENT MONTHLY.
NO TAXES OR INTEREST UNTIL DELIVERY OF DEED.
15 PER CENT DISCOUNT FOR CASH.

This discount is allowed when purchaser pays all cash within thirty days or pays one-third cash within thirty days and gives bond and purchase money mortgage for the balance, payable in two equal annual installments with interest.

All lots on residence streets will be sold with restrictions requiring that houses be built back 20 feet from the sidewalk.

The title of the property will be guaranteed to each purchaser by a free policy issued by the Real Estate Trust Company, of Pittsburgh, Capital and Surplus $3,500,000.

In less than three-fourths of a day $535,000 worth of property was bought up by the first investors and $70,000 worth resold one to three hours later at large advances.

It is said that one man made $11,000 the next day reselling lots that he and his friends had purchased. A woman cleared $3,900 before she left the porch in front of the pay window.

No doubt the marvelous expansion of all the Westinghouse industries, brought about by the finding of many new markets in various parts of the world, has stimulated the money-making proclivities of investors to an extent that has certainly astonished the real estate men of the entire country. Yet the demand for Westinghouse property has not opened their eyes any more than has the success of the Westinghouse industries, for the reason that the Westinghouse industrial expansion has built up, on actual figures, 23 per cent more real estate wealth to the money invested, than has Pullman or any of the famous commune-establishing industries of Germany or Europe.

You can see from this that investors had substantial reasons for wedging in ahead of the excursion trains at the last great sale. What if men and women did camp out all night, resting under no other counterpane than the blue sky, when at daybreak it was possible to pocket from $500 to $5,000 of clear money? The Pittsburgh "Times," in its great "scare-head" article the next morning, in the first columns on its first page, did not overstep the bounds of veracity one word when it stated that Oklahoma had been out-Oklahomaed. 2,000 people were on the grounds trying to buy lots five hours after the last lot had been sold. The excursion trains alone carried 4,600 people. When these 4,600 people arrived on the plan there were at least 5,000 people there that took earlier trains and came in the night before, all of which shows that property with the Westinghouse guarantee of success back of it is preferred to any other in the market.

The second plan presents just as great an opportunity for investors as the property that was put on the market in the first memorable sale. It is an extension of the first plan into just as finely situated land, made valuable by the unprecedented march of improvement that has taken place on the lots sold at the opening event.

Since that memorable day all the streets of Trafford City have been paved, sidewalks have been put down, city water has been turned on, electric lights are being placed and the Pittsburgh Railways Co.'s traction line, connecting Pittsburgh and intermediate points with Trafford City has been completed.

Another big trolley line will be built from Trafford City to Greensburg. Blairsville and Apollo. Saltsburg, Indiana county, is to be the center of this extensive system.

The first great Westinghouse foundry at Trafford City will be in operation early next spring, with 3,500 men employed. When the entire plant is completed there will be employment for 10,000 men. This will occur in less than a year, and from such a tremendous impetus will spring a city of at least 50,000 people.

Chartered Free Excursion Trains will leave Johnstown, Derry, Latrobe, Greensburg, Uniontown, Connellsville, Scottdale, Irwin, Jeanette, Pittsburgh and all intermediate Points.

Secure train schedules and your free excursion tickets at once! Don't wait until the limit has been reached in the number of tickets we are permitted to give out! If you live in the City, or where we haven't a local agent, apply for tickets to the Real Estate Trust Co.'s office, 311 Fourth Avenue, Pittsburgh.

Residents of Wilmerding, Turtle Creek and East Pittsburgh will be able to secure tickets at the East Pittsburgh Improvement Co.'s office, Commonwealth Bank Building, in East Pittsburgh.

Tickets can also be secured from our agents at the following towns:

Johnstown—Harry Murdock, Capitol Hotel.
Latrobe—Hargrave & Hughes.
Greensburg—Geo. W. Guthrie, Zimmerman House.
Uniontown—Frederick P. Barr, Moran House.
Connellsville—P. A. Byrne, Marietta House.
Jeanette—McWilliams & Kerr.
Irwin—McWilliams & Kerr, Jeannette.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Philadelphia, Sept. 11.—The champions won both games today with Philadelphia, rolling up a big lead early in the contest. In the first contest the Phillies practically presented the game to their opponents by their numerous errors in the field. White outpitched Chesbro and with good support the champions would have been lucky to score one run. Chesbro popped the ball over the plate, but he got away with it, as the Phillies could not get hits when needed. He was also wild in several innings, and in the ninth was forced to give way to Leever.

Leach's work at third was again a feature, he accepting all of nine chances. Foley also did good work at the third corner, despite his two errors. Although there were two games for one admission, there was but a slight increase over yesterday's attendance, the crowd numbering 402 paid.

White's Throw Was Costly.

With two out in the first inning, Pittsburgh gathered in three runs. Wagner got hit and took third on White's wild throw to catch him off first. Bransfield's single sent in Hans and Sebring drew a base on balls. Burke's single got away from Doolin and Bransfield and Sebring reached home. Conroy struck out. In their half of the inning, the Phillies got two hits after two were out, Krug and Jennings making nice drives, but Doolin was retired, Burke to Bransfield.

Pittsburgh got two more in the fourth on Conroy's hit, a base on balls to Phelps, Chesbro's sacrifice and Beaumont's single. Leach got hit, but the next two were easy outs. Leach made a nice three-bagger in the sixth, but as there were two out at the time, he was left on the bag. Chesbro developed a wild streak in the fifth. He gave Childs and White passes and both resulted in runs. Thomas followed with a hit, Barry drove a long fly to Sebring and Krug made a single. But the next two men went out.

The home team added two more in the sixth which put them back into the game. Douglas walked and Foley got hit and was forced at second by Childs. White hit for two bases, scoring Douglas and Childs, but was out trying to stretch his hit into a three-bagger. Pittsburgh got back two in the seventh through errors by Krug. He fumbled Sebring's grounder and Burke followed with a hit, the latter being forced at second by Conroy, but Krug made a three-base wild throw on Phelps, allowing Sebring and Conroy to score.

The Phillies had the bases full in the eighth, but could not get a man across the plate. In the ninth, however, they made a bold bid, and Capt. Wagner was forced to call Leever from the bench to check the rally. Jennings hit for two bases and scored on Doolin's single. Douglas walked, and then Leever relieved Chesbro. He struck out Foley and Childs flied to Leach. White walked, but Thomas ended the game with a pop fly to Leach.

New Pitcher Does Good Work.

Pittsburgh tried a new pitcher in the second game, and his work showed that he is good enough to be with a champion team. The youngster is Barney McLaughlin of the Connecticut league. He is a south paw, stocky built, red-faced and light hair, and looks all over a ball player. He has excellent speed and curves, and for six innings he had the Phillies completely at his mercy, two hits, one of which was a scratch, being all that they made. In the seventh he let up a bit, and three singles were bunched on him.

His support was not of the best, except by Wagner. His work at short was the feature of the contest, accepting ten chances. In the fifth he leaped two feet into the air and pulled down a hot liner from Thomas' bat. Burke also made a nice running catch of a hit over first, and Doolin, in left for the Phillies, also had several hard chances. Shea, the Philadelphia new catcher from Ilion, N. Y., made a favorable impression.

Umpire Latham caused quite a shakeup in the Pittsburgh team in the first inning. There was a big dispute when he called Bransfield out on strikes and before it was ended, Bransfield and Conroy were ordered to the bench, Wagner took Conroy's place at short, Leever went to left and Phelps to first base.

Pittsburgh started the run-getting in the third. Zimmer's hit was stopped in great shape by Krug, but the chief was safe on first. McLaughlin struck out in attempting to sacrifice. Beaumont doubled to left and Leach tripled, scoring Zimmer and Beaumont. Wagner struck out. Phelps got hit and stole second. A single to right by Sebring sent in Leach and Phelps. Burke put up a foul fly to Foley.

The Quaker Hits Were Few.

The Phillies got but two hits off McLaughlin up to the seventh inning, Foley, Childs and Fraser then hit safely, which, with a wild throw by Beaumont, netted two runs.

The visitors gathered in four more in the eighth, Leach flied to Barry, but Wagner singled, and Foley fumbled Sebring's grounder, and Wagner scored. Krug did the same trick on Burke's grounder, filling the bags. Leever struck out, but Zimmer waited for a pass, forcing in Phelps. McLaughlin singled, scoring Sebring and Burke. Beaumont put up a high one to Thomas. The Phillies secured one put in the ninth. Shea got hit, Childs sacrificed, Fraser walked and Shea got home on Thomas' out. The scores:

Umpires—Latham and Irwin.

NOTES OF THE GAME.

McLaughlin, the champions' new twirler, made a very clever showing in his first game. He held the Quakers down to seven hits, struck out five batsmen and only gave two bases on balls. The new man is a left-hander and was secured from the New London club of the Connecticut State league.

The Pirates were up against empty benches again yesterday, playing a double-header to 402 people, while at Connie Mack's park 2,000 spectators gathered to witness a double feast. The showing of the last two days leaves no room for wonder why Col. Rogers favors peace with the American and non-conflicting dates.

Bransfield and Conroy had a run-in with Arbi Latham early in the second game over a decision on strikes and both players were put out of the game and off the grounds. This forced Wagner to go to second and Schoolmaster Ben Shea was sent out to left field. The Schoolmaster, by the way, is not such a bad fielder when he wants to get a move on.

Ren Mulford, writing from New York, says: "Before the Pirates returned to Philadelphia Hans Wagner told the story of his temptations and the way he escaped the attentions of his American pursuers. While American scouts were claiming that Hans had signed Wagner, he ran into Barney Dreyfuss' room and said: 'Mr. Dreyfuss, give me a contract to sign, quick.' He got it, and, speaking of his actions, said: 'I think Phillies and other players of the Pittsburgh club do. The National league is good enough for me and the treatment I have received from the Pittsburgh club is such that I have no kick to make. We have had the best there is in the land under Mr. Dreyfuss and I am going to stick by him.'"

WON HIS OWN GAME.

Malarkey's Home Run Gave Boston a Victory—Second Game a Draw.

BOSTON, Sept. 11.—In a double-header today Boston won the first, but the second was a draw, darkness ending the game in the eighth inning. Malarkey won the first game in the eleventh inning with a smashing drive over the left field fence. Long, who has been pitching for Lawrence in the New England league, pitched for Boston in the second game and held St. Louis down to four hits. But for Greminger's error Boston would have taken the second game. Scores:

FIRST GAME.

DIVIDED THE GAMES.

New York Won the First and Chicago the Second.

NEW YORK, Sept. 11.—The Chicago and New York teams broke even in the double-header, which finished the last series between them this season. The first game was won by the locals, who knocked Lundgren for three runs in the opening inning. They went to pieces in the second game, however, and could not hit Morrissey effectively, while their fielding was bad. McGinnity was touched up by the visitors and there was plenty of clever batting done by them. Scores:

FIRST GAME.

Chicago.	R.	H.	P.	A.	E.	New York.	R.	H.	P.	A.	E.

GOT ONE EACH.

Bill Dahlen Blamed for the Brooklyn's Defeat.

BROOKLYN, Sept. 11.—Brooklyn and Cincinnati played a double header at Washington park today. Cincinnati won the first game and Brooklyn the second. The first game was one-sided, the western club batting Evans freely, and this, combined with poor fielding, enabled Cincinnati to pile up eleven runs, while the best the home team could do was three runs. Dahlen at short was largely responsible for the victory of the visitors as he made three costly errors. He was taken out of the play in the second game, Wheeler taking his place, and Donovan covering the second bag. The scores:

FIRST GAME.

DENIES ANY HOLD UP.

President Dreyfuss Says Tannehill Did Not Ask for $17,000 for Two Seasons.

President Dreyfuss of the Pittsburgh club, who has been in the east, returned home yesterday and brought with him a denial of the story sent out from New York that Jesse Tannehill, acting as spokesman for himself and Chesbro, had demanded $17,000 each for a two years' contract with the Pittsburgh club.

Mr. Dreyfuss says there is not a word of truth in the story. He says he has not spoken a word to Tannehill for a month. Chesbro was not in New York with the team, but was on a visit to his home in North Adams, Mass. He also denies the report that Tommy Leach demanded another week to think the contract matter over.

"The only thing I can say now," said President Dreyfuss, "is that Pittsburgh will next season be represented by the best baseball team in its history. I am not in a position now to go into details, because too much talk might spoil some of my plans. My time is fully occupied enthusiastic over the work of Seybring, the new outfielder, and is sure he will become popular here. He also thinks very well of the young pitchers, McLaughlin and Hendrickson, whom he has added to his staff and will strengthen the club out."

There is some talk of the Pirates' owner going into court to restrain his players from leaving him. It is claimed he has a strong case, as the players made out their own contracts last year, calling for two years' service. So far, Mr. Dreyfuss would not discuss the report.

WILL MAKE A TOUR.

The Pirates Will Play a String of Exhibition Games.

President Dreyfuss has arranged the following schedule of exhibition games for the champions this month, the proceeds to be divided among the players: September 19, Homestead; 22, Buffalo; 23, Toronto; 24, Montreal; 25, Worcester, Mass.; 26, North Adams, Mass. This tour is permitted by open dates in the league schedule.

Altoona Saved the Game.

ALTOONA, PA., Sept. 11.—(Special.)—Altoona allowed Jamestown to get a dangerous lead today through erratic fielding and pounding of Whisner's delivery. But when Appleton sauntered to Whisner in the third Carpenter's men got a hustle on and by great uphill work landed a victory. Hinton batted and fielded brilliantly. Score:

Jamestown	0	0	0	0	0	1	0	0	0—8
Altoona	2	0	0	0	3	2	0	2	*—9

Batteries—Whisner, Applegate and Lee; Piper and Hassett.

Colored Team's Awful Dose.

The Millvale team easily defeated Howard's Colored American wonders yesterday 27 to 0. Vance pitched for the victors and certainly made good, and with a little more experience and less swing he will make his mark. There was fun galore during the game. The antics of the wonder were rich, especially on fly balls and liners. These were satisfied to take them on the bounce, while the crowd laughed and the home team ran bases to their hearts' content.

AMONG THE AMATEURS.

The North Sides tackle the strong Nunnery Hill A. C. Saturday on the Quarry grounds.

All the T. F. Ashford players are to report at the club house on Friday night at 7 o'clock sharp.

The Shiloh Tigers would like to arrange a football game for Saturday. Address Frank Kennel, Elliott P. O., Elliott, Pa.

Carnegie A. C. would like to hear from all 90 to 100-pound teams. Address all games to W. O'Rourke, care Carnegie club, Braddock.

The original Orange Athletic club reorganized for the season of 1902 and all players requested to report for practice Tuesday evening next. For games address J. P. Cotter, 7119 Kelly street, Pittsburgh.

The National Duke Grays would like to arrange for a game at McKeesport Saturday, September 13. Arrangements for game can be made by calling McKeesport, Bell 'phone No. 221 and ask for H. J. Campbell.

The following candidates of the Avalon Junior football team will meet on Friday night at Brigade armory at 7:30 p. m.: M. Louden, Swan, Harper, Bowery, Niehaus, Cowell, Harger, Alston, Mendenhall, Boulfrois, Sleeth, Bonham, Marx and Hamilton.

The Westinghouse Electric club plays one of the last games of the series with Westinghouse Machine Company at Wilkinsburg Saturday. Olin and Olin, Electrics and Scott and Carland, Machines, bowlers, and could not hit Morrissey effectively, while their fielding was bad. McGinnity was touched up by the visitors and there was plenty of clever batting done by them. Scores:

The Trentons journey to Aspinwall and will play the team of that place and expect to come back with a scalp. The following players are to report at the club house at 12:30 sharp: Gordon, Welch, Swift, Joyce, Barry, Kennedy, Donahoue, Ropes, Fisher, Murphy, Lewellen, Cullen.

The Tuscarora A. C. of Allegheny would like to hear from all 80 to 85-pound teams in Western Pennsylvania and Ohio. All members are requested to report at the Quarry for practice Friday evening. For games address Elmer Wade, 1200 Federal street, Allegheny, or Bell 'phone 1404 Grant.

The second football team Emsworth A. C. will open the season Saturday, September 20, on the Exposition grounds, pitch and dare all comers from Emerson team of Pittsburgh. Emsworth players are requested to be on grounds at 2:45 sharp. All 100 to 105-pound teams desiring games please write T. Walt Wiesman, Emsworth, Pa.

The Flavels, who are representing the East End, with an all star eleven in the 90-pound class, would like to hear from all good teams in their weight. They practiced Monday and Wednesday evenings and expect to give all teams in the 90-pound class a run for their money. Flavel would like to hear from Egress, Pierce, Allegheny, Lemington, Steelings and a few out-of-town teams. For games address Jacob Heisey, Maryland street, city.

The Lowell A. C. football team was out for practice Tuesday night and showed up in the form. All of the last year's players were on hand and it is likely the Lowell team will have the 100-pound championship, which they won last season. There were so many players this season that they will form two teams, so as to give all the boys a chance to play. The Lowell A. C. has quite a few date filled and such teams as Grange, Foster, Rushton, and Shiloh Park can get a game by addressing W. A. Lauder, 5203 Lincoln avenue, city. The following players are requested to report for practice Friday evening at 7:45 sharp: McClarren, Wilson, Lockfer, Tweddle, Wyman, Sonick, Lawrence, Oesterly, Miller, Kerlin, Bolsson, Rader and Laner.

BUNCHED THE HITS.

Chicago Managed to Win a Game from Cleveland.

CLEVELAND, Sept. 11.—Chicago bunched its hits in the fourth and ninth innings today, and won easily, the hitting of Jones and Green being a feature. Score:

WILL PUSH THE FIGHT AGAINST VIEWERS' REPORT

Property Holders Take Diamond Street Widening Into Court.

TWENTY-FIVE FILED EXCEPTIONS

Owners on South Side of the Thoroughfare Say They Are Assessed Too Much—Others Say It Is Not Enough.

Twenty-five of the property owners in Diamond street between Smithfield and Diamond square affected by the widening of that thoroughfare have concluded to fight. They have filed exceptions and the board of viewers has consented to hear them on next Tuesday, September 16. If the exceptions are not allowed by the board the exceptants are prepared to take the case into court and fight it out there.

The property owners who have found fault with the report of the viewers and are prepared to fight it are: Henry A. Davis, Anna Marshall, Ella Marshall, George V. Marshall, Betty Fullerton, Marshall Brothers, Kaskel Solomon, Harriett E. Watson, Anna F. Marshall, Julia M. Foster, Kaufmann Brothers, Edward C. Reineman, executor for George Reineman, McIntosh heirs, Frank McCann, lessee, Jane Sheppard heirs, D. P. Black, Henry C. Frick, H. A. Phillips, R. B. Mellon, Reuben Miller, Jr., A. W. Mellon, James R. Mellon, trustee, William Flinn, Caroline Hays and Marcus W. Acheson.

Davis Was the First.

The first exception to the report was filed by Henry A. Davis a few days after the report of the viewers was made. Marcus W. Acheson also dissented within a few days. This destroyed the impression that the property owners were satisfied and would allow the report to go to the court without protest. The viewers gave the property owners much longer time than usual to except, as they were anxious that everything should be settled quietly. The rule is to allow five days for exceptions, but the viewers this time allowed more than a month, and the result was that the property owners had plenty of time for consultation as to what they would do.

The exceptions will result in delaying the improvement. The movement for the opening and widening of Diamond alley was begun years ago, and when the report of the viewers was filed it was hailed with enthusiasm by business men, who thought that it presaged an early remedy for the congested condition of the downtown streets by opening this thoroughfare, and partially relieving Fifth avenue.

City's Halting Policy.

The city does not expect to take any steps to go on with the work until the viewers' report is accepted by the court, even if it is necessary to go to the supreme court to do it.

The street will be a 50-foot thoroughfare when the improvement is completed. The city could at any time take possession of the property and give bond, and thus have some remedy applied at once to existing conditions. Why this is not done neither Recorder J. O. Brown nor any of the members of his administration will tell. The property is not likely to cost the city any more money if taken at once than it will if it is not taken until the courts get through with the report of the board of viewers.

The peculiar feature of the assessment is that the improvement is paid for by the south side of the street, and the property owners on the north side get the money. Nothing is assessed against the city. The viewers are in a peculiar situation.

Viewers in Dilemma.

If the property owners on the north side complain that they did not get remuneration enough for the damages sustained, then it is evident that the benefits assessed against the south side property owners were not great enough. If it is true that the benefits against the south side are too great, it is also true that the damages allowed the north side property owners are too great.

The exceptions will be heard next Tuesday, the exceptants being represented by their attorneys, and the city's side of the case by W. A. Blakeley and Alfred J. Niles, assistant city solicitors. After the exceptions are heard the viewers will either confirm their first report or allow the exceptions and change the report to conform with them. Then the report will be made to the court and the dissatisfied ones will have 30 days in which to object. If they are not satisfied with the court's finding they can appeal.

DEPLORABLE DEPRAVITY.

Prosecution By Humane Society Develops Shocking Family Record.

In prosecuting James Waters of Thirty-eighth street and Mulberry alley for cruelty and neglect of his family, the Western Pennsylvania Humane society yesterday developed a story of depravity in a family which probably has no parallel in this section.

Agent James N. Kidney, in investigating the family, discovered that Rosa, a 14-year-old daughter, has been locked in different station houses on several occasions, the last time being at No. 6 police station on Wednesday morning, when she was discharged because of her age, after having a hearing on a charge of street walking. Last August she was before Magistrate J. V. McMasters on a similar charge.

Millie Waters, 17 years old, was sent to the workhouse for 30 days by Magistrate Kerr last Tuesday on a charge of street walking.

On Wednesday the girl's mother and a married sister, Mrs. Della Wills, were sent up for 90 days, having been captured in a raid at a house in Smallman street. The workhouse authorities refused to take Mrs. Wills and she is at liberty.

Michael, 16 years old, a son of Waters, is now under a suspended sentence on a charge of burglary, and Magistrate Kerr yesterday stated that the father of the family has only been out of the workhouse two weeks, having served a sentence of 30 days.

Loss of appetite can be restored, failing health be renewed, and strength can be brought to the weak through Dr. D. Jayne's Tonic Vermifuge.

CAMPBELL'S.

Those Swell Silk Jackets.

INSURANCE FUND CAUSED DEBATE

SOME WANTED THE PERCENTAGE INCREASED.

Officers Elected by German M. E. Conference—Reports Heard and Committees Named.

A lively debate occurred in the central German conference of the Methodist Episcopal church yesterday afternoon, over the insurance feature of the preachers' aid society. The debate became so heated that the question was tabled until this morning's session. The pastors pay 1 per cent of their salaries into the permanent fund of the society. This is divided annually among the superannuates of the conference. Quite a number of the ministers favored increasing this percentage, but a storm of protest met this proposition. The affairs will likely be referred to the bishop and his cabinet for final settlement.

The election of officers followed an address delivered by the Rev. Dr. C. E. Leonard. The Rev. G. Woller of Berea, O., was elected president; vice president, J. G. Schaal of Toledo; secretary, the Rev. J. Maier of Detroit; treasurer, the Rev. J. J. Beckstabler of Grand Rapids, Mich. There are 127 members enrolled. During the year $865 was paid into the preachers' aid fund. The treasurer reported $9,540 in the permanent fund and $321 07 in the internal fund. The latter fund, together with the other receipts, will be distributed among the superannuates. Bishop J. N. Fitzgerald presided at the opening session yesterday. The following committees were appointed:

Statistical—The Revs. F. W. Mueller of Portsmouth, O.; the Rev. T. A. Speckman of Edan, O.; the Rev. H. B. Weigel of Booneville, Ind.; A. Cramer of Cincinnati and C. E. Buerole of New Knoxville, O.

Finance—The Rev. John Peltejen of Detroit, who was named treasurer. His assistants are: The Rev. C. Beal of Cincinnati, Charles Sergeants of Nashville, Louis Kaettenheri of Francis, Mich.; the Rev. E. Werner of Portsmouth, O., official reporter.

Bible cause—J. A. Schanenbacher, W. Rosnicky, W. Maydanz, D. Harrer.

Deaconess cause—J. E. Hiller, F. A. Schumann, F. C. Baumann, C. B. Koch, A. J. Weigle, W. Jaush, W. Herzer and W. Andree.

Epworth league—J. R. Bordiner, J. H. Holtkamp, Max Lueck, W. J. C. Bockspahler, H. Bank and J. Lang.

Education—Herman Herzer, J. Claus, D. F. Dungel, H. S. Schedel, T. W. Herzel.

Women's Foreign Missionary society—A. C. Wulzer, C. E. Ferdinghaus, J. Kuster, J. C. Gerlach, F. Bornemann.

Conference relations—J. C. Schall, J. C. Dechmell, W. A. Schmidt, H. G. Lueb, C. S. Kuhnle, A. F. Zerwell, W. E. Mooka and S. J. Johanness.

Camp meeting—R. Pfuddeman, H. Beyer, L. Miller, J. S. Schaeder, S. W. Mueller, C. J. Herzer, J. Allinger and J. Mayer.

A large crowd attended the evening session, which consisted of music and addresses. The Rev. H. G. Lick of Louisville, who was chairman of the meeting, introduced the speakers, the Rev. T. Bodemeyer of the German Wallace college, Berea, O., and the Rev. Dr. Munz, county president of the German Epworth League. The former took for his theme, "Liberty and Education," and the latter reviewed the work of the divers leagues of the country. Last evening's session was "Epworth League night," and the audience consisted mainly of young people.

Today there will be three sessions, forenoon, afternoon and evening. The afternoon session will be devoted to business, and in the evening missionary work will be discussed.

Alexander R. Shepherd Ill.

WASHINGTON, D. C., Sept. 11.—Private telegrams received here announce that Alexander R. Shepherd, governor of the district, is very seriously ill with intestinal trouble in Batoplias, Mexico. Mrs. Shepherd and Dr. and Mrs. Merchant, the latter a daughter of the former governor, left today for Batoplias.

THE DECISION IN STEEL CASE IS RESERVED

Both Sides Conclude Argument in Suit Brought by Hodge.

MAY AWAIT THE RULING IN BERGER ACTION

Defendant's Counsel Refrains from Discussing Points Covered in Matter — Contends That Bond Transaction Is Fair.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Newark, N. J., Sept. 11.—Decision was reserved this afternoon in the case of J. A. Hodge and other stockholders of the United States Steel Corporation, who are seeking an injunction to restrain the conversion of $200,000,000 of preferred stock into bonds to be underwritten by the J. P. Morgan syndicate.

The argument was before Vice Chancellor Emery, and Frank Bergen and Robert H. McCarter summed up for the complainants, unmercifully flaying the directors back of the scheme. Mr. McCarter was preceded by R. V. Lindabury and Charles Corbin of counsel for the defendant corporation, who addressed the vice chancellor at length on the merits of their proposition.

Mr. Bergen declared that the valuation of the Steel Corporation's properties was excessive and that not a single affidavit had been produced to show in detail that the valuation was not inflated. He claimed that the affidavit of James H. Lancaster as to detail had not been contradicted, although an affidavit in answer had been filed by George W. Perkins of J. P. Morgan & Co.

Richard V. Lindabury followed for the defendant corporation. He said the defendants would not take up the fundamental question as to the power of the United States Steel Corporation to retire the preferred stock in the manner proposed. The appeal in the Bergen case, now under advisement in the court of errors and appeals, covers the points arising under that inquiry. It was to be assumed that the court, if it should decide the present action before a decision is reached by the appellate court, would follow the previous decision in the Bergen case.

The only question to which the defendants would address themselves on the argument of the merits would be as to the validity of the syndicate contract with J. P. Morgan & Co. That contract, Mr. Lindabury says, was unassailable by stockholders. The complainants, he declared, seemed to rely upon the personal interest of the directors as a ground for the avoidance of contract, irrespective of the intrinsic fairness of the transaction and despite the fact that the stockholders, with full knowledge of all the details of the plan, including the interest of directors, approved it by more than a two-thirds vote of all the capital stock in strict accordance with Article II, Section 9 of the by-laws, which was submitted to them.

Argument was closed in the afternoon by Robert H. McCarter, who summed up for the complainants. Mr. McCarter contended that the motive "for the good of the corporation" that had prompted the promoters to try to put the plan through was the $10,000,000 profit that was to be made out of it.

CALLED THE GAME OFF.

No "Ringers" Were Allowed in the Traction Men's Ball Game.

With several thousand people singing "Auld Lang Syne," the second day's outing of the Allegheny, Second Avenue, West End and Birmingham traction men at Calhoun park ended last night. Over 5,000 people attended yesterday. The baseball teams representing the Allegheny and Birmingham men were to have played yesterday for the $100 offered by President James D. Callery. The latter heard that "ringers" or professionals were to be in the game and he ordered that only the same men that played Wednesday be allowed to contest. The captains claimed some of their men who had played Wednesday had to work yesterday and were not present. Mr. Callery, as umpire, then declared the game off.

As on the first day, Allegheny men captured most of the $10 gold pieces offered as prizes. John Glassburn of Allegheny won the 100-yard dash. Herbert Smith of Allegheny took the fat men's prize and E. A. Donnelly, also of Allegheny, who the sack race. M. W. Flanagan and P. J. Ward of Allegheny took the three-legged race and J. J. Lavelle of Second avenue the shoe race. S. G. Grimm of Second avenue caught the greased pig and Thomas Salmon of Birmingham won the prize waltz. Mlle. Zeno's balloon ascension had to be postponed because the balloon sprung several "leaks" while being filled.

ENGINEERS FEASTED.

International Union Had Gastronomical Finish to Day's Work.

The annual banquet of the International Union of Steam Engineers, in progress at the Henry, was held last evening with President George V. Lighthall of Chicago as toastmaster. There were about 125 present, and numerous addresses were made in response to toasts.

A morning business session only was held yesterday, at which the report of the committee on resolutions was continued. Other reports from localities were there is trouble in the locals were also read. It was voted to donate $300 to assist the striking local in Boston. The New York local was granted a charter. A fraternal delegate to attend the Steam Engineers' union of Canada was appointed. A plan is on foot to unite the engineers of the two countries into one union. In the afternoon the delegates went on a trolley trip arranged by the Pittsburgh locals to Kennywood and Highland parks.

SHIPBUILDERS AIDED.

Contribution Received from Them for Anthracite Strikers.

Uriah Bellingham, acting president of the Pittsburgh district of the United Mine Workers, and William Dodds, the secretary, will address a meeting of miners at Toms Run tomorrow night for the purpose of organizing them. On Wednesday night Dodds and Bellingham addressed the shipbuilders and caulkers at Homestead. Members of the unions of Elizabeth, Homestead and McKeesport attended. The merits of the strike in the anthracite region were explained, and a sum of money was collected for the support of the strikers.

Last night a mass meeting of the miners of Nixon, Summerville and Heidelberg was held and Dodds and Bellingham talked organization. On next Monday the Labor day committee of the miners will meet to finish up the business remaining over.

U. S. Attorney Loses His Job.

WASHINGTON, D. C., Sept. 11.—The president has removed William Vaughan, United States district attorney of the northern district of Alaska, for neglect of duty.

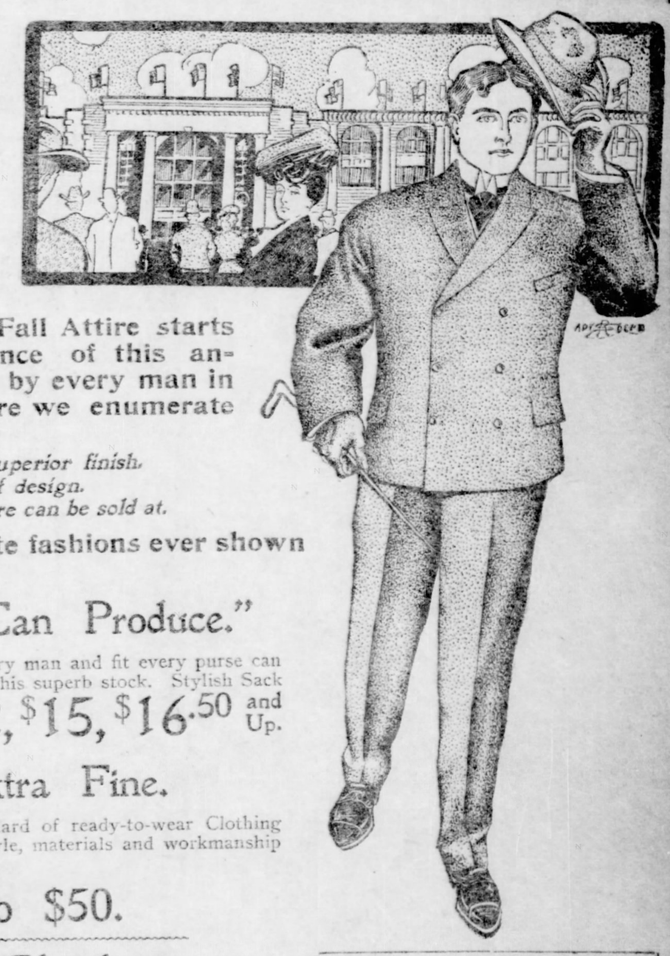
SOLOMON AND RUBEN
SMITHFIELD AND DIAMOND STS.

We Are Ready With the Finest Clothing Pittsburgh Ever Saw.



OUR INITIAL SALE of Men's Fall Attire starts this morning. The importance of this announcement will be recognized by every man in Pittsburgh who appreciates correct dress. Right here we enumerate the qualities which have made "S. & R." Clothing famous--

The cloths will outwear your money's worth.
The colors will not fade out from exposure.
The "set" of the garment will hold its own.
The skilled tailoring employed gives a superior finish.
The styles are correct in every detail of design.
The prices are as low as dependable attire can be sold at.

These facts are backed up by the most complete array of men's up-to-date fashions ever shown in the two cities. We have attained our aim to sell

"The Best Ready-to-Wear Garments That the Country Can Produce."

Our Opening Special. For this Friday and Saturday we present the choice from several thousand Men's Suits, made of nobby Cassimeres, Fancy Worsteds and Black or Blue Cheviot. Well tailored and certainly splendid value at..... $7.50

Suits and Overcoats to please every man and fit every purse can be found in this superb stock. Stylish Sack Suits and Swell Topcoats—thousands to choose from, priced at..... $10, $12, $15, $16.50 and Up.

The "Atterbury System" of Tailoring—Something Extra Fine.

We introduced to the public of Pittsburgh last week something new for the Fall and Winter of 1902-3—a higher standard of ready-to-wear Clothing than ever before attained. It is styled "The Atterbury System," and we control it exclusively for this city. Its character, style, materials and workmanship are unequaled even by custom work costing from $40 to $100. These garments are a revelation to good dressers.

Suits, $20 to $30. Overcoats, $20 to $50.

Raincoats.

Smart, correctly tailored coats which can be worn either as a dress overcoat or in place of the ungainly mackintosh.
Made of strictly all-wool, waterproofed materials in tan, olive or oxford shades—also black. Priced at

Exclusive styles in Suits and Overcoats for young men at $10, $12, $15, $18 and up to $24.

HEAVY OFFERS FOR PROPERTIES IN FIFTH AVENUE

Owners Are Said to Be Holding Prices Above Market Level.

SIXTH WARD TENEMENTS CHANGE OWNERS

Wabash Gets Clear Right of Way to Allegheny—Fifty Houses for Crafton—Two Good Flats to Be Built in Allegheny.

As showing the tendency of owners to hold their properties out of the reach of buyers, three offers made for downtown properties within the last month offer striking proof. The offers were all made by a well-known broker and were refused. One of them was $150,000 for the small property in Fifth avenue occupied by Murdoch Bros. as a flower store. The lot is 15x35 feet and has erected on it a story and a half building. The property is held at $250,000. At the price offered it would have brought $10,000 a front foot, or over $71 a square foot, which is considered a fancy figure for such a small sized lot.

The same broker recently made an offer of $250,000 for the Himmelrich block, now owned by Mrs. James Sawyer. It is situated on the south side of Fifth avenue, adjoining the old Gazette building, and the lot is 30x120 feet. The price offered was at the rate of $8,333 a front foot, or about $72 a square foot. The offer was refused on the ground that a previous offer of $300,000 had been made. The property is said to be held at $360,000, although six months ago it was in the market at $240,000. A third offer of $250,000 was made by the same broker for the property occupied by Thomas Keiler's saloon, opposite the Chronicle Telegraph building. The lot is 15x100 feet, making the rate of sale, had it been accepted, $10,000 a front foot, of $100 a square foot.

Not Real Estate Crazy.

Figured on their renting value, it is said that none of the properties in question would yield a good income on the prices asked for them. While it is recognized that downtown real estate is a commodity upon which it is extremely hard to set a selling value, brokers complain that the market is greatly injured by the fancy figures at which properties all over the downtown district are held. An occasional sale of a valuable property at a big figure, where it is wanted for a particular purpose or is needed for the carrying out of a big project, is not to be taken, they say, as an indication of the benefits that will accrue to all persons who have property to sell. Very often, too, sales are made upon a trade basis of valuation at prices which bull the market to an unsafe point. Pittsburgh has not gone real estate crazy, the best posted brokers declare, and shrewd buyers are as careful as ever as to the character of their investments.

Second Sale in Sixth Ward.

The Commonwealth Real Estate and Trust Company has sold for Patrick Gallagher and John A. Martin a property on the south side of Forbes street, near Magee street, Sixth ward, for $20,000. The purchaser is Jacob Kaufmann of Kaufmann Bros., who takes the property for an investment. It consists of a lot with a frontage of 64 feet and extending back a distance of 151 feet to Gibbons street. Four brick houses, all well rented, occupy the lot. This is the second sale of residence property in this immediate vicinity which the Commonwealth has made this week.

J. W. Ritterson, chief engineer of the Pittsburgh, Carnegie & Western Railroad Company has finally secured title to the Anna S. Smith property near the northeast corner of Liberty avenue and Fourth street for a consideration of $50,000. The deal was handled by the Gordon Smith Company. The property is L-shaped, consisting of a lot 32.5x112 feet at No. 407 Liberty avenue, in the rear of the Liberty Avenue Methodist church, and another lot 2x112 feet, at No. 45 Fourth street, at to side of the church. By this purchase the Wabash secures title to all the ground on the east side of Fourth street extending from Liberty avenue to Duquesne way needed for its right of way to Allegheny.

50 Residences in Prospect.

The Potter-Cobb Company, which purchased a large plot of vacant frontage in the Ingram Park plan, adjoining Crafton borough on the east, a few months ago, is contemplating the erection of at least 50 houses on the property. The plot has been subdivided into 103 lots, averaging 30x100 feet each. Streets have been graded and sidewalks laid this summer and water and gas mains and electric lights are ready for buyers to enjoy. The houses that the company proposes to build will be brick and frame dwellings costing from $3,000 to $5,000 each. As the plan is only 12 minutes from the city on the Panhandle, or 30 minutes by street car, the project is one calculated to draw an excellent class of home buyers.

Architect Ludwig Dick will receive bids until September 22 on two three-story brick apartment houses, to be erected in Washington street, Allegheny, for August Snyder. The buildings will cover a lot, 40x75 feet, and will cost $20,000. They are to be finished in hardwood with tile floors and paneling.

The same architect has plans for a $3,000 cottage to be built for James Garrant in Moore street.

Building in Braddock.

Bids on the John Behr hotel at Braddock are now being taken in the office of Architects E. J. Carlisle & Co. The building will be three stories high, 40x80 feet in dimensions, and is estimated to cost $15,000. The same architects are taking bids on the heating plant, to be installed in the 17-room school house which they will build in Braddock. As soon as the contract is awarded for the heating appliances, estimates will be taken on the construction of the building.

Architect J. Edward Keirn is preparing plans for an $8,000 frame house, to be built at Boyce station, on the Panhandle, for J. M. Boyce.

Tunnel street: George Schmidt & Son sold for Mrs. E. S. Porter and others to William Kane, No. 47 Tunnel street, a frame house, lot 20x80 feet, and No. 54 Chatham street, a brick house, lot 20x100 feet, for $2,500 cash.

Allegheny: W. L. Scott & Co., sold to Margaret Printy No. 947 Western avenue, a 10-room brick house, lot 22x125 feet, for $8,000.

Washington avenue: The E. T. Schaffner real estate agency sold for John A. Daum four lots facing 100 feet on the south side of Washington avenue, near Estella avenue, Thirty-eighth ward, for $5,700.

Overhill street: The Aronson Realty Company sold for Morris Mentzer to Solomon Stutch an improved lot in Overhill street, near Center avenue, for $4,000.

A Fast Selling Plan.

Glenwood: Samuel W. Black & Co. sold for the Glenwood Land Company, lot No. 40, in Renovo street, Twenty-third ward, for $670.

Fourteenth street: Barr Bros. & Co. sold for John S. Harbison to Frederic W. Thomas No. 22 Fourteenth street, Ninth ward, for $1,100.

Littell avenue: Orion A. Potts sold for Catherine Riffle to Josephine Fromholzer a lot in Littell avenue, Montooth borough, for $410.

Malakoff street: Louis Kroell sold to James Hussey an improved lot, 24x80 feet, in Malakoff street, near Picnic street, Twenty-seventh ward, for $1,400.

Forty-second street: James B. P. Sheridan sold to John J. Murray an improved lot, 24x118 feet, in Forty-second street, Seventeenth ward, for $3,500.

East End avenue: Sadie W. Porter sold to Harry S. Burke a lot, 33x120 feet, on the west side of East End avenue, near Biddle street, Twenty-second ward, for $1,600.

Soho street: James Lynch sold to Morris Brown an improved lot, 29.5x134 feet, in Soho street, Thirteenth ward, for $700.

East End Purchase.

Juniata street: Robert C. Moore sold to John B. Ferguson a lot, 79x120 feet, on the north side of Juniata street, near Lang avenue, Twenty-second ward, for $2,100.

Linton street: John Carter sold to Samuel Kraus a lot, 20x84 feet, at the southwest corner of Linton and Overhill streets, Eleventh ward, for $8,000.

Enoch street: Franklin G. Myers sold to John Farmicheila an improved lot, 22.5 x121 feet, in Enoch street, Eleventh ward, for $925.

Eighteenth street: George Standinger sold to John Kaminski an improved lot, 60x21 feet, at the corner of Ormsby and South Eighteenth street extension, Twenty-seventh ward, for $2,700.

Travella street: John Runnette sold to Myrtle L. Harner an improved lot, 27x87 feet, in Travella street, Twenty-first ward, for $4,200.

Watt street: Frank Patsch sold to Mrs. Sadie Fair an improved lot, 35x104 feet, in Watt street, Thirteenth ward, for $1,900.

Paid $8,500 for a Home.

St. Clair street: William G. Irvine sold to George W. Blaxter an improved lot, 24x107 feet, on the northwest side of St. Clair street, Nineteenth ward, for $8,500.

Friendship avenue: George S. Davison sold to William O. Spahr a lot, 55x155 feet, on the south side of Friendship avenue, near Winebiddle avenue, Twentieth ward, for $5,800.

Shetland avenue: Francis Murphy sold to Thomas E. Murphy an improved lot, 60x120 feet, in Shetland avenue, Twenty-first ward, for $5,000.

Alliquippa street: Mary Carroll sold to Raffaelli Verri an improved lot, 25x100 feet, in Alliquippa street, near Ridge street, for $825.

Kirtland street: S. H. Lloyd sold for Mary I. Laughlin to Otto C. Henry a lot, 25x120 feet, on the east side of Kirtland street, near Williford avenue, Twenty-second ward, for $3,500.

Center avenue: Sarah Ingram sold to Olive S. Richardson an improved lot, 40x100 feet, on the north side of Center avenue, Eighth ward, for $3,600.

Buildings Proposed.

The following building permits were issued in Pittsburgh yesterday: To D. W. Pershing, for two brick dwellings in Stratford avenue, near Penn avenue, Twentieth ward, to cost $2,400; to L. Ruggiero, for a brick dwelling and store at Sutland and Thompson streets, Twenty-first ward, to cost $1,000; also to same, for five brick dwellings at Shetland and Thompson streets, Twenty-first ward, to cost $10,000.

LARKIN DELVES DEEP INTO CITY EXPENSE LIST

Department Directors Asked to Make Estimates for Rest of Year.

MUST KNOW HOW MUCH WILL BE NEEDED

The Controller Is Now Looking Over Replies to His Request. Says Curtailing of Expenses Is Only Way to Lessen Deficit.

City Controller John B. Larkin has called upon City Recorder J. O. Brown and the directors of the three departments to furnish him with information as to the amount of money their departments expect to spend for supplies during the remainder of the fiscal year, or up to January 31, 1903. He wishes to know just how much money the directors expect to spend for each item upon the supply contracts, and there are many hundreds of them. The demand brought consternation into the machine camp, as but one of the directors was anything like prepared to furnish any such information.

Recorder Brown's cabinet held a meeting and the demand of the controller was carefully considered. Director George W. Wilson of the department of charities is said to have advocated absolute carrying out of the controller's request, while the two other directors are said to have demurred, favored intimating to the controller that it was none of his business what they expect to do, and that the information is sufficient when the money is spent. But Recorder Brown decided that an open rupture with the controller is not advisable at this time, and counselled the fulfilling of the request.

Machine Men Yielded.

Several weeks elapsed before any of the estimates were furnished to the controller, and he began to think that the machine had decided to oppose him. But there is a goodly pile of them in now, and the controller is busy trying to figure out just how much of the appropriations will be left after these supplies are purchased.

One department head said yesterday: "I do not like to discuss this, as it is simply a matter of business between the city controller and the heads of the departments, but I do not think that the controller ought to have made any such demand upon us. How are we going to tell what supplies we will need? Emergencies will arise when we least expect them, and they have to be met. We are furnishing these estimates, but if an emergency comes and we have to spend more than we expected I do not propose to be bound by the figures that are furnished now. What the recorder thinks about it I am not prepared to say."

Larkin Says He Is Right.

On the supply list about which the controller is endeavoring to get information is everything that the city usually has to buy during the year. There is everything from horse feed to carpets.

Controller Larkin said yesterday when asked about these estimates: "I am clearly within my rights when I ask for these estimates. I want to know just how much money they expect to spend for supplies. There may be one or two bureaus that have small items that cannot be accurately forecasted, but they will be the exception rather than the rule, and I would be disposed to deal leniently in a case of that kind. The money is running low and I want to have some idea how much lower they expect it to get by the end of the present fiscal year, although we all know that it will all be gone long before that time. There must be some remedy applied and that very soon. If I can get some accurate idea of the amount of money they expect to spend on supplies I can tell something about how much will be left to spend for their purposes, and how much of the appropriation will have to be made good.

Money Must Be Had.

"Some plan will have to be evolved to meet expenses, for it is pretty well established now that the city cannot borrow any money to make up the deficiencies in these appropriations. The only remedy I can see is for the machine to stop its extravagance and cut off unnecessary expenses. That is the only method I believe will do any good. If there is any other I should like very much to know what it is."

City Recorder Brown said yesterday that he did not believe it would be necessary for the police and firemen to wait a minute for their month's salaries when they are due. He says that some plan will be evolved for getting the money to pay them. "There is plenty of time in which to talk about that," said Recorder Brown. "According to the controller the appropriations will contiue until about November 15, and we have plenty of time in the interim to arrange some plan. We will know by that time what the receipts of the September collection of taxes are. Many people did not pay in March who will pay the entire installment in September."

Marconi's Latest Claim.

ROME, Sept. 11.—Marconi, in an interview published here, declares he has completely solved the problem of sending wireless messages over a distance of more than 1,500 miles, and that he is confident that communication between Europe and America will be established in the immediate future.

MARRIAGE LICENSES.

SOCIETY

At the home of the bride's father, John E. Hague, the well-known contractor, Ormond and Woodstock avenues, Swissvale, yesterday noon Miss Maude L. Hague and L. D. Piper were married. The ceremony was performed at 12:30 o'clock by the Rev. O. H. Philips, pastor of the First Christian church, Braddock. It was followed by a wedding dinner for the relatives and friends of the bride and bridegroom. In the evening a large reception was held in honor of Mr. and Mrs. Piper.

The bride was attended by her sister, Miss Daisy Hague, who was maid of honor, and Miss Alice Boughman of Braddock, as bridesmaid. The best man was the bride's brother, Clyde E. Hague. Two hundred guests were at the reception. After the reception the bride and bridegroom departed east. They will be away three weeks and after their return will make their home in Coal Center, where Mr. Piper is a pharmacist. Among the guests at the wedding and the reception in the evening were friends from Pittsburgh, Uniontown, Coal Center, California and Charleroi.

Chatham School Opens.

The Chatham School, named in honor of William Penn, the Earl of Chatham, and which was formerly the Highland avenue Kindergarten will open on Wednesday September 24. The kindergarten established in October, 1900, with three classes for children between 4 and 6 years of age has been so successful that the school will open under new auspices and on a more permanent basis, an advisory board having been appointed and guarantors secured to insure the future of the school. The school is conducted under the direction of Miss Blanche H. Boardman, principal. The advisory board includes Mrs. George M. Laughlin, Mrs. George P. Black, Mrs. James W. Lee, Mrs. Joseph R. Paul, Herman L. Aikin, Judge Joseph Buffington, Louis Kleber, S. Duffield Mitchell, Loyall A. Osborne and A. Lee Weil.

The Chatham School is located at No. 210 South Highland avenue. It primary and kindergarten classes together with the transition classes, intermediate between the kindergarten and the primary, will open September 24, and application may be made at the school on any morning after September 18. Miss Blanche H. Boardman, principal of the school and charge of the transition class; the kindergarten classes are directed by Miss Alice B. Richards and Miss Harriette W. Patterson. Miss Louise G. Taylor, a pupil of Col. Francis Parker of Chicago, and who has charge for several seasons of the nature study and training work in the vacation schools, will have charge of the primary classes.

A Series of House Parties.

A series of house parties was inaugurated yesterday at the magnificent new rustic club house of E. V. Babcock, at Ashtola, Somerset. Mrs. Mabel McKinley Baer of New York, who spent the summer at Somerset, Mrs. Oscar H. Babcock and Mrs. Fred R. Baldwin of Pittsburgh will be the patronesses respectively of the three parties. Mr. Babcock has arranged a series of entertainments for his guests during the week they will spend at his club house. They will be taken on a conducted through the extensive lumber camp, and will be shown the deer park and trout pond, and will have an outing in the woods. Each evening there will be dancing and cards. Guests will be present from Pittsburgh, Karalzawa, Japan; Belleville, Ont.; Indianapolis, Bainbridge, Ga.; Savannah, Ga.; Fulton, N. Y.; Williamsport, Providence, R. I.; Reading, Pa.; Syracuse, N. Y.; New Orleans, Germantown, Philadelphia, Wellsburg, W. Va.; Altoona, Greensburg, Indiana and Ashtola, and from many other places in Pennsylvania.

Kindergarten College Opens Today.

The Pittsburgh and Allegheny Kindergarten college will open this afternoon at 3 o'clock. Dr. J. H. McIlvaine, rector of Calvary church, will make the principal address. Classes will begin Monday afternoon at 2 o'clock. The faculty has been enlarged. The mother's class will commence early in the fall, under the supervision of Miss Ruth Tappan and Miss Blanche Boardman. A nurses' class will be organized if there is a demand. Miss Blow will deliver a course of lectures in the early spring.

The success attending the benefit matinee when "Miss Bob White" was given last November under the auspices and for the benefit of the Pittsburgh and Allegheny Free Kindergarten association, has encouraged the directors to consider a similar entertainment on the same large scale this season.

Wedding Invitations.

Mrs. Rachel Lowentritt of Oil City has issued invitations to the wedding of her daughter, Miss Helen Sophia Lowentritt, and Dr. Aaron De Roy of this city, a son of Israel De Roy of Craft avenue, Oakland. The wedding will be held at the home of the bride's mother in Oil City on Wednesday evening, September 24, at 6:30 o'clock and will be followed by a dinner at 7 o'clock. A large reception will be held from 9 until 11 o'clock. The ceremony will be performed by the Rev. J. Leonard Levy of Pittsburgh. A special pavilion will be erected on the lawn at the home of the bride where the wedding will take place. Guests will be present from New York, Cleveland, Baltimore, Philadelphia, Washington, Corry, Pittsburgh and Allegheny.

Hughes-Escher.

Miss Mary J. Hughes, daughter of Michael J. Hughes, school director of Rankin, and Philip Escher of Washington avenue, Braddock, son of the late John Escher of that place, were married in St. Brendan's Roman Catholic church, Braddock, yesterday. The service was witnessed by some 200 guests, and was performed by the Rev. Father Tautek Molyneaux, pastor of the church. Mr. and Mrs. Escher left on an extensive wedding tour in the east and north.

Girdwood-McMillen.

The marriage of Miss Margaretta Girdwood, daughter of James Girdwood, and Albert Knox McMillen, took place on Wednesday evening in the Third United Presbyterian church. The ceremony was performed by the Rev. J. T. McCrory. Mr. and Mrs. McMillen left on their wedding trip through the east. They will make their home in Webster avenue.

Dinner for a Bride.

Mr. and Mrs. Harris Crawford gave a dinner Wednesday evening at their home in Rippey street, East End. The guests of honor were Mr. and Mrs. Samuel Crawford, whose wedding was a recent event.

THE RIVER INTERESTS

STEAMER MAYFLOWER NOT OVERCROWDED

Government Officers Examine Crew, Who Deny Charges Made Against Owners.

Capts. Isaac B. Williams and George H. Atkipson, the local government steamboat inspectors, yesterday took testimony in reference to the charges made to the supervising inspector general of steam vessels, James A. Dumont, that the steamer Mayflower was overcrowded August 5 by an excursion party from Monaca and Rochester. T. C. O'Donovan of Shoustetown brought the matter before the attention of the department by writing direct, alleging that the steamer had 1,200 persons abroad when her inspection certificate allows her only 550.

Capt. Neptune Wishart said that to the best of his knowledge there were 500 persons aboard, probably a few more, as he had no means of counting them. He said that the boat was not overcrowded, and all the witnesses examined denied the allegations made to the department. The Mayflower brought the people to Pittsburgh and transferred them to the Florence Belle. A number returned to their homes by rail, but Capt. Wishart stated that the managers of the excursion, the Young Men's Christian association of Monaca, informed the people before they got aboard the boat that they would be transferred, as the steamer had another excursion for that night. The Beauty, he said, was to have originally been used, but the boat was on the dock for repairs and the Mayflower was substituted with the full knowledge of the committee. A decision will be rendered by the inspectors later.

THE THREE RIVERS.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, Sept. 11.—River, at 6 p. m., 4.3 feet and stationary. Weather clear and pleasant. Owing to some detail work on the Relief the trial trip is postponed for a few days. For the first time in several years the channel at Rising Sun will be clear of obstructions in a few days. Capt. James Henderson returned to Pittsburgh tonight. While there he inspected the repairs on the boats of his line which are laid up here.

LOUISVILLE—River 3.6 feet and falling. Cloudy and warmer. The big towboat Alex Brown arrived last night and laid up at the Island here. The government is to build a new gauge here. The J. B. Finley and Boaz will tie up here.

WHEELING—River 2 feet and stationary. Clear and warm.

BROWNSVILLE—River 5 feet 8 inches and stationary. Clear.

WARREN—Low water mark. Clear and warm.

STEUBENVILLE—River 1 foot 9 inches and stationary. Clear and warm.

PARKERSBURG—River 2 feet and falling. Clear and warm. The Bessie Smith arrived from Wheeling and returned this evening.

PT. PLEASANT—River 1 foot 7 inches and falling. Clear and warm. No boats.

GALLIPOLIS—River 3 feet and stationary. Clear and cool.

GREENSBORO—River 6.2 feet and falling. Fair and warmer. Elizabeth and Cherry down; Gertrude and Woodward up.

OIL CITY—River 5 feet and stationary. Clear and pleasant.

MORGANTOWN—River 7 feet and stationary. Clear and cool.

Arrivals.

Cheese. Coffee.

INQUIRIES ANSWERED.

Mrs. H. W. McC.—Will you kindly give simple, plain directions for making a good vanilla sauce to serve cold, also a pineapple sauce to serve with ice cream?

Vanilla Sauce.

Put in a saucepan two cups of good, rich cream. Beat the yolks of four eggs with four level tablespoonfuls of sugar until light; then add to the cream, set the saucepan in a larger one containing boiling water and beat rapidly with an egg whip until it comes to steaming point; remove from the fire and add a tablespoonful of vanilla and pour into the whites of the eggs which have been beaten to a stiff froth. Serve cold.

Pineapple Sauce.

Put a cup of pineapple juice in a saucepan with a cup of granulated sugar and cook for 10 minutes; add the beaten yolk of two eggs and whip over boiling water with an egg beater until it is foamy; remove from the fire and mix with the beaten whites of the eggs.

Another way is to make a syrup of sugar and water, as for boiled icing, and add the grated pulp of a ripe pineapple and a glass of Rhine wine; beat into the whites of eggs beaten to a stiff froth. Let stand on ice until very cold. The former sauce may be served hot, but cream must not stand a minute when hot sauces are used, but served at once, and the cream should be frozen very solid or it will melt too quickly.

Men's Furnishings.

Ask the Laundryman

He'll tell you that Bennett Collars wear longer than any others that come through the wash—
Better stuff—then—that's the reason—
Smarter styles, too—

J. G. BENNETT & CO.,
Wood and Fifth.

SELF-ADMINISTERED POISON.

Hundreds of people deliberately poison their systems eating. Scientists have proven that uric acid is derived mainly from beefsteak, which people eat from habit. This acid is not found in vegetable foods. Uric acid is best known as the cause of rheumatism, but to its effects apoplexy, Bright's disease and hardening of the arteries, which causes premature age, are traced. The prevention of uric acid may be found in a diet of Toasted Wheat Flakes, which are sweetened with Malt Honey. This is a dextrinized (browned) food, which makes strong muscles and an alert mind. These flakes are delicious, satisfying and strengthening. Toasted Wheat Flakes are sold by grocers in packages bearing a picture of the Battle Creek Sanitarium.

The Wedding Invitations

WHEAT IS KING OF ALL GRAINS IN CHICAGO PIT

Government Estimate of Smaller Yield Causes Active Buying.

CORN GIVEN A BULLISH TENDENCY

Fear of Frost Is Also a Factor in Advancing Prices--Oats Show Activity in Sympathy With Other Cereals—Provisions Dull

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, Sept. 11.—Wheat led all grains in a strong advance today. Business was active all around and the trade was thoroughly aroused by the government estimate of grain yields much below expectations. Nearly every other influence was in some measure bullish, especially the threatened damage to unripe corn by frosts. As a result of these factors everything on the list closed with gains, September wheat 1⅝c higher, December wheat 1@1⅛c up, December corn ⅝c advance and December oats ½@¾c higher. January provisions closed 7½@10c to 12½@c higher.

The government figures on the spring and winter wheat harvests overshadowed every other matter of consideration in the wheat pit. Nearly all classes of traders were included in the buying crowd. At the outset there was a big business. Liberal selling was done only by outside longs, who wanted to take profits.

Soon, however, this same crowd began buying, thus further contributing to the strength of the cereal. Commission people generally had good buying orders. Almost everything helped in the upturn. Cables were higher, cash markets were strong, receipts were small and clearances were very large. Bullish reported an excellent export demand with 17 loads shipped direct last night and this morning.

Some Dull Spots.

The only check to the bullish enthusiasm was the somewhat improved northwestern receipts. There were some dull spots in the session, but taken as a whole it was the largest day's business in some time. December wheat started ⅝c to ⅝c up at 68¾@69c, sold to 69½c and closed strong, ⅝@1⅛c up at 69⅝@69½c; September sold from 72½c to 73¾c and closed strong, 1⅜c up at 73½c.

Local receipts were 188 cars, none of contract grade; Minneapolis and Duluth reported 642 cars, making a total for the three markets of 830 cars, against 511 last week and 554 a year ago. Primary receipts were 1,095,000 bushels, as compared to 1,425,000 bushels last year.

Corn experienced a good share of the strength with which the markets opened. Most of the bulge was attributable to the fear of frosts in the corn not yet harvested. Light frosts were reported in several sections and very heavy frosts northwest. A high barometer in the northwest seemed to indicate possible heavy damage to corn before morning. This was something of an early incentive to the bulls, especially when considered with a decrease of 87,000,000 bushels in the prospective yield as compared with August estimates.

Corn Closed Strong.

The countryside accepted only a few bids over night, the cash demand was fair, cables were firm, and there was practically nothing in the way of a selling pressure. Traders were principally engrossed, however, in the consideration of the part of the government report which stated that while a big yield as compared to an average year was estimated, yet this yield was contingent wholly upon good weather, so late was the crop this year in maturing. With predictions for frosts over all the west and northwest tonight the fairly liberal realizing that took place on the upturn was soon offset and the close was strong.

September sold from 58¼c to a close 1¾c up at 59¾c. December sold from 43¾c to 43¾c and closed ⅝c higher at 43⅝@43¾c. Receipts were improving somewhat at primary points. Locally today they were 139 cars.

Oats sympathized with other grains and ruled stronger. The influences were continued small receipts, a moderately bullish government report when compared with that of August and weather conditions. Offerings were light, grading was poor and there was good support on the buying side. The sentiment generally was bullish. The fact that the estimated crop is far in advance of the average year's yield curtailed buying to some extent, yet other conditions prevent a selling pressure. Trade was not large. December selling from 31¾@31⅝c to 31⅝c and closing firm, ⅛@⅛c up at 31⅝c. Receipts, 180 cars.

Provisions were dull in comparison to the cold trade in wheat and corn. There was a fair early demand on a firm hog market and prices advanced. Gralns also helped in a slight upturn, but the inactivity of trade did not permit of great strength. January pork closed 12½@15c up at $15.00@15.02½. January lard 10c higher at $8.47½, and January ribs 7½@10c higher at $7.90@7.92½.

Estimated receipts for tomorrow: Wheat, 255 cars; corn, 170 cars; oats, 205 cars; hogs, 15,000 head.

The leading futures as corrected by John D. Armstrong & Co., 209 Sixth street, members of Chicago board of trade:

DETROIT, Sept. 11.—Close: Wheat—Cash No. 1 hard, 71½c; No. 1 northern, 70½c; No. 2 northern, 68½c; September, 69¼c; December, 66½c. Oats—September, 31c; December, 30c.

IN THE OIL FIELDS

Developments outside of the most interesting pools in the lower southwest fields yesterday were very light. Only a few wells and of the most ordinary kind were drilled into the sand.

On Big Knot run, Grant district, Ritchie county, W. Va., the Three Joes Oil Company's No. 5 on the Elroy Wagner farm had for several days been flowing at the rate of 25 barrels an hour, but for some unknown cause broke loose and increased its production yesterday morning to 75 barrels an hour.

The gauges of the wells in the development for the 24 hours ending Wednesday night at 7 o'clock were as follows: Mallory Bros. & Co.'s Nos. 1, 2, 3 and 4, 250, 200, 150 and 200 barrels; Eli Transportation, Three Joes Oil Company's Nos. 1, 3, 4 and 5 Elroy Wagner, 250, 180, 850 and 380 barrels a day, respectively; Drillers Oil Company's Nos. 1 and 2 George Ryan, 200 and 300 barrels a day, respectively; South Penn Oil Company's No. 1 Morgan-Hemsworth (shot) 200 barrels, and Hall, Browse & Zahniser's No. 1 Weekly heirs, 350 barrels a day. Total production of the 12 weeks for the time named, 3,585 barrels.

On Wolf Pen run the Associated Producers have drilled their No. 2 on the William Clark farm into the Keener sand and have a 20-barrel producer. Smith, Wilson & Co.'s No. 2 on the Dora Arnett farm is holding up at 420 barrels a day.

Light Gordon Sanders.

In the Ten Mile creek district, Harrison county, the new wells are not promising. The Associated Producers Company has completed its No. 2 on the A. Williams farm and has a duster. The same company has drilled in No. 3 on the same farm into the sand and has a slight show.

Treat & Crawford have drilled their test on the J. and H. A. Williams farm to a depth of 2,900 feet, and left the shooting made by the two wells on the A. Williams farm have shut down. The location is such as to lead to the conclusion that it would result in a duster if drilled to the Gordon.

The Mandolin Oil Company, Harrison county, the Jatterson Fork Oil Company has completed its No. 7 on the R. T. Lowndes farm and has no better than a 10-barrel pumper in the Gordon.

The Federal Oil Company, West Virginia, the South Penn Oil Company has drilled its test on the S. S. Campbell farm into the Gordon strray and the well produced 25 barrels the first 24 hours. A pumper drilling to the Gordon.

On Fallen Timber run, in the same county, the Philadelphia Company and J. C. Trees' No. 1 on the Z. T. Francis farm is holding up at 220 barrels a day.

Southeastern Ohio.

On the Ohio side in the Lewisville district, on Rich Fork run, Munroe county, the Pure Oil Company has drilled its test well on the James Highman farm into the Keener sand and has a show for a 75-barrel producer. This showing is the best of any well drilled in this district in many months.

The Carter Oil Company has drilled its test well on the G. W. Hendershot farm through the Berea grit and has a duster.

In the Graysville development the Fisher Oil Company has completed No. 4 on the Sarah H. Knowlton farm and has a 10-barrel pumper in the Keener sand.

Near Germantown, Washington county, the Muskingum Oil and Gas Company has contested a test well on the Daniel H. Shank farm and has a small pumper in the second Cow Run sand.

In the same district S. W. Higgins & Co. have completed a test well on the William Burton farm and have a duster in the second Cow Run formation.

The latest producers in the Marietta district are holding up as follows: E. C. Lynch No. 4, 120 barrels; T. L. Ormisten, 150 barrels, and No. 2 H. C. Martin farm, 100 barrels a day.

In the Macksburg district, W. P. Harrison & Co. have drilled their No. 9 on the John R. Jackson farm through the 500-foot sand and have a duster.

In the same district Stephens, Bess & Co. have completed No. 5 on the James Jackson farm and have a 75-barrel producer in the 500-foot sand.

Producers West of Jerusalem.

Southwest of the Harper pool, west of Jerusalem, Monroe county, Wilson & Co. have drilled in a test on the W. S. Mann farm, located 1,500 feet southwest of the old development, and have a show for a 20 or 25-barrel producer in the Keener. If this well is an ex-pumper, it would be the first from which the operator has secured outside of the Unity Oil Company's production. The Ohio Oil Company holds a lease on the upper end of the farm and early in the week will drill a test and a duster. The J. R. Mann farm, on which the Unity Oil Company has some good producers, adjoins the W. S. on the east. There will be room for several locations between the most west and east developments.

In the Chesters Hill district, Morgan county, the Ohio Consolidated Oil Company has drilled its Nos. 16 and 17 on the Elwood R. Hillman farm through the shallow sand and will have small pumpers.

One in the Local Fields.

Two miles north of the well drilled in a few days ago by Galey Bros., on the Clark Hunter farm, Beaver, Bank Neely & Co. have drilled in a wildcat on the Bradshaw farm and have a show for a 10-barrel pumper.

Shipments and Runs.

ROYALTY'S NAME IN COURT.

Came All the Way from India to Accuse a Dead Prince.

LONDON, Sept. 11.—Margery Kingdon, a stylishly dressed woman, charged in a police court at Cardiff, Wales, today with disorderly conduct, created excitement in court by claiming that she had purposely caused herself to be locked up to draw attention to her claim against the late duke of Clarence, brother of the prince of Wales.

She asserted she had lost her husband and children in order to save the duke's name, and that now she had come all the way from India to get her rights.

WILD RUMORS ABOUT SCHWAB CALLED ABSURD

He Has Not Sold His Steel Holdings and He Can Keep His Job.

POLICY OF THE COMBINE CONSERVATIVE

As in Steel Rails, Prices of All Other Products Will Remain as They Are—The B. & O. to Increase Stock to $125,000,000.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, Sept. 11.—A rumor got around Wall street today that Charles M. Schwab had liquidated his holdings of United States Steel securities before sailing for Europe. The corollary to this was the suggestion that Mr. Schwab might be ordered soon to retire from the presidency of the corporation.

Officials of the steel combine pronounce the story to be absurd in its entirety. As for Mr. Schwab, having sold out his "Steel," it is said by persons who ought to know that the interest on his holdings of United States Steel securities amounts to more than his salary, large as that salary is. And as for his retirement, it is stated on high authority that Mr. Schwab can be president of the United States Steel Corporation just as long as he wishes.

Steel Combine's Price Conservative.

The time is near when iron and steel interests generally will expect the United States Steel Corporation to announce its price policy for 1903, covering such products as do not come within scope of previous announcements. It will be remembered that on steel rails, for instance, the combine already has definitely indicated that this year a schedule shall prevail during next year. It may be stated on very high authority that a similar policy will govern prices for practically all of the combine's products. As far as possible the prices that have ruled this year will prevail for next's year's business, nothwithstanding the higher prices that obtain for raw materials and the disposition of independent manufacturers to oversell the combine.

As a striking illustration of the United States Steel Corporation's conservatism in holding the price of its steel rails at $28 a ton, it is related that one of the big railroad systems bought rails from the combine at that price and then sold its "relays" (the old rails that were replaced by new) for $32 a ton. Notwithstanding the high prices that now obtain for raw materials the United States Steel Corporation is said to be realizing between $8 and $10 a ton profit on its steel rail output.

The fact that the combine commands its own sources of raw material, having to purchase only a few hundred thousand tons of pig iron, which is the basis of all finished material products, enables it to sell its varied output at very low figures and still realize handsome profits.

Increase of B. & O. Stock.

The unexpected announcement was made today that the directors of Baltimore & Ohio have authorized an increase of the common stock from $100,000,000 to $125,000,000, as they had the power to do, and that the increase, together with some $17,000,000 of old stock in the treasury, $42,500,000 in all, will be issued shortly to provide funds for double-tracking the line from New Castle to Akron, for yards at Fairmont, Holloway, New Castle and Connellsville, and for other construction purposes, and to pay for new equipment acquired. The new stock will be sold to stockholders at par, which means valuable subscription rights.

This news explains the recent rise of Baltimore & Ohio stock. The bull party is still active and higher prices are predicted for the stock.

Sale of Colorado Stock.

Colorado Fuel and Iron representatives today characterized as false the statement from Denver that John W. Gates had transferred his entire interest in the company to persons identified with the Osgood party, and that George Gould is identified with the purchasers. When Mr. Osgood was asked whether he had sold any of his stock on the decline he replied:

"Recent transactions represent the entire capital stock of the company. Somebody has evidently sold, but your question as to whether I have disposed of any of my stock is rather pointed. It is plain, however, that a large percentage of the stock held previous to the last meeting has been transferred to others."

There are many who are inclined to believe that a large amount of Colorado Fuel and Iron stock has been picked up recently by interests identified with western railroads, but no information can be obtained as to whether or not George Gould has acquired any of the stock.

It is admitted that the controversy between the Gates and Osgood factions has greatly interfered with the extension plans of the Colorado Fuel and Iron Company. The present management, it is said, is finding considerable difficulty in marketing additional bonds to go on with improvements. If the fight is not settled soon it is possible that work will have to be suspended. Dividends on the stock are a question of the very far future. A steel manufacturer says the Colorado company would not be justified in resuming dividends under three years.

E. W. HARDEN.

Bank of England Statement.

LONDON, Sept. 11.—The weekly statement of the Bank of England shows the following changes: Total reserve increased, £244,000; circulation decreased, £422,000; bullion decreased, £88,296; other securities increased, £110,000; other deposits decreased, £2,347,000; public deposits increased, £2,148,000; notes reserve increased, £295,000; government securities decreased, £850,000. The proportion of the Bank of England's reserve to liability is 53.88 per cent. Last week it was 53.04 per cent. Rate of discount unchanged at 3 per cent.

Talked About in Wall Street

[BY LEASED WIRE TO THE GAZETTE.]

NEW YORK, Sept. 12.—The Herald this (Friday) morning says: Speculative sentiment was flighty in its movements yesterday. Stocks became weak and dull at intervals, but there was no fear expressed by the stock market over the advance in money rates to the highest figures yet reached this season. Even when call rates ran up to 12 per cent, a sort of demonstration of strength was given by the upmarking of prices after announcement of the St. Paul dividend was made. The most remarkable feature of the situation, however, was the volume of business transacted without any marked liquidation in the face of a really bad money market. Whether or no the professional elements, who have advanced prices during the week, have lightened their burdens by unloading on their over-confident followers remains to be seen.

The bank statement of tomorrow, if it could be made to reflect the bull condition of the local banks, would be an interesting matter for reflection to the active pools and syndicates. In view of the developments of yesterday from every standpoint, it must be admitted, however, that the tone exhibited by the stock market indicated confidence on the part of the buyer.

Although it was reported that call loans touched 15 per cent during the day, none of the recognized money brokers were aware of it. The high point at which loans were made, according to several authorities, was 12 per cent. The bulk of the business on first-class collateral was done at from 8 to 9 per cent, with a few favored ones obtaining lower. At no time was there any tendency to relaxation, but, on the contrary, the market seemed to grow tighter as the day progressed.

The attention which the financial world gave to the result of the St. Paul dividend meeting was to be expected, in view of the prominence which the management of the property enjoys. Second in importance to the St. Paul dividend in the developments of the day in the financial world was the decision of the directors of the Baltimore & Ohio to raise over $42,000,000 by the sale of stock to the shareholders of the company. Without discussing the objects of the big stock increase, it seems to be the intention of the corporation to secure the money direct from its stockholders. The movement certainly betokens confidence on the part of the management as to their ability to secure this large amount of cash from the stockholders of a property which has only lately passed through a reorganization to be followed by additional stock increases.

BOERS LOYAL TO ENGLAND.

But They Find It Advisable to Beg Their Dutch Kinsmen for Needed Relief.

AMSTERDAM, Sept. 11.—The Boer generals, Botha, DeWet and Delarey, accompanied by Messrs. Wolmarans, Wessels and Reitz, arrived here today from The Hague and were given a hearty welcome.

Replying to an address, Gen. Delarey said he and his colleagues did not come here in the character of political personages, but solely to obtain assistance for destitute Boer families.

Gen. DeWet, in reply to the burgomaster's speech, said: "We have come to ask for help for the widows, orphans and other necessitious persons. Upon assistance of this kind from England the Boers cannot count. If England wishes to have the Boer descendants of the Huguenots as 'subjects before God,' I am willing to be a loyal subject before God until the day of God shall come. We wish to be loyal to the new government, hoping that the latter will carry out its engagements."

Treasury Statement.

WASHINGTON, D. C., Sept. 11.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows:

Available cash balance, $215,623,653; gold, $126,230,108; silver, $15,881,460; United States notes, $5,130,971; treasury notes of 1890, $64,668; national bank notes, $16,055,142; total receipts this day, $2,101,050; total receipts this month, $18,806,656; total receipts this year, $176,868,150; total expenditures this day, $1,510,000; total expenditures this month, $16,210,000; total expenditures this year, $176,177,178; deposits in national banks, $126,598,752.

St. Paul Sprung a Surprise in Wall Street

ST. PAUL CAUSED A BIG SURPRISE IN WALL STREET

Placing Common Stock on 7 Per Cent Basis Improved the Market.

CALL MONEY AT HIGH FIGURE

Loans Were Made at 11 and 15 Was Asked—Baltimore & Ohio and Other Stocks Helped to Steady the List.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Sept. 11.—The street experienced a genuine surprise today when the directors of the St. Paul road placed the common stock on a 7 per cent basis. This was better by half of 1 per cent than had been expected, and the market, which had been unsettled all day as a result of conflicting rumors regarding St. Paul, and an advance in call money to 11 per cent, closed very active but weak.

The list opened with considerable strength, receiving encouragement from London, where Americans alone were firm. Other factors which made higher prices were the government's monthly crop report and the weeding out on the previous day of a number of weak accounts. The most noteworthy movement at the opening was Baltimore & Ohio. The strength on that stock was explained later when it became known that the directors of the road had authorized an issue of extra common stock to the amount of $42,500,000, the issue carrying with it the right to subscribe at par.

In the same early movement there were gains in Missouri Pacific, Louisville & Nashville, Denver & Rio Grande, Southern Railway, Reading, Chesapeake & Ohio and other coalers.

St. Paul Showed Heaviness.

Rumors, later found to be false, were responsible for a rise in Colorado Fuel, which soon lost its improvement. Initial dealings also showed better prices for American Hide and Leather (newly listed), American Smelting, the local tractions, Chicago Union Traction and Tennessee Coal and Iron.

Following this movement, St. Paul, which had been comparatively inconspicuous, began to show marked heaviness on profit-taking, followed by rumors of a dividend disappointment. Traders seized the opportunity to sell the list and further uncertainty was occasioned by rumors that the banks contemplated a campaign against certain high-priced industrials and pool stocks as a whole.

Business fell off materially and conservative commission houses advised their clients to hold off for a decline. To add to the general feeling of alarm money on call was then being nominally quoted at as high as 15 per cent, and was actually loaning at 11 per cent. The knowing ones seemed altogether in the dark regarding St. Paul, and that stock was in the throes of a selling movement.

Over 1,000,000 Shares Sold.

The afternoon session brought a slightly better tone, but all hands were waiting on St. Paul and supporting orders in Western Union, Baltimore & Ohio and several other stocks helped to steady the list. Announcement of the dividend action on St. Paul caused a rally of more than 2 points in that stock and the balance of the list was strengthened, but not to any great degree. St. Paul on transactions in excess of 60,000 shares, registered a net loss of 1½ points.

The day's business was rather narrow, though total operations amounted to over 1,000,000 shares. London was again a moderate trader, transactions approximating 25,000 shares and a gain on the selling side. There was no demand for Baltimore & Ohio shares from that center.

The money outlook was unsatisfactory, with a further loss of cash by the banks to the sub-treasury. The latter institution transferred $100,000 for the banks to New Orleans and paid out $200,000 for Seattle gold received at San Francisco. There was no further word as to gold imports and sterling exchange fell off ¼ per cent.

Railroad bonds were very irregular today, but movements generally were narrow. Total sales par value, $4,505,000. United States new 4s declined ½, the 3s ⅝ and the old 4s ⅛ per cent on the last call.

WALL STREET FEATURES

Total sales for the day were 1,017,700 shares.

St. Paul railroad directors caused a surprise by placing common stock on a 7 per cent basis and started active trading.

Call money loaned at 11 per cent and 15 per cent was asked.

Baltimore & Ohio showed strength during the day.

Money outlook was unsatisfactory.

PAR VALUE COMPANY PRODUCING ORE.

From the Denver Republican Sept. 6, 1902.

LOOKS LIKE A BONANZA IN THE MARY CASHEN.

PAR VALUE COMPANY CREDITED WITH A BIG FIND.

Entire Heading of Drift in Virgin Territory Assays $170 a Ton in Gold.

VICTOR, COL., Sept. 5.—The Par Value Mining Company, leasing on the Mary Cashen, is accredited with an important strike tonight in the drift at the 425-foot level at a point 40 feet south of the shaft. The entire heading assayed tonight eight and one-half ounces gold, or $170 to the ton. Only yesterday arrangements were completed by which the Gold Coin Company will furnish air for the machine drills. The connection was made through the fifth level of the Coin. The new discovery is in virgin ground, and if the chute extends upward the leasing company has the ore on which to become a dividend payer.

In closing up the sale of Par Value stock an unusual opportunity is offered for a safe and profitable investment and early returns.

The company is now producing ore in two mines, has three others developed to the point of production, and owns or operates nine properties, comprising nearly 700 acres, five of which are located on Battle Mountain, adjoining or surrounded by the Portland, Stratton's Independence, Gold Coin, Ajax, Strong and the Granite, the richest mines in the Cripple Creek district, and comprise the Mary Cashen, Coriolanus, May Alice, Par Value and Stonehouse. Two others are located six miles distant and two in the Mercur-Bingham district, Utah.

Letter from Mr. J. M. Frankenberg of Allegheny, Pa., Engineer:

Victor, Col., Sept. 8, 1902.

Dear Sir:

I reached Victor yesterday and found conditions about as they were on my former trip, except that the work on the Mary Cashen has developed what appears to be a large and valuable body of ore. Under separate cover am sending a marked copy of the Denver Republican, giving such of the facts as have leaked out.

For two weeks or more large assays have been obtained daily running from $25 up to $170 per ton, with an average value of $40. This morning I went down into this property and saw for myself where the recent work has been done continuously through ore for 25 feet, and the end has not yet been reached. Stoping has just been commenced and a large shipment of ore can be made in a few days, there being at present probably 30 tons in the bins which has come out of the drifting.

This property is turning out just as I expected and predicted in my former letter. I also inspected the Coriolanus this morning where the company is driving on the fifth level to get under a rich body of ore exposed by underhand stoping on the third level. The superintendent showed me everything on both levels and pointed out on the third where assays showed values up to nearly $200 per ton.

There is no question in my mind as to the ultimate production of this property also. When it is cut on the fifth level there will be 200 feet of ore above, which will give large returns.

Very truly yours,

(Signed) JAS. M. FRANKENBERG.

The company has nine properties, containing nearly 700 acres, over 600 acres of which are owned by the company. It is capitalized for only $1,000,000, the usual capitalization of one mine, while it has sufficient acreage and every promise of opening a dozen other mines on its properties. It is not, therefore, dependent upon one for results.

From the Mining Record, Colorado Springs, Sept. 8, 1902.

MARY CASHEN.

"CRIPPLE CREEK, COL., Sept. 8.—A strike is reported to have been made on the Mary Cashen, which adjoins the Gold Coin on the east. The discovery is made at the 425-foot level in a crosscut driven 40 feet south of the shaft. The values in the vein are said to range from $35 up to $170 a ton. Machine drills are used in breaking the ore. Stoping will be started shortly. It may be a big strike, though little definite information can be obtained regarding it. The property is well located and it would not be an unusual thing if a large body of pay ore was discovered there."

PAR VALUE MAKES GOOD STRIKE ON MARY CASHEN.

"Burris Edsall, manager of the Mary Cashen Company, just down from camp, states that the strike made by the Par Value Company on the 425-foot level of that mine is showing up better than first expected. The first shot, almost, broke down a chunk of ore and disclosed a body of good ore. This has been drifted on 35 feet, showing a continuous shoot with strong values still in the breast. The shoot showed only one foot on the start, but has widened out to five feet wide. The values ran at first about $30 a ton, but on the second lot taken out the assays are showing an average of $68 a ton. Two cars have already been prepared for shipment, while a third is getting ready.

Mr. Edsall said that it looked like a permanent thing."—Mining Record, Colorado Springs, Sept. 8, 1902.

The shareholders of the company include leading business and professional men of Pittsburgh and vicinity. It is virtually a home enterprise, managed by local men. The directors include bank officers, merchants, manufacturers and professional men of the highest character, and the affairs of the company are conducted on business principles in the interest of all the stockholders, as are all meritorious companies.

The general manager of the company is now in Pittsburgh, direct from the mines, and will be pleased to give particulars in person of the work and properties at our offices.

For prospectus, maps and reports of those who have visited and examined the properties, including representative men from this locality, call on or address

WASHINGTON & CANONSBURG RAILWAY COMPANY 5% GOLD BONDS.

These bonds are free of tax and are dated July 1st, 1902, due July 1st, 1932, the total issue being $650,000, reserved $175,000 for underlying bonds and improvements.

This road has been operating for years in the City of Washington, Penna., and by this issue is extending its line to Canonsburg, Penna. (towards Pittsburgh), and *shows sufficient net earnings on its present earning capacity to more than pay the interest on the entire issue of bonds.*

Many towns and villages showing very heavy population are served by this line, which has been one of the very best in Western Pennsylvania.

The construction of this road shows 170-pound Carnegie Steel Rails, white oak ties, and the entire line ballasted with broken limestone. Overhead steel bridges on all steam railway crossings. St. Louis cars and Westinghouse motors.

Franchises very broad and perpetual.

FRANCIS J. TORRANCE, Pres.
GEORGE J. GORMAN, Treas.

We have examined this property carefully and recommend these bonds as a gilt-edged investment.

Local Stocks Were Quite Active, Some Sensational Advances Occurring

BANK SHARES AGAIN BROKE ALL RECORDS

Advances Scored Ranged from $5 to $95 Per Share for the Day.

ELECTRIC SECONDS BEGAN WITH A RUSH

The Price Reached a New High Record, Reacted and Rallied. Window Glass Was Firmer. Fire Proofing Common Higher.

The market on the Pittsburgh stock exchange yesterday was again quite active and unusually broad, the sales amounting to over 10,500 shares, which were distributed among 35 different securities. The tone was generally quite firm, with exceptional strength showing in some issues, while several scored sensational advances in price and reached new high records. The feature of the opening was pre-eminently in Westinghouse Electric seconds, which began the day with heavy transactions at 116½, a new high record. Later the stock reacted to 115, but at the close rallied to 116 and was firm at that price. The rally was due to a similar movement in the east, while the advance was based upon the reported enormous earnings of the company during the last year. Remarkable as are the figures which the gossips are circulating—80 per cent at the least, they say—yet there were many yesterday on the street who said they believed from what they had heard they were approximately correct. There are all sorts of rumors going, but nobody, apparently, has anything official, or if they have, they will not discuss it as "official," but merely as a report or rumor. The insinuation has been made for some days past that some one connected with the company and in a position to know has inadvertently or otherwise let slip some facts which will be fully corroborated at the annual meeting. Though the stock did not fulfill the expectation of the bulls yesterday their faith was not shaken and they were just as bullish at the close and afterwards as before the opening. The firsts were firmer and $1 higher, at 117, but at the close stood at 116½. The sales were small—only 110 shares. Westinghouse Airbrake sold only three shares, at 188½. Switch & Signal issues were neglected and apparently unaffected by the action of the directors in declaring only the usual dividends.

The banking group was easily the leader in sensational features, but no special reason was assigned for the various increases, other than that the earnings justified the prices. The greatest advance was scored by Fidelity Title & Trust, which sold 40 shares at $500 a share, a gain of $95, between sales. Colonial Trust jumped 885 to 875. Farmers Deposit National Bank, 850 to $1,350, and North American Savings Company 80 to $101, all being new high price records. In addition, Pittsburgh Trust, which sold unchanged at $695, jumped to $706 bid, a new high record, while Dollar Savings Fund & Trust Company of Allegheny also made a new high record at $272 bid. Second National Bank of Pittsburgh gained $5 at $800. Cosmopolitan National lost 1½ at 103½. Allegheny Trust was $3 50 lower at $150, and Real Estate Trust declined $1 to $294 50.

In the general list Window Glass common scored a substantial rally by selling up $1 to 62½, nearly 1,100 shares changing hands. Crucible Steels were much less active and fractionally lower. United States Steel common also declined fractionally. River Coal issues advanced slightly on small dealings, while Pittsburgh Coals suffered small losses and were comparatively dull. Decided strength was shown in Pittsburgh Brewing common, which sold down 1,250 shares and went up to 32¾, closing at 32½, a gain of ¾ for the day. National Fire Proofing common was another strong issue, selling over 900 shares and closing with a gain of 1¼ at 32. The preferred was quiet but firm at 89½. Bulls on the common say it has made a beginning at last, and is now in for a good big move and advance. Bonds were dull but firm.

PITTSBURGH FEATURES.

Bank exchanges gained $3,299,259 36.

Sales Pittsburgh stock exchange, 10,552 shares and $9,000 bonds.

Fidelity Title & Trust was $95 higher at $500, a new high mark.

Colonial Trust jumped $65 to $565, a new high price.

Farmers Deposit National Bank made a new high record at $1,350, a gain of $50.

North American Savings Company scored a new high mark at $101, a gain of $9.

Electric seconds opened at 116½, a new high mark. Closed at 116.

Window Glass closed at 62½. Sales, 1,096 shares.

Crucible Steel closed at 23 and the preferred at 87¾.

United States Steel common closed at 41¾. The preferred was offered at 91⅞.

Pittsburgh Coal common declined ⅛ to 31⅛.

Pittsburgh Brewing common advanced ⅝ to 32½.

Fire Proofing common advanced 1¼ to 32.

The following is a complete summary of yesterday's official transactions on the Pittsburgh stock exchange. It shows the change in the closing selling prices, compared with the last preceding sales, the total sales of each security, the opening, high, low and closing prices and final bids and offers:

FINANCIAL DRIFT.

Russell Sage was at his office yesterday.

R. C. Hall sold Cosmopolitan National bank at 103½.

Hall bought Manufacturers Light and Heat at the close.

Austin offered 50 Pennsylvania Railroad at 84 at the close.

Schoyer sold Crucible Steel preferred. Holmes and Miller bought.

Hill & Co. were the largest buyers of Pittsburgh Brewing common.

Preston, Watt & Schoyer were buyers of Window Glass common at the close.

R. C. Hall bought North American Savings Co. at 101, a new high record.

Hill & Co. offered 5 for United States Steel common at 41¾, which was taken.

McMullin offered 400 Pittsburgh Coal common just before the close at 31⅞.

The trading in Colonial Trust was pretty widely distributed among the brokers.

Whitney & Stephenson were still buying Second National Bank of Pittsburgh.

Masten & Co. bid 34 for 500 Allegheny Valley Railroad preferred shortly after 2 p. m.

R. E. Miles was the principal seller of Real Estate Trust. Hall also sold. The buying was scattered.

Whitney & Stephenson bought River Coal common at the close. Doty & Sutton and Lawrence sold.

Hill & Co. and R. C. Hall sold United States Steel common. Miller was the principal buyer, getting 400 shares.

Robinson Bros. bought Crucible Steel common. Carothers & Co. turned sellers. Hill was also a buyer.

Robinson Bros. bought 100 Allegheny Valley Railroad preferred at 32¾ and a moment later sold it at 33½.

At the opening Sproul & Co. sold 750 Westinghouse Electric seconds at 116½ and 116. Carothers & Co. got 400. Later Sproul sold 200 more and then began to buy. Masten & Co. and McMullin also bought.

Holmes was the only seller of Fidelity Title and Trust Company. McMullin, Hall and Whitney and Stephenson bought.

The first sale of the day was in Westinghouse Electric seconds at 116½. The last was five Real Estate Trust at 294½.

A. J. Lawrence sold 10 Farmers Deposit National bank at 1,350, a new high record, to Whitney & Stephenson. The price was a jump of 500 on the sale.

The Western Maryland Railroad Company has decided to issue $25,000,000 of bonds. This action was taken at a recent meeting of the directors of the company.

The annual meeting of the stockholders and debenture mortgage bondholders of the Wabash railroad will be held at Toledo, O., October 14. Thirteen directors will then be elected.

Judge McPherson, in the United States district court at Philadelphia, and Judge Kirkpatrick, in the United States district court at Trenton, yesterday appointed A. K. Brown of this city and Henry J. Reed of Camden, N. J., receivers for the American Alkali Company. Mr. Brown is president of the company.

This market differs from all others inasmuch as it is closely made by the big men. In view of this, unless something acute happens, we do not think that the setbacks will be very great. When a break in this market comes it will most likely be a violent one, such as we had in '98, when we got all our decline in two days.—Wall Street Wire.

Heavy cash and interest disbursements for September on railroad and industrial stocks and bonds, according to those already announced, will amount to $42,105,342. These payments in interest and dividends amounted to $46,627,658. The reduction of $522,316 in dividend from 88 to 85 per share for the third quarter accounts for as much as $3,000,000 of the difference.

Despite the dispatches from Denver to the effect that John W. Gates has transferred his entire interest in Colorado Fuel to persons who left Chicago for the Colorado interior, the report is absolutely no truth in the statement," says he, "and I wish to deny it in most vigorous terms. The report that Mr. Gates has transferred his holdings to Mr. Gould is also emphatically denied."

The directors of the Baltimore & Ohio Railroad Company have authorized the issue of $2,500,000 of the unissued preferred stock. This is equal to a 20 per cent allotment of stock at par to existing issues both preferred and common, including debentures and voting trust certificates now outstanding. The new issues will pay four months' interest. The money required, $20,000,000 to be used for this purpose. Over one-half of this amount will be used to double track the line from along the more important points and $10,000,000 will go to pay for stocks, bonds and other securities recently acquired.

Big Sales of Sugar to Fruit Canners

PITTSBURGH PRICES FOR FARM PRODUCTS

Potato and Apple Market Stronger—Watermelons Take a Drop.

Hay, Grain and Feed.

Receipts bulletined: Pennsylvania lines, 11 cars oats, 20 cars hay, 1 car rye, 3 cars corn, 2 cars feed; Baltimore & Ohio railroad, 1 car hay, 1 car feed, 1 car straw; Pittsburgh & Lake Erie railroad, 6 cars hay; 2 cars oats, 1 Ford advanced from Western railroads, 2 cars hay. Total receipts, 62 cars.

Following are the official quotations for hay, milfeed, corn, oats and straw, corrected by the superintendent of the Pittsburgh grain exchange:

Straw—Car lots, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@9 00.

Hay—No. 1 new, $15 75@16 00; No. 2 new, $14 00@14 50; No. 1 mixed, $11 00@12 50; No. 1 clover, $11 00@12 00; prairie, $9 00@10 00; packing, $8 00@9 00; loose from wagon, $16 50 gal ton.

Wheat—No. 2 red winter, 61@62c f. o. b. cars within a radius of 50 miles of Pittsburgh.

Corn—No. 2 yellow, shelled, 60@60½c; high mixed, 58@59c. No. 2 mixed, 60@60½c. No. 2 yellow ear, 75@76c; high mixed, 72@74c; No. 2 mixed, 69@70c.

Oats—No. 2, new, white, 37@37½c; extra No. 3, 36½@36¾c. No. 3, 36@36½c.

Millfeed—White middlings, per ton, No. 2, $19 00@20 00; brown, $17 00@17 50; bran, $16 00@16 50.

Groceries.

Sugar is the leading commodity in the grocery market this week, big sales being reported from all quarters. The bulk of the sugar sold is granulated, wanted largely for canning. Contrary to expectation, the price has not advanced materially and still rules about 30c a hundred pounds lower than at the same time last year.

Flour—Jobbers' prices: Fancy spring patents, $4 10@4 15; fancy winter patents, $3 80@3 90; fancy straight winters, $3 60@3 70; fancy spring, $3 00@3 60; rye, $3 45@3 60; graham, $4 00@4 50; cornmeal, bbl, $3 65@3 80; 10-lb cotton bags, 19@21c.

Sugar—Standard granulated, 4.80c; fine, 4.80c; 2-lb cartons, 5c; 5-lb jute bags, 4.95c; powdered, 4.60c; powdered xxxx 4.35c; cubes, 5.05c; cut loaf, 5.05c; confectioners' A, 4.65c; coffee A, 4.60c; New York crushed, 5.05c; Yellow, 4.30c; No. 1 yellow, 4.30c; No. 2 yellow, 4.25c. No. 5 do, 4.20c. Quotations are for Pittsburgh and Allegheny wagon delivery. Add 5c per 100 lbs for rail shipments to points within a radius of 50 miles of Pittsburgh.)

Cereals—Rolled oats, bbl, $5.00; bbl, $2 65; packages, $2 45@3 00; oatmeal, bbls, $5 50; kegs, $2 90.

Molasses—Fancy refined, 30@32c; choice do, 26@29c; prime do, 22@25c; new open kettle, 37@40c; fancy sugar syrup, 30@32c; sugar and cane, 28@31c; syrup in 2½-lb tin cans, $1 05; 5-lb tin cans, $1 20; 10-lb, $4 00 per dozen.

Coffee—Roasted, bulk, Rio, 14½@12c; Santos, 22½@23½c; Maracaibo, 17@17½c; Peaberry, 17@18c; Caracas, 19@19½c; Golden Rio, 14@15c; Java, 26@29c; Mocha, 25½c; standard Bourbon, 24@25c. 40c tea (with rebate of 8c allowed to retailers); high grades, 1-lb packs, 34@36c.

Beans—Prime Marrow, bu, $2 45@2 50; H. P. navy, $2 00@2 05; red kidney, $2 05@2 10; California lima, 6½c.

Peas—Dried peas, $1 95@2 00; Scotch, per bu, $2 10@2 15; split peas, bu, $2 15; less, 4c per lb.

Rice—Carbon, 110 deg., 6c; headlight, 9½c; water white, 10c; Elaine, 13½c; Ohio W. W. test, 9½c; miners' Lewis, 11½@12c; special brands, 20@25c; prime refined, 6c.

Dried Fruits—Extra fancy prunes, 7½@7¾c; fancy Japan, 5c; choice Carolina, 6@6½c; prime Carolina, 4½@5¼c.

Salt—No. 1, $1 60 bbl; No. 1 extra, $1 30; dairy, $1 00; granulated rock, 95c sack; packer salt, $1 55@1 85.

Fish—No. 2 mess, mackerel, bbls, $23 00; half bbls, $12 50; quarter bbls, $6 75; 20-lb pails, $2 75; 10-lb pails, $1 50; No. 2 mackerel, new, bbl, $15 25; half bbl, $7 75; quarter bbl, $4 00; 10-lb pails, 97c; lake herring, 100 lbs, $4 10; 50-lb quarters, $1 75; 10-lbs, 62c.

Canned Goods.

Standard pie peaches, 80@85c; gallon pie peaches, $2 25@2 50; California, 2½ C peaches, $1 60@2 35; Michigan peaches, $1 15@1 65; California Y. P., $1 80@2 00; corn, fancy brands, 90@91 00; corn, 82½@85c; California cherries, light, $1 20@1 30; Lima beans, 80c; 3-lb can, 90; soaked Lima beans, 75@80c; string do, 95c@$1 25; marrowfat peas, 95c@$1 00; early June peas, $1 00@1 30; soaked peas, 85@95c; New York peas, $1 00@1 10; pineapples, $1 20@2 25; Damson plums, $1 00; California plums, $1 40; raspberries, 85@95c; gooseberries, 85c@$1 00; standard tomatoes, 97½c@$1 05; fancy, $1 20@1 30; salmon, 8oz 1-lb cans, $1 00@2 05; succotash, 1-lb cans, 65c@$1 40; chipped beef, 1-lb cans, $2 50@2 75; corned and roast beef, 1-lb cans, $2 50@2 75; corned beef, cans, $1 50@1 60; deviled, 2 and 5-lb cans, broiled, $1 75@2 00; sardines, domestic, ¼s, $3 35@3 50; mustards, ¼s, $3 00; French, $7 00@14 25; oysters, 1-lb full weight, 65c@$1 25; 1-lb lunch, flat cans, $1 10; baked beans with tomato sauce, 86c@$1 40.

Dried Fruits.

Evaporated apricots, in bags, 8½@9c; 25-lb boxes, 9@12c; apples, 5c in bulk, 10c; 1-lb cartons, 10@11c; peaches, 8@12c; raisins, loosed, 1-lb pkgs, 6½@6c; raisins, Muscatel, 2 and 4-crown, 60-lb boxes, 6¾@8c per lb; Ondaria, Valencia, 8¾@9c; California Valencia, 7c; raspberries, 25½@27½c; currants, cleaned, 5c and 50-lb pkgs, 6¾@7c; California prunes, 3¾@8½c.

Fruits and Produce.

The potato market is stronger than for several days, the cool weather having helped both it and the apple market materially. Rose potatoes advanced 10c a barrel yesterday and southern potatoes 5c a bushel. Indiana and Maryland cantaloupes dropped while Rocky Ford advanced 25c a crate. Receipts of cars of watermelons from Maryland and Indiana sent the price down about $3 00 a hundred, the quotations standing now at $12 00 to $15 00 a hundred.

Apples—Maiden Blush, per bbl, $2 00@3 00; cooking apples, $1 50@2 00; other fancy varieties, $2 00@2 50.

Potatoes—Rose, per bbl, $1 75@2 00; per bu, 50@60c. Virginia sweet potatoes, per bbl, $1 50@1 75; Jersey, $3 00@3 25; Jersey mediums, $1 75@2 00.

Carrots—Per doz bunches, 20@25c.

Cucumbers—Home grown, 40@50c.

Onions—Per bbl, $1 75@2 00.

Cabbage—New cabbage, home grown, per bbl, $2 00@3 00.

Cider—New sweet apple juice, bbl, $4 50@5 00; old sharp apple juice, bbl, $1 50@3 00; choice crabapple, bbl, $5 00@6 00; refined apple juice, gal, 12@15c; Duffy's 15-gal kegs, $3 00; 10-gal kegs, $2 00; Ohio and Pennsylvania cream, 20@20½c; dairy butter, 14½@15½c; fresh country roll, 15@16½c; cooking butter, 12@14c.

Cheese—New York full creams, 12@12½c; Ohio, 11½@12c; ¾ cream, Ohio, 10½@11c; Ohio Swiss, tubs, 13½@14c; Wisconsin Swiss, tubs, 10½@10c; 20-lb block cheese, Swiss, 14@14½c; 5-lb brick cheese, 13½c; limburger, 12¾@13c.

Eggs—Fresh, at mark, 19@19½c per doz; candled, 20½@21c; selects, 21@21½c.

Poultry.

The first shipments of spring turkeys are arriving from Ohio and the price ranges from 14c to 15c a pound. Old turkeys remain firm at 12c. Receipts of chickens are light, but there has been no change in the quotations.

Live—Hens, per lb, 13@14c; broilers, 14@14½c; roosters, 9c; turkeys, 12c; spring turkeys, 14@15c; geese, 8@9c; ducks, old, 12c; ducks, spring, 13c to 14c.

Dressed—Hens, 13@13½c; broilers, 17@18c; drawn roosters, 12@13½c; turkeys, 16c; Long Island, 14@16c; ducks, spring, 17@18c; Long Island ducks, 20c.

Provisions.

Large hams, 18 lbs and up, 12¾c; medium hams, over 14 to 18 lbs, 13c; small hams, over 10 to 14 lbs, 13c; small hams, 10 lbs and under, 13½c; skinned hams, 13¾c; boneless boiled hams, 20½c; California hams, 10c; shoulders (New York cut), 10¾c; shoulders (regular), 11½c; breakfast bacon (rib), 10 to 12 lbs, 15¾c; breakfast bacon (rib), 12 to 14 lbs, 15½c; breakfast bacon (rib), back strips, 15½c; breakfast bacon (clear), 8 to 10 lbs, 16¾c; breakfast bacon (clear), 10 to 12 lbs, 16c; breakfast bacon (clear), back strips, 15¾c.

Dry salt meats—Sides (extra short clears), 12¾c; bellies, over 20 to 25 lbs, 13c; bellies, from 16 to 20 lbs, 13¼c; bellies, under 16 lbs, 13¼c.

Dry salt smoked meats—Sides (extra short clears), 13¾c; bellies, over 20 to 25 lbs, 14c; bellies, from 16 to 20 lbs, 14¼c; bellies, under 16 lbs, 14¼c.

Lard—Pure lard (tierces), 11c. The advance for smaller packages over tierces is as follows: Tubs (about 740 lbs), ¼c; half bbls (about 400 lbs), ½c; 3-gallon pails (about 36 lbs net), 60 lbs net, 60 lbs gross), 1c; 1-gallon pails (about 12 lbs net), 60 lbs net, 60 lbs gross), ¼c; wooden buckets, net, 20 lbs, ¾c; 50-lb tin pails (one or two in a case), ½c; 10-lb tin pails (6 in a case), ¾c; 5-lb tin pails (12 in a case), ¾c; 3-lb tin pails (20 in a case), 1c.

Seeds.

Clover—From store, recleaned, 60-lb bu, small, $5 70@5 80; mammoth, $5 80@5 90; crimson, $4 75@5 00; white Dutch, $10 00@11 00; alsike, $10 00@10 50; alfalfa, $7 10@7 20; millet, $1 65@1 70; Hungarian grass, 90c@$1 10; lawn grass, 18@20c per lb; blue grass, 14-lb bu, $1 50@1 75; red top, 14-lb bu, $1 10@2 00; timothy, $2 05@2 15.

Hides.

No. 1 green steer hides, heavy, 11c; do light, under 60 lbs, and cows, all weights, 8c; No. 1 green bulls, 7c; calfskins, No. 1, 11c; No. 2 calf, 8c.

Green salt or cured hides—No. 1 steers, over 60 lbs, 10½c; cows and light steers, 8¾c; No. 2 hides, 1 cent reduction; No. 1 calfskins, 11c; No. 2 calf, ½c less.

OVER $3,299,000 GAINED.

Pittsburgh Bank Exchanges for Yesterday Far Ahead of Those for Last Year.

Pittsburgh bank exchanges for yesterday showed an enormous increase compared with those for the same day last year, amounting, in fact, to something over $3,299,000. This is the largest increase for a day in months. Compared with the preceding Thursday, there was also a gain of about $1,000,000. The local money market continues quite firm, with the rate for call and time loans at 5@6 per cent. The official clearing house reports in detail for the days mentioned are as follows:

	Exchanges.	Balances.
Yesterday	$8,103,855 73	$1,654,786 59
Previous Thursday	7,630,319 75	969,148 04
Last year	5,304,026 37	587,461 21
Yesterday's increase	$3,299,259 36.	

Reports from other cities were:

NEW YORK, Sept. 11.—Exchanges, $297,835,628; balances, $4,202,191.

BALTIMORE, Sept. 11.—Clearings, $4,437,590; balances, $847,350; money, 5 per cent.

PHILADELPHIA, Sept. 11.—Clearings, $16,397,389; balances, $2,498,281; money, 6 per cent.

BOSTON, Sept. 11.—Exchanges, $21,000,000; balances, $1,328,749.

ST. LOUIS, Sept. 11.—Clearings, $9,148,607; balances, $1,433,564; money steady at 5@6 per cent; New York exchange, 25c discount.

CHICAGO, Sept. 11.—Clearings, $23,763,047; balances, $5,630,960; posted exchange, $4 84½ for 60 days; $4 87 on demand; New York exchange, 20c discount.

CINCINNATI, Sept. 11.—Money, 4@6 per cent; New York exchange, 10c discount; clearings, $3,425,700.

Wall Street Brokers' "Tips."

We hear bull talk on Louisville & Nashville.

I think Brooklyn Rapid Transit will be put higher.

Bull St. Paul on increased dividend action, but keep some of the stock, better get long of Steels and Tennessee Coal and Iron. Brokerfellers are very bullish on Missouri, Kansas & Texas, Baltimore & Ohio, Pennsylvania, Denver and Louisville & Nashville are going better. Further rise in Pere Marquette and the Pacific coast stocks is assured.

News from The Mines

(By Private Wire to The Gazette.)

NEW YORK, Sept. 11.—Salt Lake and eastern capitalists have bought the Silver Key and Keystone groups at Park City for $175,000. The property consists of 12 claims adjoining the Keith-Kearns and Daly-Judge mines. At a depth of 400 feet a vein 15 feet wide between walls is uncovered, the ore from which, according to smelter returns, runs 10 per cent copper, $8 gold and 18 per cent lead.

The Drum Lummon Company has taken an option on the Strawberry, in Shelby gulch, near Helena, Mont. The purchase price is $100,000. Ore assaying 12 per cent copper, $6 15 gold and 35 ounces silver has been struck in the Colorado, in the Big Hole district. Silver Peak ore, with values in copper, gold and silver, also has been uncovered in the Standard.

A dispatch from Boise, Ida., says the Jumbo Buffalo Mining has changed hands. The final clean-up from the four-stamp mill on a 15-days' run amounted to $25,000.

The Planet Saloon, east of Congress Junction, Ariz., has been bought by New Yorkers for $435,000. The mine is well developed.

Senator W. A. Clark is reported to have bought the McVey copper claims on Joe creek, near the Siretyma properties, Cal. The price was $200,000. The claims are rich in sulphide ore.

A big vein of high-grade copper ore, carrying some gold, has been struck in the Sandia mountains, in Santa Fe county, N. M.

Sumpter, (Ore.) sends a rumor that the Cougar mine, in the Granite district, is to be sold for $2,000,000. It is said English and eastern capitalists are at back of the deal.

The Metal Market.

Copper was very dull in the New York market today and price changes were slight. Standard closed at $11 20@11 60; electrolytic at $11 75@11 90; casting at $11 75@11 90, and Lake Superior at $11 87½@12 12½. An advance of be was reported from London, where spot closed at 103 12s 6d and futures at 104. Sales of about 10 tons of pig tin for September delivery at $27 00 was reported in the local market, but prices were barely maintained, though the market closed moderately steady, with spot at $27 00@27 20. Futures in the London market closed at £119 15s and spots at £124 10s, or at an advance of 10s. Lead was quiet and unchanged from $4 12½. Here and the London market also was unchanged at £10 17s 6d. Spelter continues quiet at 5½c here; London closed

SAYS CLIENT WAS APPROACHED TO SETTLE A SUIT

Lawyer Price Makes Startling Accusation in Criminal Case.

PROPOSES TO MAKE IT HOT FOR POLICE

Attorney Ridicules the Alleged Activity of Department and Demands That District Attorney Show Him a Similar Case.

"My client was approached since this persecution began and told that if she would withdraw her suit against the officials of the Pittsburgh police department for false arrest the case tried today, charging her with keeping a house of ill repute, would be withdrawn and she would not be prosecuted.

"The whole affair is simply being carried out to prepare a defense for the police in the case she has brought against them for false arrest. They think that if they convict her of the charge they can use it in her suit against McAleese and others. Well, we may surprise them before we are through with this matter. I propose to push the affair to the bitter end, and before I am through with them they will know they have been up against the real thing."

The above charges were made by Attorney William M. Price shortly after the trial of Nellie Hogan in criminal court. Attorney Price started a crusade against disorderly houses because he insisted that the police department was attempting to punish Nellie Hogan for entering suit against Superintendent McAleese when he had her arrested and detained in Central station, believing she knew something about the hiding place of Silas Carter, who killed Policeman Sheehy. When she was sweated and refused to give up they reluctantly released her, after which she entered suit. Her son was then arrested, and later Nellie Hogan was arrested and held for criminal court.

Only Case on the Docket.

In his address to the jury Attorney Price stated that while the city was filled with disreputable houses this was the only case of the kind on the court dockets; that the police were simply persecuting the woman, and that it was a case of making fish of one and flesh of another. The jury, however, was composed of men residing outside the two cities, and Nellie Hogan was convicted. Attorney Price said if they had understood the conditions she would have been acquitted, but that it makes little difference, as he intends to make it warm for the police department when Nellie Hogan's case comes up.

Inspector Fred Will, Assistant Superintendent of Police W. P. Wilson, ex-Captain of Police George B. McClelland and other policemen testified that the defendant's house was one of ill-repute. The house was at No. 1326 Poplar alley.

Mrs. Hogan denied that she ran the house, and said that she rented two rooms from Silas Carter and paid him for them each month. She said that she had never sold any beer or whiskey in the house, but roomers who rented from Carter brought beer and whiskey with them.

Pocahontas Liz Convicted.

Lizzie Moyer, colored, was found guilty of felonious assault and battery and was sentenced to the workhouse for four months. The defendant is better known as "Pocahontas Liz." On August 4 she cut Sadie Wright on the head during a fight in a saloon on Wylie avenue. The Wright woman, who inflicted several wounds on "Pocahontas Liz," was found guilty of simple assault and sentenced to the workhouse for 30 days.

Silas White pleaded guilty to pointing a revolver at J. W. Reed, and was given six months to the workhouse.

Samuel McAlpine was found guilty of a charge of unlawful wounding and cutting, preferred by Powell Price. The litigants are colored and were bell boys at the Hotel Anderson previous to June 2, on which date they became involved in a quarrel. Sentence was not imposed.

An attempt was made to transfer Mrs. Nellie McWilliams, who is a prisoner in the county jail charged with the murder of her husband, John McWilliams, to a hospital. Judge Collier refused to allow the transfer.

HE KILLED A NEGRO.

Italian Who Wanted to Become a Citizen Staggered the Court By an Answer.

Judge Frazer was badly shocked yesterday by the bluntness of a foreigner who asked to be naturalized. The applicant was Raffallo Majorano, a rather intelligent Italian. After the court had put the usual questions it was asked of the Italian whether or not he had ever been in trouble.

"Yes," said Majorano.

"What was it?" Judge Frazer asked.

"Oh, a little trouble," was the answer.

"Well, what was it; were you ever arrested?" impatiently inquired the judge.

"Oh, yes; I was arrested all right," answered the applicant.

"What for?" demanded the court.

"For killing a nigger," answered Majorano.

An investigation showed that Majorano is the man who shot William Moseley, a colored burglar, at his home on the night of August 23, and that his case will soon come before the grand jury. The papers will not be granted until the case is disposed of.

Alleges Girl Was Spirited Away.

Habeas corpus proceedings were begun for Clara Schwab by her aunt, against Joseph Nuchley and wife. It is alleged that Clara was spirited away from her home at 6 Lyman P. L., on August 4, by the respondents, and that they are illegally detaining her at their home on Fenton avenue, Sheraden.

Guilty of Second Degree.

The jury returned a verdict of murder in the second degree against Garfield McIntyre, who was tried for killing William Mitchell. Both men are colored.

New Suits Filed.

New suits were entered as follows:

COMMON PLEAS NO. 1.

Plaintiff. Defendant. Action
Frank Kinast—John Glenn.....Tres
Sarah B. Moore—Henry Phipps.....Eject
Thomas M. Bonner—Charles E. Williams..Assp

SUIT FOR INSURANCE

Creditors Charge Bankrupt With Concealing $15,000 Worth of Property—Petitions in Bankruptcy.

The Hostetter Company of Pittsburgh entered suit yesterday in the United States circuit court against the St. Paul Fire and Marine Insurance Company of St. Paul, Minn., to recover $3,457 48 on a policy.

The plaintiff sets forth that in December, 1895, it took out a $5,000 policy in the defendant company through Mahan & Henderson, agents in Pittsburgh, to insure goods shipped by the plaintiff against unavoidable danger of navigation or accidents to a railroad car conveying them. In April last the Hostetter company shipped 1,000 boxes of goods valued at $8,500, to New Orleans on the steamboat John R. Speed. The boat, with its cargo, was consumed by fire at the wharf in New Orleans. Part of the plaintiff's shipment was destroyed and it sues to recover on the policy, which the defendant refuses to pay.

The American Lumber Company and the National bank of McKeesport filed petitions in the United States district court objecting to the discharge of W. P. Wampler from bankruptcy. It is charged that the bankrupt allowed a large quantity of lumber to be taken from his yard in McKeesport and stored in Versailles borough; that he took lumber from his yard and built an addition to a house on Walnut street, McKeesport, after he was adjudged a bankrupt, and that, in November, 1901, the bankrupt and his wife, together with Ralph D. Wampler and wife, made a deed of trust to the McKeesport Trust Company, conveying many valuable pieces of land worth about $150,000, the conditions being that the trust company was to take care of the property, pay all taxes, etc., until January 1, 1903, and after paying certain liens against the property, to turn the balance over to the bankrupt's wife.

A petition in bankruptcy was filed against Lewis E. Shoup, a saloonkeeper of Allegheny, by creditors who allege that Shoup permitted an execution to be made against his estate by his wife for $9,000 with intent to defraud other creditors. A restraining order was granted by Judge Buffington against Mrs. Shoup, and Justus Mulert was appointed receiver.

An order was issued against the American Brewing Company and William T. Zoeller, restraining them from levying on the assets of Bert W. Boyd, against whom a petition in bankruptcy has been filed. Boyd is a saloonkeeper at No. 1924 Carson street. He filed his schedule yesterday, showing his liabilities to be $5,648 and assets $545.

AIDED MAN WHO CUT HER

Wife Employed Counsel to Defend Husband—Almost Murdered With a Hatchet.

Although she was almost cut to pieces by her husband, who alleged she eloped from her home in Buffalo and was residing with another man in Pittsburgh, Mrs. Pasquale Panaro employed Attorney Jerry Carney to defend her husband, who had been prosecuted by the police department on a charge of felonious assault and battery. She declined to appear against him, told Judge Stowe that the whole trouble was caused by her actions and that she was determined to make atonement.

Panaro pleaded guilty to a charge of aggravated assault and battery in criminal court yesterday, and the wife pleaded with the court to release him. Judge Stowe said that it was rather unusual for a woman who had been almost murdered and who was still carrying the bruises and cuts made by a hatchet to defend the perpetrator of the crime. While he admired the magnanimity of the wife, he is master of his policy for he would be compelled to carry out the law. He made the sentence light, however, giving Panaro six months in the workhouse.

BIGGERT IS RECEIVER.

Dispute Arises Over Contract Price for Duquesne Ice Company Plant.

Judge Frazer yesterday appointed John D. Biggert receiver of the Duquesne Ice Company in compliance with a resolution passed by its board of directors. The company has a capital stock of $200,000. All the common stock has been sold and $52,500 of the preferred stock remains unsold.

A dispute has arisen as to the amount that should be paid the contractor for the building of a plant and for that reason a receiver was requested.

ADDITIONAL EXCEPTIONS.

They Were Filed by James Keeling in His Suit Against the P., V. & C. R. R.

Additional exceptions were filed by Attorneys J. M. Shields and W. S. Thomas for James Keeling and others in their suit against the Pittsburgh, Virginia & Charleston Railway Company to restrain it from occupying certain property on the South Side. It was in this case that Judge Stowe declared ex-Mayor Diehl was not an officer of the city after the ripper bill became a law. The additional exceptions are as follows:

"The court erred in finding broadly as a matter of law 'the act of May 22, 1895, gives the city power whenever the authorities shall deem it necessary to vacate streets and alleys thereof, and this without petition or consent of property owners,' in that the said act of May 22, 1895, requires, as a condition precedent, that all ordinances shall be approved by the mayor, and at the time of the passage of the ordinances involved in this case the office of mayor had been abolished by the act of March 7, 1901."

"With the exceptions was the opinion of City Solicitor Carnahan that it is unsafe for the city to undertake street improvements without petition from the property holders.

EXECUTORS HAVE DIED.

Safe Deposit and Trust Company Gets Letters On Estate of William A. Caldwell.

The will of William A. Caldwell of Allegheny was filed for probate yesterday. The value of the estate is not given. John Caldwell, Jr., and George P. Hamilton were named as executors, but they are dead and letters testamentary were issued to the Safe Deposit and Trust Company.

The estate is to be divided into seven parts, as follows: John Caldwell, Jr., a brother, two parts; Letitia Holmes, a sister; Letitia C. Hamilton, a niece; Anna H. Smith, a niece, and Ada M. Caldwell, a sister-in-law, one share each, and Jennie E. and Mary B. Clst, one share between them.

TRUE BILLS FOR MURDER.

The Grand Jury Indicts Four Men Charged With the Crime. Other Returns.

The grand jury yesterday returned true bills in four murder cases, as follows:

Robert Burks, for the shooting of Philip Kissing, colored, of Homestead, on June 28, with a shotgun.

Buck Sanders, for shooting John Markoff, a miner of Boreland station, on June 15. Markoff died at the West Penn hospital on July 1.

Frederick Theis for stabbing and almost instantly killing Donato Fuseri, a miner of Heidleburg. The cutting was the result of a fight at a picnic on Henry Wishman's farm near Woodville, on June 22.

John J. Broderick for shooting William Larkin on June 27, the latter dying at the West Penn hospital the next day. The shooting occurred in the Alexander hotel, Penn avenue and Twenty-sixth street, and was the result of a political argument.

The following other bills were returned: True bills—Robbery, Charles Zimmerman, George Flanigan; larceny, Ann Adam (2), Mary Crump, Dennis Crafty, J. E. Jones, Michael Dougher, Philip McGowan, George Greenwood, William Loftus, Thomas Nestor, James and John O'Dowd, Fred Thomas; larceny by bailee, Stan Anesufski; felonious assault and battery, John and Sarah Devine, Joe Vergalanas; assault and battery, Lizzie Edkins, Samuel Jones, J. H. Moore; false pretenses, James Fay, J. K. Neagley, John A. Miller; selling liquor illegally, F. J. Fairly and John Falsely (2); pointing firearms, Joseph McCutcheon, Robert Smith; carrying concealed weapons, John Williams; horse stealing, Albert Moulton; forcible entry, etc., Charles Spencer; aggravated assault and battery, Frank Gribbin, Henry Wedlock.

Ignored bills—Assault and battery, Andy Borlok, Patrick Collins, Jr., Paddy Martin, Patrick McDonald; forcible entry, etc., Constantine Circosti; larceny by bailee, Louis and Kate Hoska.

LEGAL BRIEFS.

Frank Kinast yesterday sued John Glenn for $10,000, for alienating the affections of the plaintiff's wife, Catherine.

The Eclipse Laundry Company filed a bill in equity against John Wallace, to restrain him from driving for a competitive company for 60 days.

In nine cases brought by James M. Bailey against the city of Pittsburgh for damage to properties, verdicts were returned for the defendant.

Executions were issued as follows: Keystone Wood Company against C. B. Ferree & Co., $293 90; David Bernstein against the estate of Ida Matthews, $292 36.

A rule for judgment was made absolute in the suit of David T. Croxton against the David Casting Machine Company, the action to recover $500 royalty on a patent.

V. A. Powell, master in the divorce case of Emma Gill against Charles Gill, recommended a decree. It is alleged the respondent married Bridget M. Gordon while he was still the husband of the libelant.

Attorney George D. Riddle was appointed master and A. C. Coulter, Henry A. Breed and J. M. Witherspoon commissioners, in the partition of proceedings of Morris S. Verner against Priscilla M. Verner and others.

William Morris of West Deer township left a $12,300 estate to his widow and children. Andreas Dey of Pittsburgh bequeathed a $2,000 estate to his widow. An inventory and appraisement of the estate of William J. Ruch shows a valuation of $48,789 57.

Electment proceedings were begun by Sarah B. Moore against Henry Phipps, to get possession of a strip of ground running from Rebecca street to South avenue, Allegheny. A portion of property was sold by the plaintiff to the defendant and the strip was reserved as an alley. It is alleged the defendant has filled this up and it is being used as part of a ball ground.

A Despondent West Virginian.

WASHINGTON, D. C., Sept. 11.—John A. Hergerhimer, a telegraph operator of Rodamer, W. Va., made an unsuccessful attempt at suicide here last night by inhaling gas in his room at a hotel. He said he is unmarried and has no relatives except a sister, who lives in West Virginia.

Jim Dumps a daughter had who spent
Her strength on social pleasures bent.
So haggard and so thin she grew,
Her cheeks took on an ashen hue.
'Twas "Force" that soon returned her vim,
She's now as spry as "Sunny Jim."

"Force"

The Ready-to-Serve Cereal

makes the weak strong, the strong stronger.

Sweet, crisp flakes of wheat and malt—eaten cold.

Girls Must Be Well Fed.

"Between the ages of twelve and sixteen girls develop with great rapidity, both mentally and physically. The body must be well supplied with the materials out of which to manufacture energy and the elements of repair—in other words, girls must be well fed."
—Dr. Alice M. Hart, in "Diet in Sickness and Health."
